Body: Punjab Public Service Commission (PPSC) · **Post:** Assistant Director and Chief Officer, 82E2024/124G2024 · **Year:** 2025 · **Exam date:** 27 April 2025 · **Questions:** 95 in the original paper — **91 solved and verified**, 4 excluded as defective · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 27 April 2025 paper.

Source note: Primary source: test360.pk reproduction, "Assistant Director and Chief Officer 82E2024/124G2024 27-04-2025" (accessed 31 Oct 2026, read-only live-browser capture; text fetch had rendered only 36 items). The page shows 95 stems, each with 4 options and a displayed key, and states "Total Questions: 95" — the paper itself had 95 questions; Q96-Q100 do not exist. The printed keys were NOT trusted — every answer was verified from reference facts, worked derivations, and targeted sources, never from the printed key alone. 3 printed keys are corrected openly: Q9 (printed D "Jefford" — the first PAKISTANI naval chief is Siddiq Choudri, A), Q63 (printed A "By" — correct preposition "About", D), Q73 (printed B "External" — the synonym of "intrinsic" is "Essential", A). 4 questions are DEFECTIVE-excluded by the assistant's decision under the owner's 8 Nov 2026 delegation (37be precedent): Q50 (bare "=" absent from the options), Q60 ("instructed" vs "ordered" both defensible, no context), Q72 (true synonym commendable/laudable absent), Q95 (Khuda Ki Basti chapter count confirmed by no source; keys conflict 11 vs 21). Q32 was DISPUTED and is resolved pick-one B (see its note). Dated answers are as of the 27 April 2025 paper.

Question 32 Everyday Science

A decrease in atmospheric pressure can cause ----:

- A. Rain
- B. Intense condition ✓ **Correct answer**
- C. Wind
- D. Pleasent condition

A. Falling pressure is associated with cloud and rain, but rain is only one of several consequences, not the single intended answer.

B. A falling barometer means unstable, stormy weather: the source page's own explanation says a decrease "often indicates unstable weather conditions" leading to "cloud formation, rainfall, storms or cyclones" — that is the "intense condition" the option means; the classic falling-barometer MCQ keys "storm" (pscnotes; Testbook's WMO

large pressure fall means "a storm condition will be there").

C. Real but not unique: air does flow from high to low pressure, and wind speed rises as pressure falls (Vedantu; Testbook) — but rain is an equally direct consequence, so wind alone cannot displace the source's storm reading.

D. Pleasant (printed "Pleasent") settled weather is associated with HIGH pressure, not falling pressure. DECIDED 8 Nov 2026 (assistant, under the owner's 8 Nov 2026 delegation): B — the displayed key is retained because the source's own explanation and the falling-barometer→storm tradition confirm the intended "intense (unstable/stormy) condition" reading; the wording is vague and is recorded as such, not silently smoothed. (Fresh web check 8 Nov 2026: test360.pk Q32 explanation; Vedantu; Testbook WMO; pscnotes barometer MCQ.)

Note: DECIDED 8 Nov 2026 (assistant, under the owner's 8 Nov 2026 delegation): B "Intense condition" — the displayed key is retained because the source page's own explanation says a decrease "often indicates unstable weather conditions" leading to "cloud formation, rainfall, storms or cyclones", and the classic falling-barometer MCQ keys "storm" (pscnotes; Testbook WMO question). C "Wind" is a real consequence but not unique (rain is equally direct), so it does not displace the source's storm reading. The wording is vague and is recorded as such.

- B. My aunt who lives in Karachi,is a doctor
- C. My aunt, who lives in Karachi is a doctor
- D. My aunt who lives in Karachi is a doctor.

A. The non-defining relative clause "who lives in Karachi" is correctly set off by a pair of commas (the space before the first comma is a printing quirk).

B. The comma is misplaced (after "Karachi" with no space, and none before "who").

C. Only one comma: the clause is opened but never closed.

D. No commas at all; the non-defining clause is not punctuated.

Question 62 English

She is walking (along) the road.

- A. Preposition ✓ **Correct answer**
- B. Adjective
- C. Adverb
- D. Conjunction

A. "Along" shows the relation between "walking" and "the road"; it is a preposition.

B. "Along" does not describe a noun.

C. "Along" here governs "the road", so it is a preposition, not an adverb.

D. "Along" does not join clauses.

63 English

The passenger were very happy ---- the friendly and warm treatment given to them.

- A. By
- B. To
- C. From
- D. About ✓ **Correct answer**

A. "Happy by" is ungrammatical; this was the page's displayed ✅ key and it is WRONG — recorded here openly, not silently followed.

B. "Happy to" takes a verb ("happy to help"), not a noun phrase like "the treatment".

C. "Happy from" is not idiomatic English.

D. "Happy about the treatment" is the correct idiomatic use: one is happy ABOUT something.

Note: FILE CORRECTION: the displayed key was A "By"; corrected to D — "happy about the treatment" is the correct idiomatic use; "happy by" is ungrammatical. Recorded openly in the file, not silently followed.

Question 64 English

He saw ----- One-eyed person.

- A. An
- B. A ✓ **Correct answer**
- C. The
- D. No article

A. "An" is used before vowel SOUNDS; "one" begins with the consonant sound /w/.

B. "A one-eyed person": "one" is pronounced "wun", a consonant sound, so "a" is correct.

C. "The" would refer to a specific known person, not "a one-eyed person" generally.

countable noun needs an article here.

- A. In ✓ **Correct answer**
- B. Of
- C. On
- D. Under

A. The idiom is "sit in the shade (of a tree)".

B. "Sit of the shade" is ungrammatical.

C. "Sit on the shade" is wrong; one sits ON a chair, IN shade.

D. "Sit under the shade" is sometimes heard, but the set phrase with "shade" is "in the shade"; "under the tree" would be the alternative, and "under" is not the idiom with "shade".

Question 66 English

You should put ----- something for a rainy day.

- A. By ✓ **Correct answer**
- B. On
- C. Down
- D. Up

A. "Put by" is the phrasal verb meaning to save for later use — "put something by for a rainy day".

B. "Put on" means to wear or switch on, not to save.

C. "Put down" means to place down or suppress, not to save.

means to erect or accommodate, not to save.

Question 67 English

Question 74 Mathematics

How much time will it take for an amount of R.s 450 to yield Rs.81 as interest at 4.5% per annu [TRUNCATED AS SHOWN]

- A. 4 ✓ **Correct answer**
- B. 4.5
- C. 3.5
- D. 5

A. Simple interest: time = interest × 100 ÷ (principal × rate) = 81 × 100 ÷ (450 × 4.5) = 8,100 ÷ 2,025 = 4 years.

B. 4.5 is the rate, not the time.

C. At 3.5 years the interest would be Rs 70.88, not Rs 81.

D. At 5 years the interest would be Rs 101.25, not Rs 81. (The stem is cut off at "per annu[m]"; the visible figures determine the answer, and the derivation is worked, so this is VERIFIED rather than single-source.)

- B. 54.9 ✓ **Correct answer**
- C. 55.9
- D. 56.9

A. 2 less than the true sum.

B. 5 + 51 = 56; 56 − 3 = 53; 53 + 7 = 60; 60 − 5.1 = 54.9.

an the true sum.

D. 2 more than the true sum.

Question 76 Mathematics

A and B finish a job in 12 days. While A ,B and C can finish it in 8 days. C alone will finish [TRUNCATED AS SHOWN]

- A. 16
- B. 24 ✓ **Correct answer**
- C. 36
- D. 14

A. 16 days would mean C's rate is 1/16, which does not fit the given rates.

B. A+B do 1/12 of the job a day; A+B+C do 1/8 a day; C's rate = 1/8 − 1/12 = 1/24, so C alone takes 24 days.

C. 36 days would mean C's rate is 1/36, which does not fit.

D. 14 days does not fit the rates. (The stem is cut off at "will finish"; the visible figures determine the answer, and the derivation is worked, so this is VERIFIED rather than single-source.)
