GUESS PAPER — predicted questions for the next FPSC Assistant Director (Investigation), Federal Investigation Agency (BS-17) sitting, 2027, NOT a past paper. Every question below is a prediction: it is here because the same question, the same fact, or the same topic appeared in verified FPSC past papers for this post. **No pass guarantee.** A guess paper raises the odds; it does not promise a result. Answers are the best-supported answers, not exam keys.

Flag — law is ~24% of this paper (Cr.P.C., Qanun-e-Shahadat, FIA Act 1974, P.P.C.): the 2008 and 2019 Legal papers carry the heaviest law weight, while the 2022 Investigation batch leans on general subjects. The 2027 paper may weight law differently by batch.

> **How to use this paper:** study the basis under each question, not just the answer — the real paper will ask the same topics in different words. Revise the underlying topic, not only the four options. Do not quote any item as "asked in the 2027 exam" — nothing here has been asked yet.
