Patrol & Motorway Officer (BS-14), National Highways & Motorway Police (NH&MP), Ministry of Communications — 2018 · Solved Past Paper

Body: Federal Public Service Commission (FPSC) · **Post:** Patrol & Motorway Officer (BS-14), National Highways & Motorway Police (NH&MP), Ministry of Communications · **Year:** 2018 · **Questions:** 100 in the original paper — **33 solved and verified**, 1 excluded as defective (Q12), 66 unrecoverable (Q35, Q36, Q37, Q38, Q39, Q40, Q41, Q42, Q43, Q44, Q45, Q46, Q47, Q48, Q49, Q50, Q51, Q52, Q53, Q54, Q55, Q56, Q57, Q58, Q59, Q60, Q61, Q62, Q63, Q64, Q65, Q66, Q67, Q68, Q69, Q70, Q71, Q72, Q73, Q74, Q75, Q76, Q77, Q78, Q79, Q80, Q81, Q82, Q83, Q84, Q85, Q86, Q87, Q88, Q89, Q90, Q91, Q92, Q93, Q94, Q95, Q96, Q97, Q98, Q99, Q100) · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2018 sitting.

Source note: testkaro.net quiz 'Motorway Police Patrol Officer 16 Jul 2018 Batch 3' (accessed 13 Nov 2026; 34 questions extracted in full from the quiz data file, with the site's own printed keys). The site labels the quiz 'TestKaro-created practice, not an official syllabus, paper, answer key, or publication', and its options are its own reconstruction; the site's JS shuffles option order at runtime, so the filed option order is the source's, not necessarily the original paper's. TestKaro's own page says this bank is 'noticeably shorter at just 34 questions and leaves out English and Mathematics entirely'. Second source generalknowledge.online day-recall page 'Today FPSC Patrol Officer 16th July 2018 Paper

Solved Questions with Answers' (34 recalled items, all matching the primary bank; its own keys are a candidate recall and were checked, not trusted — it wrongly keys the band as Turkish, the apple as Newton's Second Law, Khaybar's commander as Ali, and the Balochistan CM as caretaker Marri). 33 VERIFIED (including 1 printed-key correction: Q9 chief guest B->A President of Sri Lanka, confirmed by the day-recall page) + 1 DEFECTIVE-excluded (Q12 band: Jordan's army band performed in 2018 per Islamabad Scene 23 March 2018 and the foreign-contingent record, Jordan not among the options, printed key C Turkey is WRONG — Turkey sent troops; the Turkish band performed in 2017) + 66 GAPs Q35–Q100, all decided by the assistant under the owner's 8 Nov 2026 delegation. The 11 unplaced mcq-ai items from the 2019 Batch 1 paper were checked against this bank: none appears here either. Dedup 13 Nov 2026 vs all 77 live FPSC papers (6,942 stems): 0 exact matches, 0 first-8-word matches — not a duplicate paper. No live Patrol Officer 2018 paper exists (live index carries only the 2020 paper for this post).

Question 1 Pakistan Studies

Who was elected Chairman of the Senate of Pakistan in March 2018?

- A. Sadiq Sanjrani ✓ **Correct answer**
- B. Raza Rabbani
- C. Mian Raza Rabbani
- D. Farooq H. Naek

A. Sadiq Sanjrani, an independent senator from Balochistan, was elected Chairman of the Senate on 12 March 2018.

B. Raza Rabbani was the outgoing Chairman, not the one elected in March 2018.

C. The same person as Raza Rabbani, the outgoing Chairman.

D. Farooq H. Naek was a former Chairman, not the one elected in March 2018.

2 Pakistan Studies

How many total seats does the Senate of Pakistan (the upper house) have?

- A. 100
- B. 104 ✓ **Correct answer**
- C. 110
- D. 96

A. The Senate has more than 100 seats.

B. In 2018 the Senate of Pakistan had 104 seats (23 from each province, 8 from FATA, 4 from Islamabad).

C. The Senate never had 110 seats.

D. 96 is the Senate's strength after the 2018 merger of FATA (from 2024), not in 2018.

Question 3 Pakistan Studies

On which date were the Senate elections of 2018 held in Pakistan?

- A. 1 March 2018
- B. 2 March 2018
- C. 3 March 2018 ✓ **Correct answer**
- D. 5 March 2018

A. No Senate polling was held on 1 March 2018.

B. 2 March was the day before polling.

C. Polling for the 2018 Senate elections took place on 3 March 2018.

D. No Senate polling was held on 5 March 2018.

As of mid-2018, who was serving as Pakistan's Permanent Representative to the United Nations?

- A. Aizaz Ahmad Chaudhry
- B. Munir Akram
- C. Maleeha Lodhi ✓ **Correct answer**
- D. Masood Khan

A. Aizaz Ahmad Chaudhry was Foreign Secretary and later Ambassador to the US, not Permanent Representative to the UN in 2018.

B. Munir Akram served as Permanent Representative earlier (2002–2008) and again from 2019, not in mid-2018.

C. Maleeha Lodhi served as Pakistan's Permanent Representative to the United Nations from 2015 to 2019.

D. Masood Khan served as Permanent Representative earlier (2012–2015), not in mid-2018.

Question 5 General Knowledge

Which team lifted the ICC Champions Trophy in 2017?

- A. India
- B. Pakistan ✓ **Correct answer**
- C. Australia
- D. England

A. India were the runners-up and defending champions, losing the final to Pakistan.

B. Pakistan won the 2017 ICC Champions Trophy, beating India by 180 runs in the final at The Oval on 18 June 2017.

did not win the 2017 Champions Trophy.

D. England hosted the tournament but did not win it.

Question 6 General Knowledge

Russia hosted which major international football event in 2018?

- A. UEFA Euro
- B. Copa America
- C. FIFA World Cup ✓ **Correct answer**
- D. Confederations Cup

A. UEFA Euro 2016 was held in France; the 2018 event in Russia was the World Cup.

B. The Copa America is South America's championship, not held in Russia in 2018.

C. The 2018 FIFA World Cup was held in Russia from 14 June to 15 July 2018.

D. The Confederations Cup was held in Russia in 2017, not 2018.

Question 7 General Knowledge

Vladimir Putin was re-elected as President of Russia in which year?

- A. 2016
- B. 2018 ✓ **Correct answer**
- C. 2019
- D. 2020

A. Putin was not re-elected in 2016 (no presidential election was held in Russia that year).

B. Vladimir Putin was re-elected President of Russia in the March 2018 election.

C. No Russian presidential election was held in 2019.

D. No Russian presidential election was held in 2020.

In 2018, the UK Prime Minister Theresa May belonged to which political party?

- A. Labour Party
- B. Liberal Democrats
- C. Conservative Party ✓ **Correct answer**
- D. Scottish National Party

A. Theresa May was not a member of the Labour Party.

B. Theresa May was not a member of the Liberal Democrats.

C. Theresa May, Prime Minister from 2016 to 2019, led the Conservative Party.

D. Theresa May was not a member of the SNP.

Question 9 Pakistan Studies

Which head of state was the chief guest at Pakistan's 23 March Parade in 2018?

- A. President of Sri Lanka ✓ **Correct answer**
- B. President of Turkey
- C. King of Saudi Arabia
- D. President of Nepal

A. Sri Lankan President Maithripala Sirisena was the guest of honour at the Pakistan Day parade on 23 March 2018.

B. The printed key, but wrong: the Turkish President was not the 2018 guest of honour.

C. The King of Saudi Arabia was not the guest of honour at the 2018 parade.

D. The President of Nepal was not the guest of honour at the 2018 parade. NOTE: the day-recall page for this sitting also keys the Sri Lankan President.

10 General Knowledge

What is the length of one term of office for the President of the United States?

- A. 3 years
- B. 4 years ✓ **Correct answer**
- C. 5 years
- D. 6 years

A. The US President's term is not 3 years.

B. Under the US Constitution the President is elected for a term of four years.

C. Five years is the term of Pakistan's National Assembly and President, not the US President.

D. Six years is the term of a US senator, not the President.

Question 11 General Knowledge

Following the 2017 UK general election, which was the third-largest party in the House of Commons?

- A. Liberal Democrats
- B. Democratic Unionist Party
- C. Scottish National Party ✓ **Correct answer**
- D. Green Party

A. The Liberal Democrats won only 12 seats in the 2017 election.

B. The DUP won 10 seats in the 2017 election, fewer than the SNP.

C. After the 2017 general election the SNP, with 35 seats, was the third-largest party in the House of Commons.

D. The Green Party won only 1 seat in the 2017 election.

12 Pakistan Studies

A military band from which country performed during Pakistan's 23 March 2018 Republic Day celebrations?

- A. Saudi Arabia
- B. China
- C. Turkey
- D. Azerbaijan

No answer is given for this question, and none is taught. No correct option — DEFECTIVE-excluded (decided by assistant under owner's 8 Nov delegation; printed key C "Turkey" is WRONG)

A. Saudi Arabia sent special forces to the 2018 parade, not an army band.

B. China sent no band to the 2018 parade (a Chinese contingent marched in 2017).

C. The printed key, but wrong: Turkey sent a troop contingent to the 2018 parade; the Turkish Janissary band performed at the 2017 parade, not in 2018.

D. Azerbaijan sent no band to the 2018 parade. The band that marched and performed in 2018 was the Jordanian Armed Forces Band — and Jordan is not among the options, so the question has no correct option.

Question 13 Pakistan Studies

Under the Constitution, a directly elected Prime Minister of Pakistan holds office for a term of:

- A. 4 years
- B. 5 years ✓ **Correct answer**
- C. 6 years
- D. 7 years

A. The Prime Minister's tenure is not 4 years.

Minister serves for the term of the National Assembly, five years, unless the Assembly is dissolved sooner.

C. Six years is the term of a senator, not the Prime Minister.

D. The Prime Minister's tenure is not 7 years.

Question 14 Pakistan Studies

Who was serving as Chief Minister of Balochistan in mid-2018?

- A. Sanaullah Khan Zehri
- B. Nawab Aslam Raisani
- C. Abdul Quddus Bizenjo ✓ **Correct answer**
- D. Jam Kamal Khan

A. Sanaullah Zehri was Chief Minister of Balochistan until January 2018, when he resigned.

B. Aslam Raisani was Chief Minister of Balochistan from 2008 to 2013, not in 2018.

C. Abdul Quddus Bizenjo, who became Chief Minister in January 2018, was the elected Chief Minister of Balochistan for most of 2018 and is the paper's keyed answer.

D. Jam Kamal Khan became Chief Minister of Balochistan only after the July 2018 general election. NOTE: the caretaker Chief Minister Allauddin Marri (from 8 June 2018) is not among the options; the day-recall page keys him, but the paper's option set points to the elected Chief Minister.

Question 15 General Knowledge

As of 2018, who headed the Saudi-led Islamic Military Counter Terrorism Coalition (IMCTC) as its commander-in-chief?

- A. General Qamar Javed Bajwa
- B. General (Retd) Raheel Sharif ✓ **Correct answer**
- C. Prince Mohammed bin Salman

A. General Bajwa was Chief of Army Staff of Pakistan, not the commander of the coalition.

B. General (Retd) Raheel Sharif, former Chief of Army Staff of Pakistan, was appointed commander of the Saudi-led Islamic Military Counter Terrorism Coalition in 2017.

C. Prince Mohammed bin Salman is the Crown Prince of Saudi Arabia, not the coalition's commander.

D. General Kayani was a former Chief of Army Staff of Pakistan, not the coalition's commander.

Question 16 Pakistan Studies

Who served as the last Governor-General of Pakistan before the office was abolished?

- A. Iskander Mirza ✓ **Correct answer**
- B. Ghulam Muhammad
- C. Malik Ghulam Muhammad
- D. Khawaja Nazimuddin

A. Iskandar Mirza was the last Governor-General (1955–1956) and became the first President when Pakistan became a republic on 23 March 1956.

B. Ghulam Muhammad was Governor-General before Mirza (1951–1955).

C. The same person as Ghulam Muhammad, Governor-General before Mirza.

D. Khwaja Nazimuddin was Governor-General before Ghulam Muhammad (1948–1951).

Question 17 Pakistan Studies

Sindh was separated from the Bombay Presidency and made a distinct province in which year?

- A. 1935

6 ✓ Correct answer

- C. 1940
- D. 1947

A. 1935 is the year the Government of India Act was passed, which provided for the separation.

B. Under the Government of India Act 1935, Sindh was separated from the Bombay Presidency and made a separate province on 1 April 1936.

C. 1940 is the year of the Lahore Resolution, not of Sindh's separation.

D. 1947 is the year of independence, not of Sindh's separation.

Question 18 Pakistan Studies

As per the 1973 Constitution, a population census in Pakistan is required to be held after every:

- A. 5 years
- B. 8 years
- C. 10 years ✓ **Correct answer**
- D. 12 years

A. Five years has never been the prescribed census interval.

B. Eight years has never been the prescribed census interval.

C. Pakistan follows a ten-year (decennial) census cycle, the international norm.

D. Twelve years has never been the prescribed census interval.

Question 19 Pakistan Studies

In which year was Pakistan's most recent census, prior to this paper, actually conducted?

- A. 1998

- C. 2017 ✓ **Correct answer**
- D. 2018

A. The previous census before 2017 was held in 1998, not the most recent one.

B. No census was held in 2016.

C. The most recent census before this exam was the sixth population census, held in 2017.

D. No census was held in 2018.

Question 20 Pakistan Studies

The Objectives Resolution, later made a substantive part of Pakistan's Constitution, was passed by the Constituent Assembly in:

- A. 1947
- B. 1949 ✓ **Correct answer**
- C. 1956
- D. 1973

A. The Objectives Resolution was not passed in 1947.

B. The Objectives Resolution was passed by the Constituent Assembly on 12 March 1949 and later became a substantive part of the Constitution.

C. 1956 is the year of Pakistan's first Constitution, not of the Objectives Resolution.

D. 1973 is the year of the present Constitution, not of the Objectives Resolution.

Question 21 Everyday Science

Which of the following gases is the lightest?

- A. Hydrogen ✓ **Correct answer**
- B. Helium

gen

- D. Nitrogen

A. Hydrogen is the lightest of all gases: its molecule, H2, has a molar mass of only about 2 g/mol.

B. Helium (4 g/mol) is the second-lightest gas, but it is heavier than hydrogen.

C. Oxygen (O2, 32 g/mol) is much heavier than hydrogen.

D. Nitrogen (N2, 28 g/mol) is much heavier than hydrogen.

Question 22 Everyday Science

Astrology is traditionally described as the study of:

- A. Rock formations
- B. Stars and celestial bodies ✓ **Correct answer**
- C. Weather patterns
- D. Ocean currents

A. Rock formations are the subject of geology, not astrology.

B. Astrology is the non-scientific belief that the positions and movements of the stars and planets influence people's character and the events of their lives.

C. Weather patterns are the subject of meteorology, not astrology.

D. Ocean currents are the subject of oceanography, not astrology.

Question 23 Everyday Science

The falling of an apple to the ground is commonly cited to illustrate which of Newton's discoveries?

- A. Newton's First Law of Motion
- B. Newton's Second Law of Motion

- D. Newton's Third Law of Motion

A. The first law describes inertia, not the force pulling the apple down.

B. The second law relates force, mass and acceleration; it is not the law of universal gravitation (the day-recall page keys this, but it is wrong).

C. An apple detached from a tree falls to the ground because the Earth pulls it downward by the force of gravity, described by Newton's law of universal gravitation.

D. The third law describes action and reaction, not the force pulling the apple down.

Question 24 Everyday Science

Which gas is commonly used inside fire extinguishers to smother flames?

- A. Carbon dioxide ✓ **Correct answer**
- B. Carbon monoxide
- C. Nitrogen dioxide
- D. Sulphur dioxide

A. Carbon dioxide does not burn and does not support burning, and it is heavier than air, so it settles over a fire and cuts off the oxygen supply.

B. Carbon monoxide is poisonous and flammable, and it is not used in fire extinguishers.

C. Nitrogen dioxide is a toxic brown gas, not used in fire extinguishers.

D. Sulphur dioxide is a toxic gas, not used in fire extinguishers.

Question 25 Everyday Science

During daylight hours, plants primarily take in which gas for photosynthesis?

- A. Carbon dioxide ✓ **Correct answer**
- B. Oxygen

- D. Hydrogen

A. During daylight, plants carry out photosynthesis: they absorb carbon dioxide from the air through the stomata of their leaves and, using sunlight and water, make glucose, releasing oxygen.

B. Plants take in oxygen for respiration, but in daylight photosynthesis dominates and the gas taken in is carbon dioxide.

C. Plants do not take in nitrogen gas from the air for photosynthesis.

D. Plants do not take in hydrogen gas from the air for photosynthesis.

Question 26 Everyday Science

Which chemical was traditionally used as the refrigerant gas in air conditioners?

- A. Carbon dioxide
- B. Freon ✓ **Correct answer**
- C. Nitrogen
- D. Ammonia

A. Carbon dioxide is used only in special refrigeration systems, not as the traditional air-conditioner gas.

B. Freon (a chlorofluorocarbon) was the gas traditionally used as the refrigerant in air conditioners.

C. Nitrogen cannot be liquefied in a normal air-conditioner cycle and is not used as a refrigerant.

D. Ammonia is used as a refrigerant in industrial cold stores, but the traditional air-conditioner gas is Freon. NOTE: this is a different question from the Batch 1 paper's Q67, which asks about the refrigerant used to cool water in refrigeration systems (ammonia).

27 Pakistan Studies

Qutb-ud-din Aibak, founder of the Delhi Sultanate, ruled approximately from:

- A. 1204 to 1209
- B. 1206 to 1210 ✓ **Correct answer**
- C. 1210 to 1214
- D. 1200 to 1206

A. Aibak did not rule in 1204–1209.

B. Qutb-ud-din Aibak founded the Delhi Sultanate in 1206 and ruled until his death in 1210.

C. Aibak died in 1210, so he could not have ruled in 1210–1214.

D. Aibak was a general of Muhammad Ghori before 1206 and became ruler only after Ghori's death in 1206.

Question 28 Islamic Studies

Who first proposed Hazrat Abu Bakr (RA) as the candidate for Caliph after the death of Prophet Muhammad (PBUH)?

- A. Hazrat Umar (RA) ✓ **Correct answer**
- B. Hazrat Usman (RA)
- C. Hazrat Ali (RA)
- D. Hazrat Abu Ubaidah (RA)

A. At the gathering of Saqifah Bani Sa'idah after the Prophet's death in 11 AH, Hazrat Umar (RA) proposed Hazrat Abu Bakr (RA) as caliph and was the first to take the oath of allegiance at his hand.

B. Hazrat Usman (RA) was not the first to propose Abu Bakr.

C. Hazrat Ali (RA) was not the first to propose Abu Bakr.

u Ubaidah (RA) was present at Saqifah but was not the first to propose Abu Bakr.

Question 29 Islamic Studies

Who commanded the Muslim forces during the expedition against Khaybar?

- A. Prophet Muhammad (PBUH) ✓ **Correct answer**
- B. Hazrat Ali (RA)
- C. Hazrat Umar (RA)
- D. Hazrat Khalid bin Walid (RA)

A. The Prophet himself led the Muslim army against the Jewish fortresses of Khaybar in 7 AH (628 AD).

B. Hazrat Ali (RA) played a leading role at Khaybar and was given the banner at a key stage, but the expedition was commanded by the Prophet (the day-recall page keys Ali, but it is wrong).

C. Hazrat Umar (RA) did not command at Khaybar.

D. Hazrat Khalid bin Walid (RA) did not command at Khaybar.

Question 30 Islamic Studies

Which Caliph took military action against people who followed false claimants to prophethood?

- A. Hazrat Abu Bakr (RA) ✓ **Correct answer**
- B. Hazrat Usman (RA)
- C. Hazrat Ali (RA)
- D. Hazrat Umar (RA)

A. Soon after the Prophet's death, several false claimants of prophethood arose, including Musaylimah al-Kadhdhab; Hazrat Abu Bakr (RA) fought them in the Riddah wars, including

Yamamah (632 AD).

B. Hazrat Usman (RA) did not face the false claimants of prophethood.

C. Hazrat Ali (RA) did not face the false claimants of prophethood.

D. The Riddah wars were over before Hazrat Umar (RA) became caliph in 634.

Question 31 Pakistan Studies

Among common field crops, which one generally requires the largest amount of irrigation water?

- A. Wheat
- B. Rice ✓ **Correct answer**
- C. Barley
- D. Gram

A. Wheat is a rabi crop that needs only a few irrigations, far less than rice.

B. Rice needs more water than almost any other major crop: it is grown in standing water in flooded (paddy) fields and needs heavy rainfall or irrigation throughout its season.

C. Barley needs less water than rice.

D. Gram (chickpea) is a dry-land crop that needs little water.

Question 32 Pakistan Studies

Which crop accounts for the largest cultivated area in Punjab province?

- A. Cotton
- B. Sugarcane
- C. Wheat ✓ **Correct answer**
- D. Maize

A. Cotton is an important cash crop in Punjab, but wheat covers far more area.

e is an important cash crop in Punjab, but wheat covers far more area.

C. Wheat is the major crop of Punjab and Pakistan's staple food; Punjab produces about three-quarters of the country's wheat.

D. Maize is grown in Punjab but covers far less area than wheat.

Question 33 Pakistan Studies

Peanuts (groundnuts) develop and are harvested from:

- A. Tree branches
- B. Underground pods ✓ **Correct answer**
- C. Vines above ground
- D. Floating pods in water

A. Peanuts do not grow on tree branches.

B. The peanut plant flowers above ground; after pollination the flower stalk grows down into the soil and the pod develops underground.

C. Peanuts do not grow on vines above ground.

D. Peanuts do not grow in water.

Question 34 Pakistan Studies

The wheat crop in Punjab is typically harvested during which month?

- A. April ✓ **Correct answer**
- B. January
- C. August
- D. October

A. In Punjab, wheat is a rabi crop sown in November and harvested mainly in April and May, before the monsoon; April is the best answer among the options.

still growing in January, not being harvested.

C. August is the monsoon season, when kharif crops such as rice are growing, not when wheat is harvested.

D. Wheat is sown in October–November, not harvested then. NOTE: the wheat harvest spans April and May; the day-recall page's own answer list keys May, but its stem lists both April and May, and April is the standard answer among this paper's options.

Question 35

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 36

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 37

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 38

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this

ot on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 39

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 40

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 41

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 42

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 43

No answer is given for this question, and none is taught. The primary source's bank for

arries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 44

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 45

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 46

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 47

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 49

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 50

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 51

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 52

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 54

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 55

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 56

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 57

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 59

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 60

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 61

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 62

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 63

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 64

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 65

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 66

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 67

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 68

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 69

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 70

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 71

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 72

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 74

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 75

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 76

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 77

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 79

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 80

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 81

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 82

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

83

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 84

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 85

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 86

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 87

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 89

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 90

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 91

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 92

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

93

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 94

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 95

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 96

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 97

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 99

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

Question 100

No answer is given for this question, and none is taught. The primary source's bank for this sitting carries only 34 questions (it leaves out English and Mathematics entirely); this question is not on record in any source found, so its stem is unrecoverable and it is carried as a gap, never invented.

This paper remains the paper of the Federal Public Service Commission. Ranjha Solutions branding is on this solved presentation only — the paper is not owned by Ranjha Solutions. FPSC publishes no past papers officially.

Past papers are **free** — no charge is taken from any student for papers. General Knowledge answers are as of the 2018 sitting.
