PPSC Assistant Registrar, Cooperative Societies, BS-17 (8K2025) — 28 September 2025 · Solved Past Paper

Body: Punjab Public Service Commission (PPSC) · **Post:** Assistant Registrar, Cooperative Societies, BS-17 (8K2025) · **Exam date:** 28 September 2025 · **Questions:** 100 in the original paper — **97 solved and verified**, 3 excluded as defective · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2025 sitting.

3 questions excluded as defective — they are kept out of this solved paper because no single answer can be asserted for them:

- **Question 13:** The Gandhi–Irwin Pact (5 March 1931) suspended the Civil Disobedience Movement; Chauri Chaura (February 1922) ended the Non-Cooperation Movement, so the printed key B is wrong for this movement and the correct incident is absent from the options. No letter can be asserted.
- **Question 33:** Standard references give the Line of Control as 740 km to 776 km; the printed key C (860 km) matches no standard figure and 740 km is absent from the options. No letter can be asserted.
- **Question 71:** Smart tags are removed via the Smart Tag Actions button ("Remove this Smart Tag") or AutoCorrect Options → Smart Tags tab → "Remove Smart Tags" (Microsoft KB 289148); Delete/Backspace only clear cell contents. The printed key B (Delete) is not the removal procedure and no option names it. No letter can be asserted.

: 8 Nov 2026 push. the 28 items formerly flagged single-source were promoted to VERIFIED on the owner's 8 Nov 2026 15:44 verification standard (an answer confirmed by two sources or even one source is FINAL); Q43 promoted with a wrong-month caveat (Reuters exclusive, 8 May 2025, confirms the J-10 identification; the stem's "July 2025" is wrong — the engagement was 6–7 May 2025 — and the claim is contested by India); Q92 promoted with a split-evidence caveat (al-Baladhuri records a report crediting Qays; the dominant attribution, Fayruz, is not an option); Q13/Q33/Q71 excluded as defective (Gandhi–Irwin Pact absent; LoC 740–776 km, no standard figure listed; smart-tag removal procedure absent), decided by the assistant under the owner's 8 Nov 2026 delegation. Q26/Q62 were promoted earlier the same day from the 8 Nov 2026 batch addendum (textbook lists; Microsoft Access documentation). Three printed keys are corrected openly in the reviewed file (Q51, Q57, Q80). Q99/Q100 are the same question printed twice on the source page, reproduced twice as printed. The filed test360 rendering is the primary source; its garbles are disclosed in place, not hidden.

- B. J-10 C ✓ **Correct answer**
- C. Mirage
- D. JF-17 Thunder

A. A Chinese fighter, not the aircraft in the 2025 claims.

B. The printed key; Pakistani reporting in May 2025 credited the J-10C (with PL-15 missiles) with downing Indian Rafales.

C. Pakistan's older Mirage fleet, not credited in the claims.

D. Pakistan's joint fighter, also claimed in some reports, but the printed key is J-10C. FLAG: a contested wartime claim from the May 2025 conflict, dated as "July 2025" in the stem — the engagement was the night of 6–7 May 2025, not July, and the claim is contested by India. PROMOTED to VERIFIED 8 Nov 2026 on the owner's one-source standard: Reuters exclusive, 8 May 2025 (US officials, high confidence) confirms Pakistan used Chinese-made J-10s to down at least two Indian aircraft including a French-made Rafale — the aircraft (the answer) is confirmed; the stem's wrong month is recorded here, not hidden. Decided by assistant under the owner's 8 Nov 2026 delegation (see verification summary). (Option spells "Rafael" as printed, for Rafale.)

Note: CAVEAT KEPT: the stem dates the engagement "July 2025" — it was the night of 6–7 May 2025, not July — and the claim is contested by India. The aircraft (the answer, B J-10C) is confirmed by the Reuters exclusive of 8 May 2025 (US officials, high confidence: Pakistan used Chinese-made J-10s to down at least two Indian aircraft including a French-made Rafale). Promoted to VERIFIED on the owner's 8 Nov 2026 one-source standard; the wrong month is recorded on the question, not hidden. See the reviewed file.
