HEC LAT — GUESS PAPER 2027 (LAT 4) · Predicted Questions

Body: Higher Education Commission (HEC) · **Post:** Law Admission Test (LAT) — LAT 4 of 2027 · **Questions:** 75 predicted MCQs (Section I) · **Price:** Free

GUESS PAPER — predicted questions for LAT 4 of 2027, NOT a past paper. Every question below is a prediction: it is here because the same topic or the same fact appeared in verified LAT past papers (2019–2026). **No pass guarantee.** A guess paper raises the odds; it does not promise a result. Answers are the best-supported answers, not exam keys.

Flag — next sitting: the most recent LAT sitting in the archive is 6 Sep 2026 (LAT 4 of 2026), so this paper predicts LAT 4 of 2027, built on the 75-MCQ pattern (English 20, General Knowledge 20, Islamic Studies 10, Pakistan Studies 10, Urdu 10, Mathematics 5). This paper covers the 75 MCQs (Section I) only. The LAT also has Section II (Essay, 15 marks) and Section III (Personal Statement, 10 marks) — those parts are not predicted here and no marking for them is stated.

> **How to use this paper:** study the basis under each question, not just the answer — the real paper will ask the same topics in different words. Revise the underlying topic, not only the four options. Do not quote any item as "asked in the exam" — nothing here has been asked yet.
