A. Correct: Aibak founded the Delhi Sultanate (1206) and died in 1210 after a fall from his horse while playing chaugan (polo).

B. Wrong: Humayun died in 1556 after falling down the stairs of his library, not playing polo.

C. Wrong: Aurangzeb died of old age in 1707 at Ahmednagar.

D. Wrong: Iltutmish (printed 'IItamish') succeeded Aibak and died in 1236 of illness, not polo. **Flag:** 'qnd' in the stem is evidently 'and'; option D 'IItamish' is Iltutmish.

5 Pak Studies

Which leader of India gave 14 Points despite of Quaid-e-Azam ?

- A. Nehru
- B. Anyat Ullah Mashraqi ✓ **Correct answer**
- C. Raja Gopal Achariya
- D. Gandhi

A. Wrong: Jawaharlal Nehru put forward the Nehru Report (1928), not a set of Fourteen Points.

B. Kept as the printed key: Inayatullah Khan Mashriqi is the answer carried by the MCQ-bank tradition for this stem. The stem itself is garbled ('despite of Quaid-e-Azam' — the Fourteen Points are Jinnah's own, 1929), so this rests on the printed key alone and is flagged SINGLE-SOURCE.

C. Wrong: C. Rajagopalachari is not associated with any Fourteen Points.

D. Wrong: Gandhi never presented a Fourteen Points formula.

Question 6 Pak Studies

9 Pak Studies

First Governor of West Punjab was ?

- A. Abdur Rab Nishtar
- B. Chorge Chunningam
- C. Sir Francis Mudi ✓ **Correct answer**
- D. Ambrose flex

A. Wrong: Nishtar was the first Governor of Punjab after 1947 in a different sense — he was Governor of Punjab (1951–53), not the first Governor of West Punjab at Partition.

B. Wrong: George Cunningham was Governor of the NWFP, not West Punjab.

C. Correct: Sir Francis Mudie was the first Governor of West Punjab (1947–49).

D. Wrong: a garbled name with no such governor. **Flag:** option B 'Chorge Chunningam' is George Cunningham; option D 'Ambrose flex' is a garbled name.

- A. China
- B. US
- C. USSR
- D. World Bank ✓ **Correct answer**

A. Wrong: China played no part in brokering the treaty.

B. Wrong: the United States supported the process but did not broker it.

C. Wrong: the Soviet Union played no part in brokering the treaty.

D. Correct: the World Bank mediated and brokered the Indus Waters Treaty (signed 19 September 1960). The model paper keys 'IMF' for its paraphrase — that is wrong and is not followed.

Question 12 Pak Studies

In which city was the Muslim League founded ?

- A. Aligarh
- B. Lucknow
- C. Dhaka ✓ **Correct answer**
- D. Bombay

A. Wrong: Aligarh was the centre of the Aligarh Movement and the MAO College, not the League's founding city.

B. Wrong (the printed key): Lucknow hosted the 1916 League session (Lucknow Pact) and the 1937 session, but the League was not founded there.

C. Correct: the All-India Muslim League was founded at Dhaka (Dacca) on 30 December 1906, during the All-India Muhammadan Educational Conference session. The model

Dhakka (Dhaka), agreeing with this correction.

D. Wrong: Bombay hosted the Congress's founding (1885), not the League's. **Flag:** this is the file's one printed-key correction, made openly: the reproduction keys B, but the historical fact and the second source both give Dhaka.

Question 13 Pak Studies

- A. Palestine ✓ **Correct answer**
- B. Azamgarh
- C. Lahore
- D. Aligarh

A. Correct: Maulana Muhammad Ali Jauhar died in London in 1931 and was buried in Jerusalem, Palestine, as he had wished.

B. Wrong: Azamgarh is in UP, India; Jauhar was not buried there.

C. Wrong: Jauhar is not buried in Lahore.

D. Wrong: Aligarh was associated with his education and politics, not his burial.

Question 14 Geography & World GK

City with 118 islands ____?

- A. Indonesia
- B. None of these
- C. Venice ✓ **Correct answer**
- D. Maldives

A. Wrong: Indonesia is an archipelago of thousands of islands, not a city of 118.

B. Wrong: one of the options is correct, so 'none of these' fails.

enice is built on 118 small islands in the Venetian Lagoon.

D. Wrong: the Maldives is a country of about 1,200 coral islands, not a city of 118.

Question 15 Geography & World GK

Which continent has no desert ?

- A. Europe ✓ **Correct answer**
- B. Australia
- C. Asia
- D. Africa

A. Correct: Europe is the continent with no true desert (its driest area, the Tabernas in Spain, is semi-desert). The model paper and testpointpk agree on Europe.

B. Wrong: Australia has ten deserts, including the Great Victoria Desert.

C. Wrong: Asia has the Arabian, Gobi and Thar deserts, among others.

D. Wrong: Africa has the Sahara, the world's largest hot desert.

- B. None of these
- C. The North Pole ✓ **Correct answer**
- D. South Pole

A. Wrong: the Equator is the 0° latitude line; the Arctic is far north of it.

B. Wrong: one of the options is correct, so 'none of these' fails.

C. Correct: the Arctic is the region around the North Pole.

D. Wrong: the South Pole is the Antarctic, the opposite end of the Earth.

Question 18 Geography & World GK

Distance between star and planet is measured in ?

- A. Light Year
- B. Agstrong
- C. Astronomical Year ✓ **Correct answer**
- D. None of these

A. Wrong for this stem: the light-year measures interstellar distances (star to star), not the distance between a star and its planet.

B. Wrong: 'Agstrong' is a misprint of Angstrom, a unit of very small lengths (10^-10 m), not of planetary distances.

C. Kept as the intended answer: the stem means the astronomical unit (AU, the Earth–Sun distance), the unit for distances within a planetary system; 'Astronomical Year' is evidently

print for 'Astronomical Unit'. The model paper keys 'Light year' for its paraphrase — that is the interstellar unit and is not followed for this stem.

D. Wrong: the intended astronomical answer is among the options. **Flag:** 'Agstrong' is Angstrom; 'Astronomical Year' is read as Astronomical Unit (AU).

Question 19 Geography & World GK

Baglihar Dam is constructed on which river ?

- A. Jhelum River
- B. Indus River
- C. None of these
- D. Chenab River ✓ **Correct answer**

A. Wrong: the Jhelum carries the Mangla and Uri dams, not Baglihar.

B. Wrong: the model paper keys 'Indus' for its paraphrase of this stem — that is wrong and is not followed; Baglihar is not on the Indus.

C. Wrong: one of the options is correct, so 'none of these' fails.

D. Correct: the Baglihar Dam (Jammu and Kashmir) is built on the Chenab River.

Question 20 Geography & World GK

Which of the following countries have more than one capital ?

- A. Bolivia
- B. All of these ✓ **Correct answer**
- C. South Africa
- D. Netherland

A. True on its own: Bolivia has Sucre (constitutional) and La Paz (seat of government) — but the question asks which option covers all such countries.

olivia (Sucre/La Paz), South Africa (Pretoria, Cape Town, Bloemfontein) and the Netherlands (Amsterdam/Hague) all have more than one capital.

C. True on its own: South Africa has three capitals — but it is only one of the three.

D. True on its own: the Netherlands has Amsterdam (constitutional) and The Hague (seat of government) — but it is only one of the three.

Question 21 Geography & World GK

Which theory belongs to IPE ?

- A. Federation
- B. Interdependence ✓ **Correct answer**
- C. None of these
- D. Balance of payment

A. Wrong: federation is a form of political organisation, not an IPE theory.

B. Correct: interdependence (liberal) theory is one of the core theories of International Political Economy, alongside realism/mercantilism and Marxism.

C. Wrong: one of the options is correct, so 'none of these' fails.

D. Wrong: the balance of payments is an accounting record, not a theory of IPE. **Flag:** the stem is awkwardly worded ('Which theory belongs to IPE ?'); IPE is International Political Economy.

Question 22 Pak Studies

- B. Martin Luther king Jr ✓ **Correct answer**
- C. Nelson Mandela
- D. Martin Luther

A. Wrong: Gandhi led India's independence movement, not the American Civil Rights Movement.

B. Correct: Martin Luther King Jr. was the leading figure of the US Civil Rights Movement (1955–68).

C. Wrong: Mandela led the anti-apartheid struggle in South Africa, not the US movement.

D. Wrong: Martin Luther was the 16th-century German reformer, not the civil-rights leader.

Question 26 Geography & World GK

Total members of NATO ?

- A. 32 ✓ **Correct answer**
- B. 28
- C. 27
- D. 29

e printed key. NATO has 32 members since Sweden joined on 7 March 2024. NOTE ON TIME: at the exam date (8 October 2023) NATO had 31 members — Finland had joined in April 2023 and Sweden had not yet joined. The reproduction's key is the post-2024 count; no option offers 31, so 32 is the only answer the question as reproduced can take. The model paper also keys 32.

B. Wrong: NATO passed 28 members in 2009 (Albania and Croatia made 28 then; the alliance has grown since).

C. Wrong: 27 was never the NATO total at any recent date.

D. Wrong: NATO had 29 members in 2017–2020 (after Montenegro joined), not now.

Question 27 Geography & World GK

Mamta Banerji belongs to which party ?

- A. All India Trinamool Congress ✓ **Correct answer**
- B. Bharti Janta Party
- C. Communist
- D. Congress

In which court was the case of Kul Bhushan Yadav taken up ?

- A. High Court of Pakistan

reme Court of Pakistan

- C. Asian Court of justice
- D. International Court of Justice ✓ **Correct answer**

A. Wrong: no Pakistani high court heard the case.

B. Wrong: the case went to the international court, not Pakistan's Supreme Court.

C. Wrong: there is no 'Asian Court of Justice' that heard this case.

D. Correct: India took Pakistan to the ICJ at The Hague over Kulbhushan Jadhav; the ICJ ruled in July 2019.

Question 29 Geography & World GK

Current Chief Justice of Pakistan ____?

- A. Saqib Nisar
- B. Yahya Afridi ✓ **Correct answer**
- C. Gulzar ahmed
- D. Umer atta bandial

A. Wrong: Saqib Nisar was CJP in 2018–19, not now.

B. Kept as the printed key: Justice Yahya Afridi has been Chief Justice of Pakistan since 26 October 2024. NOTE ON TIME: at the exam date (8 October 2023) the CJP was Qazi Faez Isa (17 Sep 2023 – 25 Oct 2024), who is NOT among the options — the reproduction was evidently re-keyed after October 2024 (its own explanation block names chief justices sworn in as late as December 2025). The question as reproduced can only be answered with the updated key. The model paper also keys Yahya Afridi, and testpointpk's version of this question lists Qazi Faez Isa among its options, confirming the exam-time answer was Isa.

C. Wrong: Gulzar Ahmed was CJP in 2019–22, not now.

mar Ata Bandial was CJP until 16 September 2023, just before this exam — not the current CJP. **Flag:** the source's own explanation block for this question is excluded (see metadata): it is a long, partly anachronistic editorial block naming December 2025 appointments and two different Chief Justices of KPK.

Question 30 Geography & World GK

Female voter percentage in Pakistan ?

- A. 48 %
- B. 52 %
- C. 44 % ✓ **Correct answer**
- D. 56 %

A. Not kept: the model paper keys 48% for its paraphrase, but 48% matches no published ECP figure for the female share of the electorate.

B. Wrong: women have never been a majority of Pakistan's registered voters.

C. Kept: 44% matches the ECP electoral rolls in force at the exam period — 46.73 million women out of 105.96 million registered voters (2018 rolls) = 44.1%. (Later rolls rose to about 46% women by the 2024 election; the paper's figure is the 2018-roll figure.)

D. Wrong: 56% is roughly the MALE share of the electorate, not the female share.

Question 31 Geography & World GK

- D. Turkey ✓ **Correct answer**

A. Wrong: Ukraine was not on the FATF grey list alongside Pakistan.

B. Wrong: Azerbaijan was not on the FATF grey list alongside Pakistan.

C. Wrong: Uzbekistan was not on the FATF grey list alongside Pakistan.

D. Correct: Turkey was placed on the FATF grey list in October 2021 and remained there until June 2024, overlapping Pakistan's listing (Pakistan was removed in October 2022). The model paper keys 'Nicaragua' on a differently-worded stem (about removal in October 2022); on this paper's stem — which country remained on the list along with Pakistan — Turkey is the answer.

Question 35 Geography & World GK

UN Female Bravery Award given to Pakistani female soldier for her services in which country ?

go ✓ **Correct answer**

- B. Ghana
- C. Liberia
- D. South Sudan

A. Kept as the printed key: the MCQ-bank fact is that the Pakistani peacekeeper's UN award was for service in Congo (MONUSCO). This could not be independently verified against a named award record, so it is flagged SINGLE-SOURCE.

B. Wrong: no such award for service in Ghana is recorded for a Pakistani peacekeeper.

C. Wrong: no such award for service in Liberia is recorded for a Pakistani peacekeeper.

D. Wrong: no such award for service in South Sudan is recorded for a Pakistani peacekeeper.

- A. Thailand
- B. Uganda ✓ **Correct answer**
- C. Brazil
- D. Malaysia

A. Wrong: Zika was not first identified in Thailand.

B. Correct: the Zika virus was first identified in 1947 in the Zika Forest of Uganda.

C. Wrong: Brazil saw the large 2015 outbreak, but the virus did not originate there.

D. Wrong: Zika was not first identified in Malaysia.

Question 37 Everyday Science

Second most affected country by COVID-19 ?

- B. Peru
- C. Hungry
- D. Brazil ✓ **Correct answer**

A. Wrong: France ranks below Brazil on COVID-19 deaths.

B. Wrong: Peru had the highest per-capita death rate, but not the second-highest total deaths.

C. Wrong: 'Hungry' is a misprint of Hungary, which ranks far below Brazil on total COVID-19 deaths.

D. Correct: by total COVID-19 deaths, the United States is first and Brazil second (over 700,000 deaths). The model paper agrees, keying Brazil for 'second highest covid-19 death toll'. **Flag:** option C 'Hungry' is evidently 'Hungary'.

Question 38 Everyday Science

Baking soda is also known as :

- A. Sodium bicarbonate ✓ **Correct answer**
- B. Soda ash
- C. Caustic soda
- D. Sodium carbonate

A. Correct: baking soda is sodium bicarbonate, NaHCO3 (testpointpk's version of this question also lists NaHCO3).

B. Wrong: soda ash is sodium carbonate (Na2CO3), a different compound.

C. Wrong: caustic soda is sodium hydroxide (NaOH).

D. Wrong: sodium carbonate is washing soda / soda ash, not baking soda.

39 Everyday Science

- A. 80%
- B. 73%
- C. 90% ✓ **Correct answer**
- D. 55%

A. Wrong: 80% is too low for the water share of plasma.

B. Wrong: 73% is not the water share of plasma.

C. Correct: blood plasma is about 90–92% water (90% is the closest option).

D. Wrong: 55% is the share of plasma in whole blood, not the share of water in plasma. (The model paper keys 55% for its differently-worded stem, 'percentage of plasma in human blood' — a different question, and 55% is right for that stem.)

Question 40 Everyday Science

Tomato belongs to which part of the Plant ?

- A. Fruit ✓ **Correct answer**
- B. Root
- C. Stem
- D. Leave

A. Correct: botanically the tomato is a fruit — it develops from the flower's ovary and contains seeds.

B. Wrong: the root is underground and does not bear the tomato.

C. Wrong: the stem supports the plant; the tomato grows on it but is not part of it.

D. Wrong: the leaf ('Leave' as printed) is the photosynthetic organ, not the tomato.

41 Everyday Science

Animal without a vertebrate column in it ?

- A. Seahorse
- B. Shark
- C. Starfish ✓ **Correct answer**
- D. Wale

A. Wrong: the seahorse is a fish with a backbone.

B. Wrong: the shark is a vertebrate (its skeleton is cartilage, but it has a vertebral column).

C. Correct: the starfish is an invertebrate echinoderm with no vertebral column.

D. Wrong: the whale ('Wale' as printed) is a mammal with a backbone. **Flag:** the model paper keys 'Fish' for its paraphrase ('which animal does NOT have a backbone') — that is wrong, since fish are vertebrates, and is not followed.

Question 42 Everyday Science

D. Wrong: 'rely of' is not idiomatic English.

47 English

Idiom Neck and neck means to .

- A. Compete equally ✓ **Correct answer**
- B. To fight
- C. Collaborate
- D. Aggravate

A. Correct: 'neck and neck' means level with each other in a contest, competing equally.

B. Wrong: the idiom describes equal competition, not fighting.

C. Wrong: the idiom describes rivals, not collaborators.

D. Wrong: the idiom has nothing to do with aggravation. **Flag:** the stem is truncated ('means to .'); read as 'means ...'.

Question 48 English

He gave ____ smoking.

- A. For
- B. Up ✓ **Correct answer**
- C. None of these
- D. Off

A. Wrong: 'gave for smoking' is not idiomatic.

B. Correct: 'gave up smoking' is the phrasal verb meaning to quit.

C. Wrong: one of the options is correct, so 'none of these' fails.

D. Wrong: 'gave off smoking' is not idiomatic ('give off' means to emit, as a smell).

49 English

Sock:Foot::Glove: ____?

- A. Hand ✓ **Correct answer**
- B. Head
- C. Neck
- D. None of these

A. Correct: as a sock covers the foot, a glove covers the hand.

B. Wrong: the head is covered by a hat, not a glove.

C. Wrong: the neck is covered by a scarf, not a glove.

D. Wrong: the correct answer is among the options, so 'none of these' fails.

Question 50 English

Please place the book ____ the table .

- A. Under
- B. On ✓ **Correct answer**
- C. Upon
- D. At

A. Wrong: 'under the table' would mean beneath it, not the natural place for a book.

B. Correct: a book is placed 'on' the table — on its surface.

C. Wrong: 'upon' is a formal synonym of 'on', but the plain idiomatic choice for placing a book is 'on'; 'upon' is not the expected answer here.

D. Wrong: 'at the table' describes a person's position, not where a book is placed.

51 English

Which of the following is correct ?

- A. The laborers were called off the strike for four days
- B. The laborers are called off the strike for four days
- C. The laborers have called off the strike for four days ✓ **Correct answer**
- D. The laborers called off the strike for four days

A. Wrong: 'were called off' is passive and makes the laborers the object of the calling-off, which reverses the meaning.

B. Wrong: 'are called off' is passive and unidiomatic here; the workers themselves call off a strike.

C. Correct: present perfect active voice — the laborers themselves ended the strike, and 'for four days' fits the present perfect.

D. Wrong: the simple past 'called off' does not pair naturally with the duration 'for four days' in the intended sense; the present perfect is the expected form. (The model paper keys 'Are' for a differently-worded stem, 'Laborers ____ on strike for four days' — a different sentence, not a contradiction.)

Question 52 English

The brave army did not yield ____ the enemy ?

- A. To ✓ **Correct answer**
- B. At
- C. Of
- D. Against

A. Correct: the phrasing is 'yield to the enemy' — to surrender or give way to them.

B. Wrong: 'yield at' is not idiomatic English.

eld of is not idiomatic English.

D. Wrong: 'yield against' is not idiomatic English.

Question 53 English

The Policeman said , Do not cross the speed limit ?

- A. The policeman asked me to not cross the speed limit
- B. The policeman forbid to cross the speed limit ✓ **Correct answer**
- C. The policeman said to not cross the speed limit
- D. The policeman said did not cross the speed limit

A. Not kept: 'asked me to not cross' is grammatical but weaker — the direct command 'Do not cross' is a prohibition, and the reporting verb for a prohibition is 'forbade', not 'asked'.

B. Kept: it is the only option carrying the forbidding construction for a prohibition ('Do not cross…'). Its grammar is imperfect — it should read 'The policeman forbade me to cross the speed limit' ('forbid' for 'forbade', and the object 'me' is missing) — but among the four options it is the intended indirect-speech form. The model paper keys 'The policeman forbade me to cross the speed limit' for its paraphrase, confirming the intended construction.

C. Wrong: 'said to not cross' is not the standard indirect-speech form for a command.

D. Wrong: this is ungrammatical ('said did not cross'). **Flag:** option B 'forbid' should be 'forbade me'; option D carries a double space as printed.

Question 54 Computer

=Now () is used to add date and time in the cell.

- A. When file created
- B. None of these
- C. Current date and time ✓ **Correct answer**

vious time when file opened"

A. Wrong: NOW() does not return the file-creation time.

B. Wrong: one of the options is correct, so 'none of these' fails.

C. Correct: in MS Excel, =NOW() returns the current date and time.

D. Wrong: NOW() updates to the current moment; it does not store the previous opening time. **Flag:** '=Now ()' is evidently '=NOW()'.

Question 55 Computer

Latest generation computer uses for processing ?

- A. None of these
- B. Parallel
- C. Sequential
- D. Sequential and parallel ✓ **Correct answer**

A. Wrong: the processing mode is among the options, so 'none of these' fails.

B. Not the keyed answer: modern computers do use parallel processing (multi-core), but the MCQ-bank convention keys the combined option.

C. Wrong: sequential processing alone describes early generations, not the latest.

D. Kept as the printed key: the convention answer is that the latest generation uses both sequential and parallel processing. This rests on the convention alone and is flagged SINGLE-SOURCE.

Question 56 Computer

A character that is raised and smaller above the baseline is known bas ___?

- A. Superscript ✓ **Correct answer**
- B. Subscript

- D. Both A&B

A. Correct: a superscript is a character raised above the baseline and smaller, as in x^2.

B. Wrong: a subscript sits BELOW the baseline, as in H_2O.

C. Wrong: one of the options is correct, so 'none of these' fails.

D. Wrong: superscript and subscript are opposite positions; a character cannot be both.

Flag: 'known bas' is evidently 'known as'.

Question 57 Computer

Which is used for fraction so data in MS Excel doesn't read it as date ?

- A. @
- B. $
- C. Space ✓ **Correct answer**
- D. /

A. Wrong: '@' does not stop Excel reading a fraction as a date.

B. Wrong: '$' marks currency, not a fraction.

C. Correct: typing a fraction as '0 1/2' (zero, space, fraction) stops Excel from reading '1/2' as a date.

D. Wrong: '/' is the very character that makes Excel read the entry as a date (1/2 → 1 Feb).

Question 58 Computer

Which of the following is used to open text video and image ?

- A. Text
- B. URL
- C. Hypermedia

perlink ✓ **Correct answer**

A. Wrong: plain text alone does not open media.

B. Wrong: a URL is an address; it is the hyperlink that carries it and opens the target.

C. Wrong: hypermedia is the general concept of linked media, not the clickable element that opens them.

D. Kept as the printed key: in MCQ-bank convention, the hyperlink is what opens linked text, video and images. This rests on the convention alone and is flagged SINGLE-SOURCE.

Question 59 Computer

Shortcut key is used to add time in excel ?

- A. Ctrl+Shift+; ✓ **Correct answer**
- B. Ctrl+()
- C. Ctrl(Now)
- D. Ctrl+:

A. Correct: in MS Excel, Ctrl+Shift+; (Ctrl+Shift+colon) inserts the current time.

B. Wrong: this is a garbled option, not an Excel shortcut.

C. Wrong: this is a garbled option, not an Excel shortcut.

D. Wrong: Ctrl+; (without Shift) inserts the current DATE, not the time. **Flag:** options B and C are garbled as printed.

Question 60 Computer

Collection of related tables is called ___.

- A. Field
- B. Database ✓ **Correct answer**
- C. Record

A. Wrong: a field is a single column (attribute) of a table, not a collection of tables.

B. Correct: a database is a collection of related tables (and their data).

C. Wrong: a record is a single row of a table, not a collection of tables.

D. Wrong: a cell is a single value at the intersection of a row and column.

Question 61 Computer

Shortcut key is used for making chart in Excel v?

- A. F5
- B. F7
- C. F11 ✓ **Correct answer**
- D. F12

A. Wrong: F5 opens the Go To dialog in Excel.

B. Wrong: F7 runs spell check in Excel.

C. Correct: F11 creates a chart from the selected data in Excel.

D. Wrong: F12 opens Save As in Excel. **Flag:** the stem is truncated ('in Excel v?').

Question 62 Computer

Shift+F11 is used to add new ____ in excel ?

- A. Sheet ✓ **Correct answer**
- B. Cell
- C. Column
- D. Row

A. Correct: Shift+F11 inserts a new worksheet in Excel.

new cell is not inserted by Shift+F11.

C. Wrong: a new column is inserted by Ctrl+Shift+Plus, not Shift+F11.

D. Wrong: a new row is inserted by Ctrl+Shift+Plus, not Shift+F11.

Question 63 Computer

Computer gives output in the form of _____?

- A. Record
- B. Information ✓ **Correct answer**
- C. File
- D. Data

A. Wrong: a record is stored data, not the general form of output.

B. Correct: processed data presented by the computer is information — the MCQ-bank answer for 'output in the form of'.

C. Wrong: a file is a storage unit, not the general form of output.

D. Wrong: data is the raw input; what the computer gives out after processing is information.

Question 64 Computer

To correct misspell which feature is used ?

- A. Auto Correct ✓ **Correct answer**
- B. Treasurer
- C. Auto Cover
- D. Spell Correct

A. Correct: AutoCorrect automatically fixes common misspellings as you type.

B. Wrong: 'Treasurer' is evidently a misprint of 'Thesaurus', which gives synonyms, it

rect spelling.

C. Wrong: 'Auto Cover' is not a word-processing feature.

D. Wrong: there is no feature called 'Spell Correct' (the checker is 'Spelling / Spell Check').

Question 65 Computer

Shortcut Key to move one page down ?

- A. Page Down
- B. Shift+Page Down
- C. Ctrl+Page Down ✓ **Correct answer**
- D. Ctrl+Page up

A. Not the keyed answer: Page Down moves one screen down in most programs, and the model paper keys 'Page Down key' for its differently-worded stem ('one screen down') — a different stem, not a contradiction of this one.

B. Wrong: Shift+Page Down is not the standard shortcut for moving a page down.

C. Kept as the printed key: the MS Word / MCQ-bank convention is that Ctrl+Page Down moves the cursor to the next page (one page down). This rests on the convention alone and is flagged SINGLE-SOURCE.

D. Wrong: Ctrl+Page Up moves one page UP, the opposite direction.

Question 66 Computer

Hyperlink can be ____?

- A. Drawing object
- B. All of these ✓ **Correct answer**
- C. Text
- D. Pictures

s own: a hyperlink can be attached to a drawing object — but it is only one of the forms.

B. Correct: a hyperlink can be attached to text, pictures, and drawing objects alike.

C. True on its own: a hyperlink is most commonly attached to text — but it is only one of the forms. The model paper keys 'Text' for its paraphrase of this stem — that is the narrow answer and is not followed.

D. True on its own: a hyperlink can be attached to a picture — but it is only one of the forms.

Question 67 Computer

Word processor is used to write ?

- A. All of these
- B. Biography ✓ **Correct answer**
- C. Tables of spent money
- D. To search on internet

A. Wrong: 'all of these' includes searching the internet, which a word processor is not used for.

B. Correct: a word processor is used to write documents such as a biography. The model paper agrees in substance, keying 'Type a biography'.

C. Wrong: tables of money are the work of a spreadsheet, not a word processor.

D. Wrong: searching the internet is the work of a browser, not a word processor.

Question 68 Computer

The COUNT function is used to find which type of cells ?

- A. Non empty cells

- C. Numeric Number ✓ **Correct answer**
- D. Alphanumeric Cell

A. Wrong: counting non-empty cells is COUNTA's job, not COUNT's.

B. Wrong: one of the options is correct, so 'none of these' fails.

C. Correct: COUNT counts the cells that contain numbers.

D. Wrong: COUNT does not count text or alphanumeric cells (COUNTA does).

Question 69 Computer

Which of the following is used for backward action ?

- A. Redo
- B. Help
- C. Undo ✓ **Correct answer**
- D. None of these

A. Wrong: Redo repeats an undone action — it goes forward, not backward.

B. Wrong: Help opens assistance; it does not reverse an action.

C. Correct: Undo (Ctrl+Z) reverses the last action — the backward action.

D. Wrong: the correct answer is among the options, so 'none of these' fails.

Question 70 Computer

Which of the following component has input output and storage available?

- A. Hardware ✓ **Correct answer**
- B. Software
- C. Firmware
- D. All of these

ardware is the physical component that provides input devices, output devices and storage.

B. Wrong: software is programs and data; it has no physical input/output/storage of its own.

C. Wrong: firmware is low-level software embedded in hardware; it does not itself provide input, output and storage.

D. Wrong: only hardware provides all three.

Question 71 Computer

An optical disk is an electronic data storage medium that can be written and read from using a ____?

- A. All of these
- B. Low power laser beam ✓ **Correct answer**
- C. High Power laser beam
- D. Strong power laser beam

A. Wrong: the beams are not all correct — only one power level is the standard.

B. Correct: optical disks (CD/DVD) are read and written with a low-power laser beam.

C. Wrong: a high-power laser would damage the disk surface.

D. Wrong: 'strong power' is not the standard description; the reading/writing laser is low-power.

Question 72 Computer

Paste special option is used for ____?

- A. Formula
- B. Formats

- D. Validation

A. True on its own: Paste Special can paste formulas only — but it is only one of its uses.

B. True on its own: Paste Special can paste formats only — but it is only one of its uses.

C. Correct: Paste Special can paste formulas, formats, values, validation and more — all of the listed uses.

D. True on its own: Paste Special can paste validation only — but it is only one of its uses. The model paper keys 'Validation' for its paraphrase — the narrow answer, not followed.

Question 73 Computer

Sequence of 4 bits ____?

- A. Byte
- B. Kilobyte
- C. Nibble ✓ **Correct answer**
- D. Megabyte

A. Wrong: a byte is 8 bits, not 4.

B. Wrong: a kilobyte is 1,024 bytes, not 4 bits.

C. Correct: a nibble is a sequence of 4 bits (half a byte).

D. Wrong: a megabyte is about a million bytes, not 4 bits.

Question 74 Computer

What do we have to do after the installation of a driver ?

- A. Restart ✓ **Correct answer**
- B. Sleep
- C. Restore

A. Correct: after installing a driver the computer is typically restarted so the driver loads.

B. Wrong: sleep only suspends the session; it does not load a new driver.

C. Wrong: restore returns the system to an earlier state; it is not the step after a driver install.

D. Wrong: shutting down without restarting does not complete the driver load (a restart is the expected step).

Question 75 Computer

Which of the following does not belong to queues for processes ?

- A. Ready Queue
- B. Device queue
- C. PCB queue ✓ **Correct answer**
- D. Job queue

A. Wrong: the ready queue IS a process queue (processes waiting for the CPU).

B. Wrong: the device queue IS a process queue (processes waiting for an I/O device). The model paper keys 'Device queue' for its paraphrase — that is wrong and is not followed.

C. Correct: there is no standard 'PCB queue' among the operating-system process queues; the PCB (Process Control Block) is a data structure, not a queue.

D. Wrong: the job queue IS a process queue (processes waiting to be loaded).

Question 76 Computer

Gmail Hotmail and Yahoo Mail are ____?

- A. Email client
- B. Both

- D. Email server ✓ **Correct answer**

A. Not the keyed answer: an email client is the program on the user's device (Outlook, Thunderbird); Gmail, Hotmail and Yahoo Mail are services, not clients.

B. Wrong: they are not both client and server in the MCQ-bank sense.

C. Wrong: one of the options is the keyed answer, so 'none of these' fails.

D. Kept as the printed key: the MCQ-bank convention treats Gmail, Hotmail and Yahoo Mail as email servers/services (they provide the mail service, as opposed to a client program). The model paper keys 'Client server' for its paraphrase — a different label for the same idea; the primary key is kept and the item is flagged SINGLE-SOURCE.

Question 77 Computer

Which of the following is not a valid data type in MS Access ?

- A. Picture ✓ **Correct answer**
- B. Text
- C. Time
- D. Numeric

A. Correct: 'Picture' is not an MS Access data type (images are stored via Attachment or OLE Object); the other three are valid types.

B. Wrong: Text (Short Text) IS a valid Access data type.

C. Wrong: Date/Time IS a valid Access data type.

D. Wrong: Number (numeric) IS a valid Access data type.

Question 78 Computer

Nested function is ____?

- B. Function nearest a function
- C. Function within a function ✓ **Correct answer**
- D. Function outside a function

A. Wrong: one of the options is correct, so 'none of these' fails.

B. Wrong: 'nearest' is not the definition of nesting.

C. Correct: a nested function is a function defined or used inside another function (as in Excel, =IF(SUM(A1:A5)>10,...)).

D. Wrong: a function outside another function is not nested.

Question 79 Mathematics

If 35 labor digs 805 cm^3 in 5 hours and 30 labors work in 6 hours how much will they dig ?

- A. 902 m^3
- B. 828 m^3 ✓ **Correct answer**
- C. 725 m^3
- D. 626 m^3

A. Wrong: 902 does not follow from the rate — see the working under B.

B. Correct: rate = 805 ÷ (35 × 5) = 805 ÷ 175 = 4.6 m^3 per labour-hour. Then 30 labourers × 6 hours × 4.6 = 828 m^3.

C. Wrong: 725 does not follow from the rate.

D. Wrong: 626 does not follow from the rate. **Flag:** the stem says '805 cm^3' but the options are in m^3; read as 805 cubic metres.

80 Mathematics

Find the lowest ratio -0.35:0.65 ?

- A. 7:13 ✓ **Correct answer**
- B. 5:13
- C. 7:05
- D. 35:65

A. Correct: 0.35:0.65 = 35:65, and dividing both sides by 5 gives 7:13, the lowest terms.

B. Wrong: 5:13 would come from 0.25:0.65, not 0.35:0.65.

C. Wrong: 7:05 is not a ratio in lowest terms (and 0.35:0.65 is not 7:5).

D. Wrong: 35:65 is the same ratio but NOT in its lowest terms — both sides still divide by 5. **Flag:** the stem '-0.35:0.65' is read as 0.35:0.65.

Question 81 Mathematics

Log base 10 of 0.0001

- A. -4 ✓ **Correct answer**
- B. 4
- C. -0.25
- D. 4

A. Correct: $\log_{10}(0.0001) = \log_{10}(10^{-4}) = -4$.

B. Wrong: 4 is the log of 10,000, not of 0.0001.

C. Wrong: -0.25 has no connection to this logarithm.

D. Wrong: same as B — the option '4' is printed twice (B and D). **Flag:** option '4' is printed twice (B and D).

82 Mathematics

Find (a+b)√5+1 /√5-1 and (√5-1)/√5+1

- A. 4
- B. 5
- C. 3 ✓ **Correct answer**
- D. 12+4√5/4

A. Wrong: the sum is not 4 — see the working under C.

B. Wrong: the sum is not 5.

C. Correct: reading the stem as (√5+1)/(√5−1) + (√5−1)/(√5+1): the first term = (6+2√5)/4 and the second = (6−2√5)/4; their sum = 12/4 = 3.

D. Wrong: this garbled option is not the value of the sum. **Flag:** the stem is garbled as printed ('Find (a+b)√5+1 /√5-1 and (√5-1)/√5+1'); read as the sum of the two fractions above.

Question 83 Mathematics

The car is making an angle of depression of 30 degrees with the 75m high tower . What is the distance of the car from the base of the tower ?

- A. 75√3 ✓ **Correct answer**
- B. 50√3
- C. 25
- D. 75√3√2

A. Correct: tan 30° = 75 ÷ distance, so distance = 75 ÷ (1/√3) = 75√3 metres.

B. Wrong: 50√3 would follow from a 50 m tower, not 75 m.

C. Wrong: 25 is not the distance for a 75 m tower at 30°.

D. Wrong: the extra √2 has no place in this calculation.

84 Mathematics

Three gentleman and three ladies are candidates for two vacancies . A voter has to vote for two candidates . In how many ways can he cast his vote ?

- A. 30
- B. 36
- C. 15 ✓ **Correct answer**
- D. 6

A. Wrong: 30 is 6 × 5 — the number of ordered pairs, but the vote is for a pair, not an ordered pair.

B. Wrong: 36 is 6 × 6, which counts a candidate twice — not the number of pairs.

C. Correct: choose any 2 of 6 candidates: C(6,2) = 6×5 ÷ 2 = 15 ways.

D. Wrong: 6 is the number of candidates, not the number of ways to choose two.

Question 85 Islamiat

Which book is known to be written by Hazrat Ali ?

- A. Nahj al Balagha ✓ **Correct answer**
- B. None of these
- C. Hijatul balaigah
- D. Khashful Mahjub

A. Correct: Nahj al-Balagha (Peak of Eloquence), the collection of Hazrat Ali's sermons, letters and sayings, is attributed to him (compiled by Sharif al-Radi).

B. Wrong: the correct book is among the options, so 'none of these' fails.

C. Wrong: 'Hijatul balaigah' is a garbled rendering, not a book of Hazrat Ali.

D. Wrong: Kashf al-Mahjub was written by Ali Hujwiri (Data Ganj Bakhsh), not by Hazrat Ali.

86 Islamiat

Which son of the Prophet Ismail stayed in Hijaz ?

- A. Kalab
- B. None of these
- C. Qaydaar ✓ **Correct answer**
- D. Murra

A. Wrong: Kilab is an ancestor in the Prophet Muhammad's lineage, not a son of Ismail who stayed in Hijaz.

B. Wrong: the correct son is among the options, so 'none of these' fails.

C. Correct: Qaydar (Qedar), son of Ismail, is the one who remained in Hijaz; the Prophet Muhammad's line descends through him.

D. Wrong: Murra is an ancestor in the Prophet's lineage, not a son of Ismail.

Question 87 Islamiat

Which wife of Holy Prophet Muhammad was Scholar ?

- A. Hazrat Ayesha (R.A) ✓ **Correct answer**
- B. Hazrat Zainab (R.A)
- C. Hazrat Hafsa(R.A)
- D. Hazrat Umme Habiba (R.A)

A. Correct: Hazrat Ayesha (RA) was the great scholar among the Prophet's wives — a leading narrator of hadith and authority on Islamic law.

B. Wrong: Hazrat Zainab (RA) is honoured for her generosity, not as the scholar among the wives.

C. Wrong: Hazrat Hafsa (RA) is honoured as the keeper of the first compiled Quran, not as the scholar.

Hazrat Umm Habiba (RA) is not the wife remembered as the scholar.

Question 88 Islamiat

Zunoorain is the title of ____?

- A. Hazrat Abu Bakar
- B. Hazrat Umer
- C. Hazrat Usman ✓ **Correct answer**
- D. Hazrat Ali

A. Wrong: Hazrat Abu Bakr's title is Siddiq, not Zun-Noorain.

B. Wrong: Hazrat Umar's title is Farooq, not Zun-Noorain.

C. Correct: Hazrat Usman (RA) is Zun-Noorain (Possessor of Two Lights) because he married two daughters of the Prophet, Ruqayyah and Umm Kulthum.

D. Wrong: Hazrat Ali's titles include Asadullah and Haider, not Zun-Noorain.

Question 89 Islamiat

Najeeb ullah is the title of ____?

- A. None of these (Dawood A.S) ✓ **Correct answer**
- B. Hazrat Ibrahim A.S
- C. Hazrat Idrees A.S
- D. Hazrat Younas A.S

A. Kept as the printed key: the MCQ-bank answer is that Najeebullah (Najibullah, 'the chosen/distinguished one of Allah') is a title of Prophet Dawood (AS), and none of the named options (Ibrahim, Idrees, Younas) is correct — hence option A as printed, 'None of these (Dawood A.S)'. This rests on the printed key alone and is flagged SINGLE-SOURCE.

B. Wrong: Hazrat Ibrahim's titles are Khalilullah and Abu al-Anbiya, not Najeebullah.

Hazrat Idrees is not titled Najeebullah.

D. Wrong: Hazrat Younas's title is Zun-Noon, not Najeebullah. **Flag:** option A is self-contradictory as printed ('None of these (Dawood A.S)') — it names the answer inside the 'none of these' option; kept as printed.

Question 90 Islamiat

First Salat Juma is offered by Muslims in which area ?

- A. Bani Tamim
- B. Bani Salim ✓ **Correct answer**
- C. Bani Saqif
- D. Bani Adi

A. Wrong: the first Jumu'ah was not offered in the area of Banu Tamim.

B. Correct: the first Friday prayer was offered at Quba, in the locality of Banu Salim (Masjid Jumu'ah stands there), after the Prophet's arrival from Makkah.

C. Wrong: the first Jumu'ah was not offered in the area of Banu Thaqif.

D. Wrong: the first Jumu'ah was not offered in the area of Banu Adi.
