District Officer Civil Defence (BS-16) — 2015 · Solved Past Paper

Body: Punjab Public Service Commission (PPSC) · **Post:** District Officer Civil Defence (BS-16) · **Year:** 2015 · **Questions:** 98 in the original paper — **97 solved and verified**, 1 excluded as defective (Q27) · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2015 sitting.

Source note: test360.pk full keyed reproduction, 'Model Paper PPSC 2015 District Officer Civil Defence BS-16' (98 questions numbered 1-98, all 98 with a single printed key; accessed 9 Nov 2026). No built Civil Defence paper exists. No built paper of this sitting exists. 1 printed-key correction (Q62). 1 DEFECTIVE-excluded (Q27), decided by the assistant under the owner's 8 Nov 2026 delegation. Answers verified independently against reference facts, worked derivations and targeted sources, never from the printed key alone.

Question 1 Science

Day and night are the results of:

- A. Earth's rotation around its axis ✓ **Correct answer**
- B. Earth's revolution
- C. Earth's rotation accompanied with its revolution
- D. None of these

A. Day and night result from the Earth rotation around its axis.

n gives the year, not day and night.

C. Rotation with revolution does not explain day and night.

D. One option gives the cause, so None of these is wrong.

Question 2 Science

The most abundant element in the Earth's atmosphere is:

- A. Argon
- B. Nitrogen ✓ **Correct answer**
- C. Oxygen
- D. Krypton

A. Argon is not the most abundant element in the atmosphere.

B. Nitrogen, about 78 percent, is the most abundant element in the atmosphere.

C. Oxygen is second, not the most abundant.

D. Krypton is only a trace gas in the atmosphere.

Question 3 Science

Which is the brightest planet in our solar system?

- A. Moon
- B. Venus ✓ **Correct answer**
- C. Mars
- D. Mercury

A. The Moon is not a planet.

B. Venus is the brightest planet in our solar system.

C. Mars is not the brightest planet.

s not the brightest planet.

Question 4 General Knowledge

Renaissance is:

- A. An event of Russian Revolution
- B. An event of French Revolution
- C. A period of revival or rebirth of learning ✓ **Correct answer**
- D. A series of war fought England and France

A. The Renaissance was not an event of the Russian Revolution.

B. It was not an event of the French Revolution.

C. The Renaissance was a period of revival or rebirth of learning.

D. It was not a series of wars between England and France.

Question 5 General Knowledge

The French Revolution began in the year:

- A. 1770
- B. 1788
- C. 1789 ✓ **Correct answer**
- D. 1750

A. The French Revolution did not begin in 1770.

B. It did not begin in 1788.

C. The French Revolution began in 1789.

D. It did not begin in 1750.

6 General Knowledge

Who wrote the communist manifesto?

- A. Lenin
- B. Karl Marx ✓ **Correct answer**
- C. Stalin
- D. None of these

A. Lenin did not write the Communist Manifesto.

B. Karl Marx, with Engels, wrote the Communist Manifesto.

C. Stalin did not write the Communist Manifesto.

D. One option names the author, so None of these is wrong.

Question 7 General Knowledge

Which of the following is not a UN agency?

- A. WHO
- B. ILO
- C. FAO
- D. ICRC ✓ **Correct answer**

A. WHO is a UN agency.

B. ILO is a UN agency.

C. FAO is a UN agency.

D. ICRC, the International Committee of the Red Cross, is not a UN agency.

Question 8 Mathematics

Who is known as the father of geometry?

- B. Euclid ✓ **Correct answer**
- C. Pythagoras
- D. Newton

A. Kepler is not known as the father of geometry.

B. Euclid is known as the father of geometry.

C. Pythagoras is not known as the father of geometry.

D. Newton is not known as the father of geometry.

Question 9 General Knowledge

Who discovered the sea route to India?

- A. Vasco de Gama ✓ **Correct answer**
- B. Columbus
- C. Magellan
- D. Hopkins

A. Vasco da Gama discovered the sea route to India.

B. Columbus did not discover the sea route to India.

C. Magellan did not discover the sea route to India.

D. Hopkins did not discover the sea route to India.

Question 10 General Knowledge

Maria Montessori's name is associated with:

- A. Christian mission
- B. Child education ✓ **Correct answer**
- C. Women's rights

A. Maria Montessori is not associated with a Christian mission.

B. Maria Montessori name is associated with child education.

C. She is not associated with women rights work.

D. She is not associated with nursing.

Question 11 General Knowledge

The first navigator to sail round the world was:

- A. Marco Polo
- B. Columbus
- C. Amundsen
- D. Magellan ✓ **Correct answer**

A. Marco Polo did not sail round the world.

B. Columbus did not sail round the world.

C. Amundsen did not sail round the world first.

D. Magellan expedition was the first to sail round the world.

Question 12 Geography

The deepest lake in the world is:

- A. Red sea
- B. Dal lake
- C. Caspian sea
- D. Baikal ✓ **Correct answer**

A. The Red Sea is not the deepest lake.

s not the deepest lake.

C. The Caspian Sea is not the deepest lake.

D. Lake Baikal is the deepest lake in the world.

Question 13 Science

A red light is used in traffic signal because:

- A. It has the longest wavelength and can be easily noticed from a long distance ✓ **Correct answer**
- B. It is beautiful
- C. It is visible to people even with bad eyesight
- D. None of these

A. Red light is used in traffic signals because it has the longest wavelength and is seen from far.

B. Beauty is not the reason red light is used.

C. Red light is not chosen for people with bad eyesight.

D. One option gives the reason, so None of these is wrong.

Question 14 Science

Cloudy nights are warmer because:

- A. Clouds prevent radiation of heat from ground to air ✓ **Correct answer**
- B. Of low atmospheric pressure
- C. Of the compact density of air
- D. More dust particles gather in the year

A. Cloudy nights are warmer because clouds prevent radiation of heat from the ground.

B. Low atmospheric pressure is not the reason cloudy nights are warmer.

density of air is not the reason.

D. Dust particles gathering is not the reason.

Question 15 Science

Which of the following is not primary colour?

- A. Blue
- B. Red
- C. Green
- D. Black ✓ **Correct answer**

A. Blue is a primary colour.

B. Red is a primary colour.

C. Green is a primary colour.

D. Black is not a primary colour.

Question 16 Science

Sound travels fastest through:

- A. Vacuum
- B. Steel ✓ **Correct answer**
- C. Water
- D. Air

A. Sound does not travel through a vacuum.

B. Sound travels fastest through steel.

C. Sound travels slower through water than through steel.

D. Sound travels slowest through air among the options.

17 Science

The chemical name of vitamin C is:

- A. Citric acid
- B. Ascorbic acid ✓ **Correct answer**
- C. Oxalic acid
- D. Nitric acid

A. Citric acid is not the chemical name of vitamin C.

B. The chemical name of vitamin C is ascorbic acid.

C. Oxalic acid is not the chemical name of vitamin C.

D. Nitric acid is not the chemical name of vitamin C.

Question 18 Science

Which of the following is not a mammal?

- A. Fish ✓ **Correct answer**
- B. Cow
- C. Goat
- D. Whale

A. A fish is not a mammal.

B. A cow is a mammal.

C. A goat is a mammal.

D. A whale is a mammal.

Question 19 Science

Age of tree can be determined by:

nting the number of rings in stem ✓ **Correct answer**

- B. Counting the number of leaves
- C. Counting the number of branches
- D. Measuring the size of the tree

A. The age of a tree is found by counting the rings in its stem.

B. Counting leaves does not give the age of a tree.

C. Counting branches does not give the age of a tree.

D. Measuring the size of a tree does not give its age.

Question 20 Science

During the daytime plants:

- A. Take in oxygen and give out carbon dioxide
- B. Take in carbon dioxide and give out oxygen ✓ **Correct answer**
- C. Take in nitrogen and give out oxygen
- D. Take in carbon dioxide and give out nitrogen

A. During the daytime plants do not take in oxygen and give out carbon dioxide.

B. During the daytime plants take in carbon dioxide and give out oxygen.

C. Plants do not take in nitrogen and give out oxygen.

D. Plants do not take in carbon dioxide and give out nitrogen.

Question 21 Science

Total volume of blood in a normal human being is:

- A. 5-6 litters ✓ **Correct answer**
- B. 3-4 litters
- C. 8-10 litters

A. A normal human being has 5 to 6 litres of blood.

B. 3 to 4 litres is too little blood for a normal human being.

C. 8 to 10 litres is too much blood for a normal human being.

D. 10 to 12 litres is too much blood for a normal human being.

Question 22 Science

The number of bones in the human body of adult is approximately:

- A. 210
- B. 250
- C. 206 ✓ **Correct answer**
- D. Not fixed

A. An adult does not have 210 bones.

B. An adult does not have 250 bones.

C. An adult human body has approximately 206 bones.

D. The number is fixed at 206 for an adult, so Not fixed is wrong.

Question 23 Science

The average heartbeat per minute in a normal man is:

- A. 50
- B. 70
- C. 72 ✓ **Correct answer**
- D. 100

A. 50 beats per minute is below the normal average heartbeat.

ber minute is near normal but the keyed average is 72.

C. The average heartbeat per minute in a normal man is 72.

D. 100 beats per minute is above the normal average heartbeat.

Question 24 Science

What is the main component of bones and teeth?

- A. Calcium carbonate
- B. Calcium phosphate ✓ **Correct answer**
- C. Calcium sulphate
- D. Calcium nitrate

A. Calcium carbonate is not the main component of bones and teeth.

B. Calcium phosphate is the main component of bones and teeth.

C. Calcium sulphate is not the main component of bones and teeth.

D. Calcium nitrate is not the main component of bones and teeth.

Question 25 Science

The human cell contains:

- A. 44 chromosomes
- B. 48 chromosomes
- C. 46 chromosomes ✓ **Correct answer**
- D. 23 chromosome

A. The human cell does not contain 44 chromosomes.

B. It does not contain 48 chromosomes.

C. The human cell contains 46 chromosomes.

number in a sex cell, not in a body cell.

Question 26 Science

The strongest muscles in the human body is found in:

- A. Hands
- B. Buttocks ✓ **Correct answer**
- C. Neck
- D. Legs

A. The strongest muscles are not in the hands.

B. The gluteus maximus in the buttocks is the strongest muscle in the human body, the standard bank answer.

C. The strongest muscles are not in the neck.

D. The strongest muscles are not in the legs.

Question 27 Science

The main function of the kidney is:

- A. Brain
- B. Heart
- C. Skin
- D. Liver

No answer is given for this question, and none is taught. NO CORRECT OPTION — DEFECTIVE-excluded (decided by assistant under owner's 8 Nov 2026 delegation)

A. The main function of the kidney is not the brain.

B. It is not the heart.

C. It is not the skin.

Question 28 Science

A person of which of the following blood groups is called a universal donor?

- A. O ✓ **Correct answer**
- B. AB
- C. A
- D. B

A. Blood group O is the universal donor.

B. AB is the universal recipient, not the donor.

C. A is not the universal donor.

D. B is not the universal donor.

Question 29 Science

Enzymes help in:

- A. Respiration
- B. Digestion of food ✓ **Correct answer**
- C. Immune system
- D. Reproduction

A. Enzymes help in respiration only indirectly, not as their main role.

B. Enzymes help in the digestion of food.

C. Enzymes help the immune system only indirectly, not as their main role.

D. Enzymes do not help in reproduction as their main role.

30 Science

Which of the following vitamins promotes healthy functioning of eyes in human beings:

- A. Vitamin B
- B. Vitamin C
- C. Vitamin A ✓ **Correct answer**
- D. Vitamin D

A. Vitamin B does not promote healthy functioning of the eyes.

B. Vitamin C does not promote healthy functioning of the eyes.

C. Vitamin A promotes healthy functioning of the eyes.

D. Vitamin D does not promote healthy functioning of the eyes.

Question 31 Science

Malaria is a disease which effect:

- A. Heart
- B. lungs
- C. Spleen ✓ **Correct answer**
- D. Kidney

A. Malaria does not principally affect the heart.

B. It does not principally affect the lungs.

C. Malaria affects the spleen, which enlarges in the disease, the standard bank answer.

D. It does not principally affect the kidney.

Question 32 Science

Leukemia is a disease of the:

- B. Blood ✓ **Correct answer**
- C. Skin
- D. Nerves

A. Leukemia is not a disease of the lungs.

B. Leukemia is a cancer of the blood and bone marrow.

C. It is not a disease of the skin.

D. It is not a disease of the nerves.

Question 33 Science

Autopsy is connected with:

- A. Post-mortem ✓ **Correct answer**
- B. Study of living cells
- C. Cancer
- D. None of these

A. Autopsy is connected with post-mortem examination.

B. It is not the study of living cells.

C. It is not connected with cancer.

D. One option gives the connection, so None of these is wrong.

Question 34 General Knowledge

The scientist who first discovered that the Earth revolves round the sun was:

- A. Newton
- B. Dalton
- C. Copernicus ✓ **Correct answer**

A. Newton did not first discover that the Earth revolves round the Sun.

B. Dalton did not discover it.

C. Copernicus first discovered that the Earth revolves round the Sun.

D. Einstein did not discover it.

Question 35 Science

Alexander Fleming discovered:

- A. Penicillin ✓ **Correct answer**
- B. X-ray
- C. Streptomycene
- D. Telephone

A. Alexander Fleming discovered penicillin.

B. He did not discover the X-ray.

C. He did not discover streptomycin.

D. He did not discover the telephone.

Question 36 General Knowledge

The Magna carta is:

- A. The name of an English king
- B. One of Napoleon's War
- C. A British naval Ship
- D. A historical document curbing the king's power ✓ **Correct answer**

A. The Magna Carta is not the name of an English king.

ne of Napoleon wars.

C. It is not a British naval ship.

D. The Magna Carta is a historical document curbing the power of the king.

Question 37 General Knowledge

The permanent seat of international court of justice is located in:

- A. Paris
- B. Geneva
- C. Rome
- D. The Hague ✓ **Correct answer**

A. The International Court of Justice is not seated in Paris.

B. It is not seated in Geneva.

C. It is not seated in Rome.

D. The permanent seat of the International Court of Justice is in The Hague.

Question 38 General Knowledge

Which of the following UN organisations is concerned with the welfare of the children throughout the world?

- A. UNESCO
- B. UNICEF ✓ **Correct answer**
- C. WHO
- D. FAO

A. UNESCO deals with education and culture, not children welfare.

B. UNICEF is the UN organisation for the welfare of children throughout the world.

s with health, not children welfare.

D. FAO deals with food and agriculture, not children welfare.

Question 39 General Knowledge

The term of office of a judge of the International court of justice is?

- A. 5 years
- B. 6 years
- C. 9 years ✓ **Correct answer**
- D. 10 years

A. The term of office of an ICJ judge is not 5 years.

B. It is not 6 years.

C. The term of office of a judge of the International Court of Justice is 9 years.

D. It is not 10 years.

Question 40 General Knowledge

Red cross was founded by:

- A. J.H. Durant ✓ **Correct answer**
- B. Baden Powell
- C. Tryve lie
- D. Frederick passey

A. The Red Cross was founded by Jean Henri Dunant.

B. Baden-Powell founded the Scouts, not the Red Cross.

C. Trygve Lie was a UN Secretary General, not the Red Cross founder.

D. Frederick Passy did not found the Red Cross.

41 General Knowledge

Who among the following is the inventor of a system of writing and printing for the blind?

- A. Robert Wilhelm Bunsen
- B. Louis Braille ✓ **Correct answer**
- C. Sir Humphrey Davey
- D. Christian Huygens

A. Robert Wilhelm Bunsen did not invent writing for the blind.

B. Louis Braille invented the system of writing and printing for the blind.

C. Sir Humphrey Davy did not invent writing for the blind.

D. Christian Huygens did not invent writing for the blind.

Question 42 General Knowledge

Who was the first human space traveller?

- A. Edwin Aldrin (USA)
- B. Frank Borema(USA)
- C. Yuri Gagarin (Russia) ✓ **Correct answer**
- D. Gherman S.Titov(Russia)

A. Edwin Aldrin was not the first human space traveller.

B. Frank Borman was not the first human space traveller.

C. Yuri Gagarin was the first human space traveller.

D. Gherman Titov was not the first human space traveller.

43 General Knowledge

Who Pioneered the modern nursing system?

- A. Florence nightingale ✓ **Correct answer**
- B. Mother Teresa
- C. Greta Garbo
- D. None of these

A. Florence Nightingale pioneered the modern nursing system.

B. Mother Teresa did not pioneer the modern nursing system.

C. Greta Garbo was an actress, not a nursing pioneer.

D. One option names the pioneer, so None of these is wrong.

Question 44 General Knowledge

Which street is famous for stock exchange market?

- A. Fleet Street ,London
- B. Downing Street, London
- C. Wall Street ,New York ✓ **Correct answer**
- D. Broadway, New York

A. Fleet Street is famous for newspapers, not the stock exchange.

B. Downing Street is the Prime Minister residence, not the stock exchange.

C. Wall Street in New York is famous for the stock exchange market.

D. Broadway is famous for theatre, not the stock exchange.

Question 45 General Knowledge

Zionism is the nationalist movement of the:

- B. Muslims
- C. Converted Christians
- D. Hindus

A. Zionism is the nationalist movement of the Jews.

B. It is not the nationalist movement of the Muslims.

C. It is not the nationalist movement of converted Christians.

D. It is not the nationalist movement of the Hindus.

Question 46 General Knowledge

Fourth estate means:

- A. The press ✓ **Correct answer**
- B. The police
- C. The judiciary
- D. The Ministry

A. The Fourth Estate means the press.

B. It does not mean the police.

C. It does not mean the judiciary.

D. It does not mean the ministry.

Question 47 Science

Oxygen is discovered by:

- A. Rutherford
- B. William Ramsay
- C. Priestly ✓ **Correct answer**

A. Rutherford did not discover oxygen.

B. William Ramsay did not discover oxygen.

C. Oxygen was discovered by Joseph Priestley.

D. Neils Bohr did not discover oxygen.

Question 48 Science

Food is cooked quickly in a pressure cooker because:

- A. Boiling point of water is decreased
- B. Boiling point of water is increased ✓ **Correct answer**
- C. It absorb heat quickly
- D. IT retains heat for a long duration

A. The boiling point of water is not decreased in a pressure cooker.

B. Food cooks quickly in a pressure cooker because the boiling point of water is increased.

C. Absorbing heat quickly is not the reason food cooks faster.

D. Retaining heat is not the reason food cooks faster.

Question 49 Science

Bronze is an alloy of:

- A. Copper and zinc
- B. Copper and tin ✓ **Correct answer**
- C. Iron and copper
- D. Zinc and Tin

A. Copper and zinc make brass, not bronze.

an alloy of copper and tin.

C. Iron and copper do not make bronze.

D. Zinc and tin do not make bronze.

Question 50 Science

The major constituent of air is:

- A. Nitrogen ✓ **Correct answer**
- B. Carbon dioxide
- C. Oxygen
- D. Hydrogen

A. Nitrogen is the major constituent of air.

B. Carbon dioxide is only a small part of air.

C. Oxygen is second, not the major constituent.

D. Hydrogen is only a trace part of air.

Question 51 Science

Which of the following is the hardest element?

- A. Copper
- B. Diamond ✓ **Correct answer**
- C. Iron
- D. Silicon

A. Copper is not the hardest element.

B. Diamond is the hardest element, the standard bank answer.

C. Iron is not the hardest element.

not the hardest element.

Question 52 Science

Which of the following is fire resistant ?

- A. Asbestos ✓ **Correct answer**
- B. Gypsum
- C. Dolomite
- D. None of these

A. Asbestos is fire resistant.

B. Gypsum is not fire resistant in the same way.

C. Dolomite is not fire resistant in the same way.

D. One option names a fire resistant material, so None of these is wrong.

Question 53 General Knowledge

The first metal used by man was:

- A. Iron
- B. Copper ✓ **Correct answer**
- C. Gold
- D. Bronze

A. Iron was not the first metal used by man.

B. Copper was the first metal used by man.

C. Gold was not the first metal used by man.

D. Bronze, an alloy, came later than copper.

54 Science

An element common to all acids is:

- A. Hydrogen ✓ **Correct answer**
- B. Oxygen
- C. Sulphur
- D. Chlorine

A. Hydrogen is the element common to all acids.

B. Oxygen is not common to all acids.

C. Sulphur is not common to all acids.

D. Chlorine is not common to all acids.

Question 55 General Knowledge

The idea of civil defence organisation was first emerged during:

- A. First world war ✓ **Correct answer**
- B. Second world War
- C. Cold war
- D. Post Cold war

A. The idea of civil defence organisation first emerged during the First World War, with air raids on cities.

B. It did not first emerge during the Second World War.

C. It did not first emerge during the Cold War.

D. It did not first emerge in the post Cold War period.

56 Pakistan Studies

In Pakistan the first civil defence academy was established in 1958 at:

- A. Islamabad
- B. Lahore ✓ **Correct answer**
- C. Karachi
- D. Sargodha

A. The first civil defence academy in Pakistan was not established in Islamabad in 1958.

B. The first civil defence academy was established in Lahore in 1958.

C. It was not established in Karachi in 1958.

D. It was not established in Sargodha in 1958.

Question 57 General Knowledge

SAARS disaster management centre was set up in October 2006 at:

- A. New Delhi ✓ **Correct answer**
- B. Colombo
- C. Dhaka
- D. Islamabad

A. The SAARC Disaster Management Centre was set up in New Delhi in October 2006.

B. It was not set up in Colombo.

C. It was not set up in Dhaka.

D. It was not set up in Islamabad.

Note: Note: Stem prints SAARS for SAARC. Decided by assistant under owner's 8 Nov 2026 delegation.

58 Geography

The largest earthquake by magnitude in 20 century was recorded in 1960 at:

- A. Sumatra (Indonesia)
- B. Assam (India)
- C. Lima (Peru)
- D. Valdivia (Chile) ✓ **Correct answer**

A. The 1960 Sumatra earthquake was not the largest of the 20th century.

B. The Assam earthquake was not the largest of the 20th century.

C. The Lima earthquake was not the largest of the 20th century.

D. The largest earthquake of the 20th century was at Valdivia, Chile, in 1960, magnitude 9.5.

Question 59 Science

In 1935 Charles Francis Richter of US developed Richter scale to measure:

- A. Intensity of cyclone
- B. Volume of water in floods
- C. Magnitude of Earthquakes ✓ **Correct answer**
- D. None of these

A. The Richter scale does not measure the intensity of cyclones.

B. It does not measure the volume of water in floods.

C. The Richter scale measures the magnitude of earthquakes.

D. One option gives the use, so None of these is wrong.

60 Pakistan Studies

Identify the reason for the outbreak of war of independence in 1857:

- A. Non representation of Indians in legislative councils
- B. Forcible conversion of Indians to Christianity
- C. Mismanagement of Indian army
- D. All the above reasons ✓ **Correct answer**

A. Non-representation in councils was one cause of the 1857 rising.

B. Forcible conversion was one cause of the 1857 rising.

C. Mismanagement of the Indian army was one cause of the 1857 rising.

D. All three were causes of the War of Independence in 1857, so all the above reasons.

Question 61 Pakistan Studies

After which incidences Sir Sayed Ahmed khan predicted that the gulf of differences between Hindus and Muslims of India shall widen with the passage of time:

- A. Swadeshi movement of Congress
- B. Urdu Hindi controversy in UP ✓ **Correct answer**
- C. Arya samaj 's compaign against Islam
- D. Anti Muslim civil service reforms of 1867

A. The Swadeshi movement did not lead Sir Syed to predict the widening gulf.

B. Sir Syed predicted the gulf between Hindus and Muslims would widen after the Urdu-Hindi controversy in UP.

C. The Arya Samaj campaign did not lead to that prediction.

D. Anti-Muslim civil service reforms of 1867 did not lead to that prediction.

62 Pakistan Studies

Sir Syed Ahmed khan asked the Muslims not join the Indian national Congress because:

- A. It was dominated by the Hindu leaders ✓ **Correct answer**
- B. Congress was against the Muslims demand of separate electorate
- C. He urged them to join Indian patriotic association rather than Congress
- D. None of the reasons

A. Sir Syed asked Muslims not to join the Congress because it was dominated by Hindu leaders.

B. Opposition to separate electorates was not his reason for staying out of Congress.

C. Joining the Indian Patriotic Association was not his reason against Congress.

D. One of the given reasons is the true one, so None of the reasons is wrong.

Note: Note: PRINTED-KEY CORRECTION: the reproduction keys D (None of the reasons), which is wrong — Sir Syed stayed out of Congress because it was Hindu-dominated and would not protect Muslim interests. Corrected D to A. Decided by assistant under owner's 8 Nov 2026 delegation.

Question 63 Pakistan Studies

Identify the personality who founded the famous "Sindh madrasa tul Islam" in Karachi?

- A. Allama Inayat Ullah Masharqi
- B. Syed Hasan Ali Afandi ✓ **Correct answer**
- C. Sahibzada Sir Abdul Qayoom
- D. Maulana Shibli Nomani

A. Allama Mashriqi did not found Sindh Madrasa-tul-Islam.

B. Syed Hassan Ali Effendi founded the Sindh Madrasa-tul-Islam in Karachi.

C. Sahibzada Abdul Qayyum did not found Sindh Madrasa-tul-Islam.

Shibli Nomani did not found Sindh Madrasa-tul-Islam.

Question 64 Pakistan Studies

In 1927 all India Muslim League was divided into two sections one was headed by Sir Muhammad Shafi and the other by Quaid-e-Azam identify the main reason of this division:

- A. Shafi group supported joint electorate system instead of separate electorate
- B. Quaid-e-Azam 's Pro Congress approach was not acceptable to other group
- C. Sir Mohammed Shafi and his supporters wanted to cooperate with Simon commission but Quaid-e-Azam was against any cooperation with it ✓ **Correct answer**
- D. None of the above reason

A. The Shafi group did not support joint electorates; the split was over the Simon Commission.

B. The Quaid pro-Congress approach was not the reason for the 1927 split.

C. The League split in 1927 because Sir Muhammad Shafi supporters wanted to cooperate with the Simon Commission while the Quaid opposed it.

D. One option gives the reason, so None of the above reason is wrong.

Question 65 Pakistan Studies

What was "Satyagrah Movement"under Mahatma Gandhi's direction;

- A. Manocuvering for getting the sport of low cast hindus for Congress
- B. Extending support for the Muslims during khilafat movement and boycott of English made goods
- C. Civil disobedience movement against the British Indian government for acceptance of certain demands ✓ **Correct answer**
- D. Movement for the protection of cow at all cost

a was not a move to win low-caste Hindu support for Congress.

B. It was not support for Muslims during the Khilafat Movement.

C. Satyagraha was the civil disobedience movement against the British government for acceptance of demands.

D. It was not a movement for the protection of the cow.

Question 66 Pakistan Studies

Under which scheme did Muslim League surrender the demand of separate electorate for the Muslims:

- A. Delhi proposals 1927 ✓ **Correct answer**
- B. Patna scheme 1938
- C. Poona pact
- D. Never surrendered this demand

A. Under the Delhi Proposals of 1927 the Muslim League surrendered the demand for separate electorates.
