B. The national anthem was not approved in 1951.

C. The national anthem was approved by the Government in 1954.

D. The national anthem was not approved in 1957.

Question 19 Science

According to a recent research in University of Berlin, which of the following element can make bond with more four atoms, that has previously a seen as its limit?

- A. Silicon
- B. Carbon ✓ **Correct answer**
- C. Germanium
- D. Francium

A. Silicon is not the element of the Berlin research on bonding beyond four atoms.

B. Carbon was shown to bond with more than four atoms in the Berlin research.

C. Germanium is not the element of the Berlin research on bonding beyond four atoms.

D. Francium is not the element of the Berlin research on bonding beyond four atoms.

Question 20 Computer Science

A high quality CAD system uses____for printing drawing and graphs.

- A. Dot matrix printer
- B. Digital plotter ✓ **Correct answer**
- C. Line printer
- D. All of these

rix printer is not the high-quality CAD printing device.

B. A digital plotter is what a high-quality CAD system uses for printing drawings and graphs.

C. A line printer is not the high-quality CAD printing device.

D. Only the plotter fits, so All of these is wrong.

Question 21 Science

Which of these is the most predominant in the composition of atmosphere?

- A. Oxygen
- B. Nitrogen ✓ **Correct answer**
- C. Water vapour
- D. Carbon dioxide

A. Oxygen is the second most abundant gas, not the most predominant.

B. Nitrogen, about 78 percent, is the most predominant gas in the atmosphere.

C. Water vapour is a small fraction of the atmosphere, not the most predominant.

D. Carbon dioxide is a small fraction of the atmosphere, not the most predominant.

Question 22 Computer Science

___is a unique name chosen by a user while creating and E-mail..

- A. Login
- B. Password
- C. Subject
- D. Username ✓ **Correct answer**

A. A login is not the unique name chosen when creating an email account.

d is secret, it is not the unique chosen name.

C. A subject is the title of a message, not the unique chosen name.

D. A username is the unique name chosen by a user when creating an email account.
