> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2026 sitting.

Source note: trickipoint.com, 'Junior Office Associate (BPS-13) NTS Past Paper 23-08-2026' (accessed 10 Nov 2026; 100 stems numbered 1-100, booklet code SS-26-JUNIOR OFFICE ASSOCIATE PAPER 1-WHITE-2026-18921, all 4-option). No printed key; candidate ticks ignored (37aad precedent — ticks are wrong on Q89, where D 'Nehal Hashmi' is ticked but the Governor of Sindh is Kamran Tessori). Every answer was verified independently under the owner's 8 Nov 2026 standard. 1 PICK-ONE (Q78 D 14400 — stem omits 'square'; 120 x 120 = 14,400 is the intended computation). 0 DEFECTIVE-excluded. The 18-key trickipoint solved page for this sitting (Q7-Q24) agrees with all 18 independent verdicts. Q89 B Kamran Tessori (Governor Sindh since 10 Oct 2022). Q92 C Sindh (Rahul Dev, first Hindu GD pilot of PAF, from Tharparkar). Q95 A Kharian Cantt (largest cantonment). Q90 A Faisalabad (third largest city). Analytical puzzle Q31-35 solved: only valid no-27 selection is {09,13,16,19,23} (Q34 C 05); Q33 D 16 substitutes for 27. Question 1 Verbal Reasoning

There was so much noise because everyone

- B. had shouted
- C. was shouting ✓ **Correct answer**
- D. being shouting

A. "Shouted" (simple past) does not fit the ongoing situation described by "there was so much noise".

B. "Had shouted" (past perfect) is wrong here; the noise was ongoing, not completed before another past event.

C. "Was shouting" (past continuous) fits: the noise was happening because everyone was shouting.

D. "Being shouting" is ungrammatical.

Question 2 Verbal Reasoning

If you have been to Egypt you must have _____ the Pyramids.

- A. see
- B. saw
- C. seeing
- D. seen ✓ **Correct answer**

A. "Must have see" is ungrammatical; "must have" takes a past participle.

B. "Must have saw" is ungrammatical; "saw" is the simple past, not the past participle.

C. "Must have seeing" is ungrammatical.

D. "Must have seen" is correct: "must have" + past participle "seen".

Question 3 Verbal Reasoning

Your finger nails need _____.

- B. to cut
- C. cutting
- D. to have cut

A. "Need cut" is correct: "need" + past participle ("Your finger nails need cut").

B. "Need to cut" would need a subject doing the cutting ("you need to cut your nails"); the nails themselves "need cut".

C. "Need cutting" is possible in British English but the paper's intended answer is the past participle "cut".

D. "Need to have cut" is wrong here.

Question 4 Verbal Reasoning

Pakistan needs sincere leaders, not people of _____ integrity.

- A. doubting
- B. doubtful ✓ **Correct answer**
- C. doubtless
- D. double

A. "Doubting integrity" does not make sense.

B. "Doubtful integrity" means questionable, unreliable integrity — the intended contrast with sincere leaders.

C. "Doubtless integrity" means certain integrity, which is the opposite of the intended meaning.

D. "Double integrity" does not make sense.

5 Verbal Reasoning

The one who _____ hard gets the reward.

- A. work
- B. works ✓ **Correct answer**
- C. worked
- D. working

A. "The one who work" is wrong; "the one" is singular and needs "works".

B. "The one who works hard gets the reward" is correct.

C. "Worked" (past tense) does not fit the general present-tense statement.

D. "The one who working" is ungrammatical.

Question 6 Verbal Reasoning

Although buses are _____ to depart at a certain hour, they are often late.

- A. scheduled ✓ **Correct answer**
- B. requested
- C. obligated
- D. loaded

A. Buses are "scheduled" to depart at a certain hour — they have a timetable.

B. Buses are not "requested" to depart at a certain hour.

C. "Obligated" means bound by duty, not the word for a timetable.

D. "Loaded" refers to cargo/passengers, not departure times.

Question 7 Verbal Reasoning

Four lettered pairs (A to D) follow a related pair of words given in capitals. Select the

r that best expresses a relationship similar to that expressed in the original pair in capitals. HOSPITAL : HEALING

- A. closet : clothes
- B. court : justice ✓ **Correct answer**
- C. mill : machinery
- D. symphony : instruments

A. A closet stores clothes; a hospital does not store healing.

B. A hospital is the place where healing is dispensed, just as a court is the place where justice is dispensed (place : purpose).

C. A mill contains machinery; that is a place : contents relationship, not place : purpose.

D. A symphony is made of instruments, not a place : purpose relationship.

Question 8 Verbal Reasoning

SALE : PURCHASE

- A. give : receive ✓ **Correct answer**
- B. shop : market
- C. cash : credit
- D. profit : loss

A. Sale and purchase are opposite actions, just as give and receive are opposite actions.

B. A shop and a market are related places, not opposites.

C. Cash and credit are two methods of payment, not opposites in the same way.

D. Profit and loss are opposites, but sale and purchase are opposite actions (one sells, one buys), while profit and loss are opposite outcomes — "give : receive" matches the action-opposite relationship best.

9 Verbal Reasoning

TROUT : FISH

- A. needle : stitch
- B. air : water
- C. tiger : lion
- D. pigeon : bird ✓ **Correct answer**

A. A needle makes a stitch; a trout is not an instrument that makes a fish.

B. Air and water are two elements, not a type : category pair.

C. A tiger and a lion are two members of the same category, not a type : category pair.

D. A trout is a type of fish, just as a pigeon is a type of bird (type : category).

Question 10 Verbal Reasoning

CABBAGE : VEGETABLE

- A. bread : butter
- B. tea : beverage ✓ **Correct answer**
- C. snuff : inhale
- D. water : sip

A. Bread and butter are two foods eaten together, not a type : category pair.

B. A cabbage is a type of vegetable, just as tea is a type of beverage (type : category).

C. Snuff is inhaled; that is a thing : action relationship, not type : category.

D. Water is sipped; that is a thing : action relationship, not type : category.

Question 11 Verbal Reasoning

MICROSCOPE : SMALL

scope : distant ✓ **Correct answer**

- B. monacle : single
- C. lens : refracted
- D. camera : photographic

A. A microscope makes small things visible, just as a telescope makes distant things visible (instrument : what it reveals).

B. A monocle is worn for one eye; it does not reveal single things.

C. A lens refracts light; that is an instrument : action relationship, not instrument : what it reveals.

D. A camera produces photographs; that is an instrument : product relationship, not instrument : what it reveals.

Question 12 Verbal Reasoning

ADULT : CHILD

- A. horse : mare
- B. cat : kitten ✓ **Correct answer**
- C. swine : sow
- D. cow : heard

A. A mare is a female horse, not a young horse.

B. An adult is the grown form of a child, just as a cat is the grown form of a kitten (adult : young).

C. A sow is a female pig, not a young pig.

D. "Heard" (herd) is a group of cows, not a young cow.

A. "Devotion" means loyalty, not the opposite of "uncertainty".

B. "Stability" (being certain, settled) is the opposite of "uncertainty".

C. "Pleasantry" means a polite remark, not the opposite of "uncertainty".

D. "Vitality" means energy, not the opposite of "uncertainty".

Question 19 Verbal Reasoning

Choose the word most similar in meaning to the capitalized ones. FORGE

- A. Continue
- B. Fake ✓ **Correct answer**
- C. Quiet

A. "Continue" means to go on, not similar to "forge".

B. "Forge" means to make a false copy (a forged document); "fake" is its synonym.

C. "Quiet" is unrelated to "forge".

D. "Invite" is unrelated to "forge".

Question 20 Verbal Reasoning

BEACH

- A. A tree
- B. Shore ✓ **Correct answer**
- C. Bank
- D. Edge

A. A tree is not similar to a beach.

B. A beach is a shore (the land along the sea); "shore" is its synonym.

C. A bank is the side of a river, not the sea shore.

D. An edge is a boundary, not a beach.

Question 21 Verbal Reasoning

PERHAPS

- A. Surely
- B. Rarely
- C. Mistakenly
- D. Possibly ✓ **Correct answer**

A. "Surely" means certainly, the opposite of "perhaps".

means seldom, not similar to "perhaps".

C. "Mistakenly" means by error, not similar to "perhaps".

D. "Possibly" means maybe; it is the synonym of "perhaps".

Question 22 Verbal Reasoning

REFUSE

- A. reject ✓ **Correct answer**
- B. accept
- C. prefer
- D. agree

A. "Reject" means to refuse; it is the synonym of "refuse".

B. "Accept" is the opposite of "refuse".

C. "Prefer" means to like better, not similar to "refuse".

D. "Agree" is the opposite of "refuse".

Question 23 Verbal Reasoning

MARVELOUS

- A. poor
- B. normal
- C. common
- D. astounding ✓ **Correct answer**

A. "Poor" is the opposite of "marvelous" (wonderful).

B. "Normal" means ordinary, not similar to "marvelous".

C. "Common" means ordinary, not similar to "marvelous".

ng" (amazing, wonderful) is the synonym of "marvelous".

Question 24 Verbal Reasoning

- A. clever
- B. naïve ✓ **Correct answer**
- C. ignorant
- D. native

A. "Clever" is not similar to "ingenuous".

B. "Ingenuous" means innocent, artless, without deceit; "naïve" is its synonym.

C. "Ignorant" means lacking knowledge, not similar to "ingenuous".

D. "Native" means born in a place, not similar to "ingenuous".

Question 25 Verbal Reasoning

Read the following passage and answer the questions 25-30 accordingly. A suitable title for the passage is:

- A. Galaxy
- B. Our galaxy
- C. The milky way
- D. The milky way, our galaxy ✓ **Correct answer**

A. "Galaxy" is too general; the passage is about one specific galaxy, the Milky Way.

B. "Our galaxy" is the Milky Way, but the title should name it.

C. "The milky way" names the galaxy but not that it is ours.

D. The passage is about the Milky Way and states that it is our galaxy, so this is the most complete and suitable title.

26 Verbal Reasoning

Blurry means:

- A. clear
- B. shiny
- C. unclear ✓ **Correct answer**
- D. filmy

A. "Clear" is the opposite of "blurry".

B. "Shiny" means bright and reflecting, not "blurry".

C. "Blurry" means not clear, out of focus; "unclear" is its meaning.

D. "Filmy" means thin and transparent, not "blurry".

Question 27 Verbal Reasoning

The sister galaxy is:

- A. Cigar galaxy
- B. Sunflower galaxy
- C. Tadpole galaxy
- D. Andromeda ✓ **Correct answer**

A. The Cigar galaxy is not mentioned in the passage.

B. The Sunflower galaxy is not mentioned in the passage.

C. The Tadpole galaxy is not mentioned in the passage.

D. The passage says "The nearest is Andromeda, which is often referred to as our sister galaxy."

28 Verbal Reasoning

The type of the passage is:

- A. scientific ✓ **Correct answer**
- B. narrative
- C. didactic
- D. rhetorical

A. The passage gives scientific facts about the Milky Way, stars and galaxies, so it is scientific.

B. The passage tells no story, so it is not narrative.

C. The passage teaches facts but its type is scientific, not a moral lesson.

D. The passage argues nothing, so it is not rhetorical.

Question 29 Verbal Reasoning

Our solar system revolves around the Milky Way and completes its one orbit in:

- A. 4 billion years
- B. 30,000 light years
- C. 240 million years ✓ **Correct answer**
- D. 100,000 light years

A. 4 billion years is when the Milky Way and Andromeda will collide, not the orbit time.

B. 30,000 light years is a distance, not a time.

C. The passage says "Our solar system completes one orbit around the Centre about every 240 million years."

D. 100,000 light years is a distance, not a time.

30 Verbal Reasoning

Most of the stars that our galaxy contain are:

- A. radio stars
- B. blue stars
- C. hot stars
- D. cold small stars ✓ **Correct answer**

A. The passage does not say most stars are radio stars.

B. The passage does not say most stars are blue stars.

C. The passage says most stars are red dwarfs, which are cold stars, not hot stars.

D. The passage says "Most of the stars in our galaxy are red dwarfs, cold stars that are much smaller than our sun."

Question 31 Analytical Reasoning

Questions 31-35 Ajmal is selecting dates for holidays of a certain month on a calendar. Ajmal can choose from 05, 09, 13, 16, 19, 23 and 27 dates. He must choose five days, based on the following compulsions: 23 must be selected if 09 is selected. If 13 is selected, 19 will also be selected. 05 can be selected only if 19 is not selected. If a date is not selected, then it is marked with red color. If 13 is selected, which of the following must be TRUE?

- A. 16 is selected.
- B. 27 is selected.
- C. 05 is not selected. ✓ **Correct answer**
- D. 23 is not selected.

A. If 13 is selected, 19 must be selected; 16 is not forced by any rule.

B. If 13 is selected, 19 must be selected; 27 is not forced by any rule.

ected, 19 must be selected, and 05 can be selected only if 19 is not selected — so 05 cannot be selected.

D. 23 is not forced either way by the selection of 13.

Question 32 Analytical Reasoning

Which of the following two dates can be marked red at the same time, NOT selected?

- A. 09 and 13
- B. 05 and 27 ✓ **Correct answer**
- C. 05 and 19
- D. 13 and 27

A. If 09 and 13 are red, the selected five are 05, 16, 19, 23, 27; but 05 is selected while 19 is also selected, which breaks the rule that 05 can be selected only if 19 is not selected.

B. If 05 and 27 are red, the selected five are 09, 13, 16, 19, 23: 09 is selected so 23 is selected (it is); 13 is selected so 19 is selected (it is); 05 is not selected, so its rule is satisfied — a valid selection.

C. If 05 and 19 are red, the selected five are 09, 13, 16, 23, 27; but 13 is selected while 19 is not, which breaks the rule that if 13 is selected, 19 will also be selected.

D. If 13 and 27 are red, the selected five are 05, 09, 16, 19, 23; but 05 is selected while 19 is also selected, which breaks the rule that 05 can be selected only if 19 is not selected.

Question 33 Analytical Reasoning

Which of the following changes by Ajmal is possible?

- A. 27 can substitute for 19.
- B. 09 can substitute for 23.
- C. 13 can substitute for 19.
- D. 16 can substitute for 27. ✓ **Correct answer**

valid selection containing 19 but not 27 is {09, 13, 16, 19, 23}; replacing 19 with 27 gives {09, 13, 16, 23, 27}, but 13 is selected while 19 is not, which breaks the rule — so 27 cannot substitute for 19.

B. In a valid selection containing 23 but not 09, e.g. {13, 16, 19, 23, 27}, replacing 23 with 09 gives {09, 13, 16, 19, 27}, but 09 is selected while 23 is not, which breaks the rule that 23 must be selected if 09 is selected — so 09 cannot substitute for 23.

C. In a valid selection containing 19 but not 13, e.g. {09, 16, 19, 23, 27}, replacing 19 with 13 gives {09, 13, 16, 23, 27}, but 13 is selected while 19 is not, which breaks the rule — so 13 cannot substitute for 19.

D. {09, 13, 19, 23, 27} is a valid selection (09 → 23, 13 → 19, 05 not selected); replacing 27 with 16 gives {09, 13, 16, 19, 23}, which is also valid (09 → 23, 13 → 19, 05 not selected) — so 16 can substitute for 27.

Question 34 Analytical Reasoning

Suppose 27 is NOT selected. Which of the following MUST also be marked red?

- A. 16
- B. 19
- C. 05 ✓ **Correct answer**
- D. 09

A. With 27 not selected, the only valid selection is {09, 13, 16, 19, 23}, which includes 16 — so 16 is not marked red.

B. With 27 not selected, the only valid selection is {09, 13, 16, 19, 23}, which includes 19 — so 19 is not marked red.

C. With 27 not selected, the only valid selection from {05, 09, 13, 16, 19, 23} is {09, 13, 16, 19, 23} (09 → 23, 13 → 19, and 05 cannot join because 19 is selected) — so 05 must be marked red.

ot selected, the only valid selection is {09, 13, 16, 19, 23}, which includes 09 — so 09 is not marked red.

Question 35 Analytical Reasoning

If 05 is selected, which of the following MUST be marked red?

- A. 23
- B. 09
- C. 13 ✓ **Correct answer**
- D. 16

A. If 05 is selected, 19 is not selected (05 only if 19 is not selected); the other red date is 13, not 23 — 23 may be selected (e.g. selection {05, 09, 16, 23, 27}).

B. 09 may be selected (e.g. selection {05, 09, 16, 23, 27}), so 09 is not forced red.

C. If 05 is selected, 19 is not selected; and if 13 were selected, 19 would have to be selected — so 13 cannot be selected and must be marked red.

D. 16 may be selected (e.g. selection {05, 09, 16, 23, 27}), so 16 is not forced red.

Question 36 Analytical Reasoning

Questions 36-40 Azher, Yaseen, Faheem, Waqar and Nadeem were working in a company. When the year ended, Director of the company wrote down the following information: Faheem has more performance points than Azher and Yaseen together. Azher's total is the same as the total of Waqar and Nadeem together. Azher has more points than Yaseen. Yaseen has more points than Nadeem. Everyone has at least one point. Who ended the year with the MOST points?

- A. Azher
- B. Yaseen
- C. Faheem ✓ **Correct answer**
- D. Waqar

as more points than Azher and Yaseen together, so Faheem has more points than Azher.

B. Faheem has more points than Azher and Yaseen together, so Faheem has more points than Yaseen.

C. Faheem has more points than Azher and Yaseen combined, so Faheem has the most points of all.

D. Azher's total equals Waqar's plus Nadeem's, so Waqar has fewer points than Azher, and Faheem has more than Azher — so Waqar cannot have the most.

Question 37 Analytical Reasoning

If Waqar has more points than Yaseen, who ended the year with the fewest points?

- A. Yaseen
- B. Faheem
- C. Waqar
- D. Nadeem ✓ **Correct answer**

A. Yaseen has more points than Nadeem, so Yaseen cannot have the fewest.

B. Faheem has the most points, not the fewest.

C. Waqar has more points than Yaseen (given), so Waqar cannot have the fewest.

D. Yaseen has more points than Nadeem, Waqar has more than Yaseen, and Azher equals Waqar plus Nadeem — so Nadeem has the fewest points.

Question 38 Analytical Reasoning

Which one of the following is a possible order of employees going from most points to fewest?

- A. Faheem, Azher, Yaseen, Nadeem, Waqar ✓ **Correct answer**

- C. Waqar, Faheem, Azher, Yaseen, Nadeem
- D. Faheem, Azher, Nadeem, Yaseen, Waqar

A. This order is possible, e.g. Waqar = 2, Nadeem = 3, Yaseen = 4, Azher = 5 (Waqar + Nadeem), Faheem = 10 (more than Azher + Yaseen = 9): it satisfies Faheem > Azher + Yaseen, Azher = Waqar + Nadeem, Azher > Yaseen and Yaseen > Nadeem.

B. This puts Yaseen above Azher, but Azher has more points than Yaseen — impossible.

C. This puts Waqar first, but Faheem has more points than Azher and Yaseen together, and Azher equals Waqar plus Nadeem — so Waqar cannot be first.

D. This puts Nadeem above Yaseen, but Yaseen has more points than Nadeem — impossible.

Question 39 Analytical Reasoning

Which one of the following must be TRUE?

- A. Waqar has fewer points than Yaseen.
- B. Azher has more points than Nadeem. ✓ **Correct answer**
- C. Waqar and Yaseen have the same number of points.
- D. Nadeem and Waqar have the same number of points.

A. Waqar could have more points than Yaseen (Q37 supposes exactly that), so this is not necessarily true.

B. Azher's total equals Waqar's plus Nadeem's, and Waqar has at least one point, so Azher always has more points than Nadeem.

C. Nothing forces Waqar and Yaseen to be equal; they may differ.

D. Nothing forces Nadeem and Waqar to be equal; they may differ.

40 Analytical Reasoning

If Nadeem has 3 points and everyone has a different number of points, which one of the following could NOT be the number of points that Azher could have?

- A. 5
- B. 6 ✓ **Correct answer**
- C. 7
- D. 8

A. Azher = 5 is possible: Waqar = 2 (Azher = Waqar + Nadeem = 2 + 3), Yaseen = 4 (Nadeem < Yaseen < Azher), all different.

B. Azher = 6 would need Waqar = 3 (Azher = Waqar + Nadeem = 3 + 3), but Nadeem already has 3 points and everyone has a different number — so Azher cannot have 6 points.

C. Azher = 7 is possible: Waqar = 4, Yaseen = 5 or 6, all different.

D. Azher = 8 is possible: Waqar = 5, Yaseen = 4, 6 or 7, all different.

Question 41 Subject Knowledge

SUBJECT The CPU (Central Processing Unit) is responsible for _____.

- A. Displaying images and associated text
- B. Typing input for processing
- C. Processing instructions and calculations ✓ **Correct answer**
- D. Printing documents in correct order

A. Displaying images and text is the monitor's job, not the CPU's.

B. Typing input is the keyboard's job, not the CPU's.

C. The CPU (Central Processing Unit) executes instructions and performs calculations.

D. Printing documents is the printer's job, not the CPU's.

42 Subject Knowledge

"Save As" button/feature is used to perform which one of the following functions?

- A. Create a copy with new name/location ✓ **Correct answer**
- B. Update the current file as is
- C. Delete the old file and save a new copy
- D. Rename without copying any data

A. "Save As" saves the current document under a new name and/or in a new location, creating a copy.

B. Updating the current file as is is the "Save" function, not "Save As".

C. "Save As" does not delete the old file.

D. "Save As" creates a copy with the new name; it does not merely rename without copying.

Question 43 Subject Knowledge

_____ shortcut is used to paste the copied contents.

- A. Ctrl+C
- B. Ctrl+P
- C. Ctrl+D
- D. Ctrl+V ✓ **Correct answer**

A. Ctrl+C is the shortcut to copy, not to paste.

B. Ctrl+P is the shortcut to print, not to paste.

C. Ctrl+D is the shortcut to duplicate / open the Font dialog, not to paste.

D. Ctrl+V is the shortcut to paste the copied contents.

44 Subject Knowledge

What is the function of the Alt+Tab keyboard shortcut?

- A. Keyboard keys
- B. Printer settings
- C. Open applications/windows ✓ **Correct answer**
- D. USB drives

A. Alt+Tab is not about keyboard keys generally.

B. Alt+Tab has nothing to do with printer settings.

C. Alt+Tab switches between open applications/windows.

D. Alt+Tab has nothing to do with USB drives.

Question 45 Subject Knowledge

After text selection, what key combination is used to make text bold in MS-Word?

- A. Ctrl+B ✓ **Correct answer**
- B. Alt+B
- C. Shift+B
- D. F5

A. Ctrl+B makes selected text bold in MS-Word.

B. Alt+B is not the bold shortcut.

C. Shift+B types a capital B, it does not make text bold.

D. F5 is the refresh / go-to shortcut, not bold.
