> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2019 sitting.

Source note: lexacademy.com.pk quiz-view page, 'LAT Past Paper — July 21, 2019 (Evening)' (all 75 MCQs with four options, a marked key and a short explanation each, in the official section order — English 20, General Knowledge 20, Pakistan Studies 10, Islamic Studies 10, Urdu 10, Mathematics 5 — with no duplicates in numbering; accessed 11 Nov 2026). Second source: HEC announced the LAT 2019-2020 test for July 2019 (The News, 2 June 2019); pklawnotes records 'HEC LAT PAST PAPER 21 July 2019' with the paper's section structure; LAT360 contents list 'Date: 21 July 2019'; lexacademy's own index lists the sitting twice ('July 21, 2019' and 'July 21, 2019 (Evening)') and its book contents list the evening session. The evening session is a separate sitting from the morning session the same day (different essay topics and personal statement; only 6 exact stems shared with the morning paper, 1 at the same number). 0 PICK-ONE and 0 printed-key corrections, all decided by the assistant under the owner's 8 Nov 2026 delegation. Dedup: 56/75 stems unique to the LAT archive; the 19 shared stems are confined to the Urdu and Pak Studies blocks (the documented LAT bank repetition accepted for 37zk, 37aas and 37adh), not the 37zr duplicate pattern. RECONSTRUCTION CAVEAT (recorded openly): the reproduction is a candidate-recall reconstruction of the 21 July 2019 (Evening) LAT, not an official HEC paper — HEC does not publish LAT papers after the test; lexacademy's own book note states every paper in it 'has been reconstructed from candidates who sat that session, so it

pattern and the standard of the real paper rather than being an official HEC document'. The sitting itself is confirmed (see second source above), the served set follows the official LAT section pattern exactly, and every answer below was checked independently of the printed key. This is the same standing as 37ac (LAT 4 Feb 2024), 37ly, 37lz, 37ma and 37nk–37no. All decisions by the assistant under the owner's 8 Nov 2026 delegation.
