- A. Optical Sensibility
- B. Order of Significance
- C. Operating System ✓ **Correct answer**
- D. Organized Software

A. OS does not stand for Optical Sensibility.

B. It does not stand for Order of Significance.

C. OS stands for Operating System.

D. It does not stand for Organized Software.

Question 3 Computer

The area that generally contains My computer, My document and Recycle Bin is called:

- A. Desktop ✓ **Correct answer**
- B. Tiptop
- C. Screen
- D. None of these

A. The area holding My Computer, My Documents and Recycle Bin is the Desktop.

B. Tiptop is not the name of the area.

not the name of the area.

D. Wrong: Desktop is the area.

Question 4 Computer

From which of the following can the user account be changed?

- A. Settings
- B. Control Panel ✓ **Correct answer**
- C. System Restore
- D. Computer Name

A. Settings can change some account options, but the banks' answer for changing a user account is the Control Panel.

B. The user account can be changed from the Control Panel.

C. System Restore does not change a user account.

D. Computer Name does not change a user account.

Question 5 Computer

In computing,what does DOS stand for?

- A. Data Only System
- B. Disk Only System
- C. Data Operating System
- D. Disk Operating System ✓ **Correct answer**

A. DOS does not stand for Data Only System.

B. It does not stand for Disk Only System.

C. It does not stand for Data Operating System.

ds for Disk Operating System.

Question 6 Computer

In MS Windows which of the following is program group?

- A. Accessories ✓ **Correct answer**
- B. Paint
- C. Word
- D. All of these

A. Accessories is a program group in MS Windows.

B. Paint is a single program, not a program group.

C. Word is a single program, not a program group.

D. Wrong: Accessories is the program group.

Question 7 Computer

A common name for software errors is:

- A. Bugs ✓ **Correct answer**
- B. Trojans
- C. Logic bombs
- D. Viruses

A. A common name for software errors is bugs.

B. Trojans are malware, not the general name for errors.

C. Logic bombs are malware, not the general name for errors.

D. Viruses are malware, not the general name for errors.

8 Computer

In computing, PDF stands for:

- A. Peripheral Device Front
- B. Portable Document Format ✓ **Correct answer**
- C. Peripheral Document Format
- D. Portable Device Form

A. PDF does not stand for Peripheral Device Front.

B. PDF stands for Portable Document Format.

C. It does not stand for Peripheral Document Format.

D. It does not stand for Portable Device Form.

Question 9 Computer

.....are instructions that tell a computer what to do.

- A. Input device
- B. Hardware
- C. Memory cards
- D. Software ✓ **Correct answer**

A. An input device feeds data in, it is not the instructions.

B. Hardware is the physical parts, not the instructions.

C. Memory cards store data, they are not the instructions.

D. Software is the instructions that tell a computer what to do.

Question 10 Computer

"Add or Remove programs" is an:

- B. File manager
- C. Utility program ✓ **Correct answer**
- D. Device driver

A. Add or Remove Programs is not productivity software.

B. It is not a file manager.

C. Add or Remove Programs is a utility program.

D. It is not a device driver.

Question 11 Computer

A computer virus is:

- A. A micro organism
- B. Electromagnetic waves entering computer through a network
- C. A useful micro components of a computer
- D. A computer programme ✓ **Correct answer**

Which of the following is not a binary number?

- A. 001
- B. 100
- C. 102 ✓ **Correct answer**
- D. 110

A. 001 is a binary number.

B. 100 is a binary number.

C. 102 is not a binary number, since binary uses only 0 and 1.

D. 110 is a binary number.

Question 35 Computer

How can the risk of unauthorized computer system access be reduced when connected

et?

- A. By installing anti-spam software
- B. By using a firewall ✓ **Correct answer**
- C. By setting up a WAN
- D. By encrypting all data store in the system

A. Anti-spam software does not stop unauthorized access.

B. A firewall reduces the risk of unauthorized access to a computer system.

C. Setting up a WAN does not reduce the risk.

D. Encrypting stored data protects data, it does not stop access.

Question 36 Computer

To search and view a web page, the software used is.

- A. Web
- B. WWW
- C. Web Browser ✓ **Correct answer**
- D. Search Engine

A. Web is not the software.

B. WWW is the web, not the software.

C. A web browser is the software used to search and view a web page.

D. A search engine finds pages, it is not the viewing software.

Question 37 Computer

Which is the full form of Wi-Fi?

- A. Wireless Fidelity ✓ **Correct answer**

- C. Wireless Focus
- D. Wireless Field

A. Wi-Fi stands for Wireless Fidelity.

B. It does not stand for Wired Fidelity.

C. It does not stand for Wireless Focus.

D. It does not stand for Wireless Field.

Question 38 Computer

Common methods of Internet access by users include?

- A. Broadband over coaxial cable
- B. Fiber optics or copper wires
- C. Wi-Fi
- D. All of these ✓ **Correct answer**

A. Broadband over coaxial cable is a common method of internet access.

B. Fibre optics or copper wires are common methods.

C. Wi-Fi is a common method.

D. All three are common methods, so All of these is correct.

Note: Note: Note: no printed key; answered independently. decided by assistant under owner's 8 Nov 2026 delegation.

Question 39 Computer

Data that changes continuously and cannot have discrete values is called:

- A. Continuous Data ✓ **Correct answer**

logue Data

- C. Both a and b
- D. None of these

A. Data that changes continuously and cannot have discrete values is continuous data.

B. Analogue data is the related form, but continuous data is the direct answer.

C. Both is wrong, since the stem defines continuous data.

D. Wrong: continuous data is the answer.

Question 40 Computer

A/an..... contains information like,text or music.

- A. Gadgets
- B. File ✓ **Correct answer**
- C. Keyboard
- D. Internet browser

A. A gadget is not the container of text or music.

B. A file contains information like text or music.

C. A keyboard is an input device, not the container.

D. An internet browser is not the container.

Question 41 Computer

IBM stands for

- A. International Business Machines ✓ **Correct answer**
- B. International Buy Mechanism
- C. Internet Business Machines
- D. None of these

s for International Business Machines.

B. It does not stand for International Buy Mechanism.

C. It does not stand for Internet Business Machines.

D. Wrong: International Business Machines is the expansion.

Question 42 Computer

In banks, the data on cheques is ready by the following devices:

- A. OCR
- B. OMR
- C. MICR ✓ **Correct answer**
- D. Bar-code reader

A. OCR reads printed characters, it is not the cheque reader.

B. OMR reads marks, it is not the cheque reader.

C. MICR reads the magnetic ink on cheques in banks.

D. A bar-code reader does not read cheques.

Note: Note: Note: the stem prints 'ready' for 'read'.

Question 43 Computer

.....uses information systems to do an activity cheaper,faster, accurately and consistently.

- A. Genetics
- B. Automatic
- C. Automatic ✓ **Correct answer**
- D. Robotics

A. Genetics does not use information systems to do an activity cheaper and faster.

: is the same word as the keyed option, a printing duplication.

C. Automation (printed 'Automatic') uses information systems to do an activity cheaper, faster, accurately and consistently.

D. Robotics is a narrower field, not the general answer.
