Emergency Medical Technician (EMT), Rescue 1122 — 2022 · Solved Past Paper

Body: Pakistan Testing Service (PTS) · **Post:** Emergency Medical Technician (EMT), Rescue 1122 · **Year:** 2022 · **Questions:** 80 in the original paper — **64 solved and verified**, 16 excluded as defective (Q65, Q66, Q67, Q68, Q69, Q70, Q71, Q72, Q73, Q74, Q75, Q76, Q77, Q78, Q79, Q80) · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2022 sitting.

Source note: TestPointPK solved past paper: PTS EMT RESCUE 1122 PAST PAPER 11-12-2022 (8 paginated pages carry questions, 10 per page; page 9 serves no questions). Stems, Urdu lines and options and the site-marked key per question as captured from the page HTML (correct option carries class=correct), 15 Nov 2026. The source states no printed total anywhere on the page; filed as 64 solved of 80 as printed, with 16 DEFECTIVE-excluded (Q65–Q80, psychometric sentence-completion items with a single completion each and no alternatives; Q80's single option is 'see the answer in the explanation'). 8 site-key corrections, each with a confirming source: Q15 b→D (haemoglobin combines with oxygen, standard physiology), Q23 b→C (photosynthesis pigments organised in photosystems, standard biology), Q27 e→B (Hexamethonium is a ganglion blocker, not a neuromuscular blocker — ScienceDirect, xPharm), Q39 d→B (letter-shift pattern gives LKPO, mechanical), Q45 b→A (infant choking = 5 back blows + 5 chest thrusts, AHA/Red Cross), Q50 c→B (never give food to a choking person; abdominal thrusts, standard first aid), Q53 d→C (never remove an impaled object; stabilise in place, standard first aid), Q54 d→A (fractured arm = immobilise with a rigid splint, standard first aid). 4 PICK-ONE (Q42 CPR rate, Q43 call 1122 first, Q48 snake bite, Q56 abscess remedy). Best-fit disclosed (site

25 A Polyflex (cold water is standard burn first aid but not an option), Q28 A uranium nitrate (homeopathic materia medica, not allopathic), Q33 D 20% Sui share (varies over time), Q36 D 34 (22, 28, 34 +6 progression), Q59 B / Q60 B / Q62 C (homeopathic repertory, specialist knowledge). 39 questions carry a Urdu line; 16 have a Urdu stem (Q65–Q80, all DEFECTIVE-excluded); 2 have five options as printed (Q16, Q27). Dedup 15 Nov 2026: CLEAN — live index 924 papers: no pts-emt-2022-12-11 paper_id in the index and only 2 PTS papers live; exact + first-8-words screen vs 1,642 local NTS stems: only Q1, Q11, Q30 shared. Letter 37bgu verified free at build time (no 37bgu in configs, artifact dirs, knowledge directory, batch records or the live index).

Question 1 Medical

انسانی جسم کا نارمل .The normal temperature of human body is _____ degree Fahrenheit

درجہ حرارت ____ ڈگری فارن ہائیٹ ہے۔

- A. 90.8°F
- B. 37.5°F
- C. 98.6°F ✓ **Correct answer**
- D. None of these

A. Wrong: normal body temperature is 98.6°F, not 90.8°F.

B. Wrong: 37.5 is the Celsius figure, not Fahrenheit.

C. Correct: the normal temperature of the human body is 98.6°F (37°C).

D. Wrong: option C is correct.

Question 2 Medical

صحت مند بالغ شخص کا عام بلڈ پریشر ?_____ Normal blood pressure of healthy adult person is

_____ ہے؟

- A. 120/80 mm Hg ✓ **Correct answer**

/50 mm Hg

- C. 140/80 mm Hg
- D. 140/100 mm Hg

A. Correct: the normal blood pressure of a healthy adult is 120/80 mm Hg.

B. Wrong: 150/50 is not normal blood pressure.

C. Wrong: 140/80 is borderline high, not normal.

D. Wrong: 140/100 is high blood pressure, not normal.

Question 3 Medical

ایک عام انسان کی فی منٹ اوسط دل ?_____ The average heartbeat per minute in a normal man is کی دھڑکن کتنی ہوتی ہے؟

- A. 70 ✓ **Correct answer**
- B. 60
- C. 50
- D. None of these

A. Correct: the average heartbeat per minute in a normal man is about 70 beats per minute.

B. Wrong: 60 is the lower end of the normal range, not the average.

C. Wrong: 50 beats per minute is below the normal resting range.

D. Wrong: option A is correct.

Question 4 Medical

اسکربک ایسڈ بھی _____ ?_____ Ascorbic Acid is also known as کے طور پر جانا جاتا ہے؟

- A. Vitamin A

min B

- C. Vitamin C ✓ **Correct answer**
- D. None of these

A. Wrong: ascorbic acid is vitamin C, not vitamin A.

B. Wrong: ascorbic acid is vitamin C, not vitamin B.

C. Correct: ascorbic acid is also known as vitamin C.

D. Wrong: option C is correct.

Question 5 Pakistan Studies

?The most beautiful stone Marble is extracted from which province of Pakistan پاکستان کے

کس صوبے سے سب سے خوبصورت سنگ مرمر نکالا گیا ہے؟

- A. Sindh
- B. Punjab
- C. Khyber Pakhtunkhwa ✓ **Correct answer**
- D. All of these

A. Wrong: the most beautiful marble is extracted from Khyber Pakhtunkhwa, not Sindh.

B. Wrong: the marble is extracted from Khyber Pakhtunkhwa, not Punjab.

C. Correct: the finest marble in Pakistan is extracted from Khyber Pakhtunkhwa.

D. Wrong: only Khyber Pakhtunkhwa is the source.

Question 6 Pakistan Studies

?Which city is called 'Brasilia of Pakistan پاکستان کا برازیلیا کس شہر کو کہا جاتا ہے؟

- A. Quetta
- B. Karachi

mabad ✓ **Correct answer**

- D. Lahore

A. Wrong: Islamabad, not Quetta, is called the Brasilia of Pakistan.

B. Wrong: Islamabad, not Karachi, is called the Brasilia of Pakistan.

C. Correct: Islamabad is called the Brasilia of Pakistan (both are planned capitals).

D. Wrong: Islamabad, not Lahore, is called the Brasilia of Pakistan.

Question 7 Medical

انسانی دل میں کتنے ایوان ہیں؟ ?How many chambers in human heart

- A. 2
- B. 4 ✓ **Correct answer**
- C. 5
- D. 3

A. Wrong: the human heart has 4 chambers, not 2.

B. Correct: the human heart has four chambers — two atria and two ventricles.

C. Wrong: the heart has 4 chambers, not 5.

D. Wrong: the heart has 4 chambers, not 3.

Question 8 Pakistan Studies

پاکستان کا 1973 کا آئین کب نافذ ہوا؟ ?The 1973 Constitution of Pakistan came into force on

- A. 14th August 1973 ✓ **Correct answer**
- B. 23rd March 1973
- C. 27th October 1973
- D. 8th June 1973

B. Wrong: the Constitution came into force on 14th August 1973, not 23rd March.

C. Wrong: the Constitution came into force on 14th August 1973.

D. Wrong: the Constitution came into force on 14th August 1973.

Question 9 Medical

.Blood cells are manufactured/produced by _____ of the body خون کے خلیات جسم کے _____ کے

ذریعہ تیار کیے جاتے ہیں۔

- A. Kidney
- B. Bone marrow ✓ **Correct answer**
- C. Liver
- D. Spleen

A. Wrong: blood cells are produced by the bone marrow, not the kidney.

B. Correct: blood cells are manufactured in the bone marrow.

C. Wrong: blood cells are produced by the bone marrow, not the liver.

D. Wrong: the spleen destroys old blood cells; it does not produce them.

Question 10 Medical

Which part of the human brain is the center of memory, learning, thinking, and

reasoning? انسانی دماغ کا کون سا حصہ یادداشت، سیکھنے، سوچنے اور استدلال کا مرکز ہے؟

- A. Cerebellum
- B. Cerebrum ✓ **Correct answer**
- C. Medulla
- D. None of these

e cerebellum controls balance and coordination, not memory and reasoning.

B. Correct: the cerebrum is the centre of memory, learning, thinking and reasoning.

C. Wrong: the medulla controls involuntary functions like breathing, not reasoning.

D. Wrong: option B is correct.

Question 11 Pakistan Studies

What was the magnitude of the Earthquake that shook northern Pakistan And Azad kashmir on Oct 8, 2005? 8 اکتوبر 2005 کو شمالی پاکستان اور آزاد کشمیر کو ہلا کر رکھ دینے والے زلزلے کی شدت کتنی تھی؟

- A. 6.5
- B. 6.8
- C. 7.6 ✓ **Correct answer**
- D. 7.7

A. Wrong: the 8 October 2005 earthquake measured 7.6, not 6.5.

B. Wrong: the earthquake measured 7.6, not 6.8.

C. Correct: the earthquake that shook northern Pakistan and Azad Kashmir on 8 October 2005 had a magnitude of 7.6.

D. Wrong: the magnitude was 7.6, not 7.7.

Question 12 Medical

The pH of human blood is _____? انسانی خون کا پی ایچ _____ ہے؟

- A. 7.2-7.3
- B. 7.3-7.4 ✓ **Correct answer**
- C. 7.4-7.5

A. Wrong: the pH of human blood is 7.35–7.45, so 7.2–7.3 is too low.

B. Correct: the pH of human blood is 7.35–7.45, which falls in the 7.3–7.4 range among the options.

C. Wrong: the upper end of the normal range is 7.45; the bank files B.

D. Wrong: the pH of blood is 7.35–7.45, not 7.1–7.2.

Question 13 Reasoning

Find the odd one out? July, March, December, and February

- A. July
- B. March
- C. December
- D. February ✓ **Correct answer**

A. Wrong: July has 31 days like March and December, so it is not the odd one out.

B. Wrong: March has 31 days like July and December.

C. Wrong: December has 31 days like July and March.

D. Correct: February is the odd one out — it has 28 days (29 in a leap year), while July, March and December all have 31 days.

Question 14 Medical

تمام پودوں میں، فتوسنتھیس کے اہم مقامات ----In all plants, the major sites of photosynthesis are. ہیں؟

- A. Leaves ✓ **Correct answer**
- B. roots

- D. All of the above

A. Correct: in all plants, the major sites of photosynthesis are the leaves.

B. Wrong: roots do not photosynthesize.

C. Wrong: stems are not the major sites of photosynthesis.

D. Wrong: only the leaves are the major sites.

Question 15 Medical

ہیموگلوبن جسم کے .Hemoglobin combines with---and transport to different cells of the body

مختلف خلیات کے ساتھ --- اور منتقل ہوتا ہے۔

- A. White blood cells
- B. Red blood cells
- C. Both a and b
- D. Oxygen ✓ **Correct answer**

A. Wrong: haemoglobin does not combine with white blood cells.

B. Wrong as filed: haemoglobin is carried IN red blood cells, but it combines with oxygen, which it transports to the cells (the site-marked key; corrected — see Verification Summary).

C. Wrong: haemoglobin combines with oxygen, not with blood cells.

D. Correct: haemoglobin combines with oxygen and transports it to different cells of the body.

Question 16 Medical

انسانی جسم میں سب سے زیادہ وافر معدنیات ?Which is the most abundant mineral in human body

- A. Potassium
- B. Calcium ✓ **Correct answer**
- C. Sodium
- D. Magnesium
- E. None of the above

A. Wrong: calcium, not potassium, is the most abundant mineral in the human body.

B. Correct: calcium is the most abundant mineral in the human body.

C. Wrong: calcium, not sodium, is the most abundant mineral.

D. Wrong: calcium, not magnesium, is the most abundant mineral.

E. Wrong: option B is correct.

Question 17 Pakistan Studies

پاکستان کے قومی ترانے میں "جانِ ?In the National Anthem of Pakistan " Jan-i-Istaqbal" stands for

استقلال" کا کیا مطلب ہے؟

- A. Making
- B. progress.
- C. Symbol of ambitions.
- D. Inspiration of future ✓ **Correct answer**

A. Wrong: 'Jan-i-Istaqbal' does not mean making.

B. Wrong: 'Jan-i-Istaqbal' does not mean progress.

C. Wrong: 'Jan-i-Istaqbal' does not mean symbol of ambitions.

D. Correct: in the National Anthem, 'Jan-i-Istaqbal' stands for the inspiration of the future.

18 Pakistan Studies

دنیا میں پاکستان کی رقبہ وار پوزیشن Pakistan area wise position in the world

- A. 33 ✓ **Correct answer**
- B. 20
- C. 32
- D. 98

A. Correct: Pakistan ranks 33rd in the world by area.

B. Wrong: Pakistan's area rank is 33, not 20.

C. Wrong: Pakistan's area rank is 33, not 32.

D. Wrong: Pakistan's area rank is 33, not 98.

Question 19 First Aid

سی پی آر سے کیا مراد ہے؟ ?What is meant by CPR

- A. Cardio Pulse Response
- B. Cardiopulmonary Response
- C. Common Pulmonary Response
- D. Cardiopulmonary Resuscitation ✓ **Correct answer**

A. Wrong: CPR stands for cardiopulmonary resuscitation, not cardio pulse response.

B. Wrong: CPR stands for cardiopulmonary resuscitation.

C. Wrong: CPR stands for cardiopulmonary resuscitation.

D. Correct: CPR means cardiopulmonary resuscitation.

20 Pakistan Studies

پاکستان کے پہلے ڈاک ٹکٹ کا ڈیزائن کس نے بنایا؟ ?who made the design of Pakistan's first stamp ticket

- A. Abdul Rehman Chughtai ✓ **Correct answer**
- B. Waqar ul Hassan
- C. Choudhry Rehmat Ali
- D. None of these

A. Correct: Abdur Rahman Chughtai designed Pakistan's first postage stamp.

B. Wrong: Chughtai, not Waqar ul Hassan, designed the first stamp.

C. Wrong: Chaudhry Rehmat Ali coined the name Pakistan; he did not design the first stamp.

D. Wrong: option A is correct.

Question 21 Medical

عام انسان بالغ مرد میں ہے : The normal human adult male has

- A. 10 gram of hemoglobin/100 gram of blood
- B. 14 gram of hemoglobin/100 gram of blood ✓ **Correct answer**
- C. 12a gram of hemoglobin/100 gram of blood
- D. 16 grams of hemoglobin/100 grams of blood

A. Wrong: the normal haemoglobin level in an adult male is about 14 g per 100 ml of blood, not 10.

B. Correct: a normal adult male has about 14 grams of haemoglobin per 100 ml of blood.

C. Wrong: the normal level is about 14 g, not 12.

D. Wrong: the normal level is about 14 g, not 16.

22 Medical

ایڈز کس وجہ سے ہوتا ہے؟ ----------AIDS is caused by

- A. Human Papilloma Virus
- B. Herpes Virus
- C. Human Influenza Virus
- D. Human Immunodeficiency Virus ✓ **Correct answer**

A. Wrong: HPV causes warts and cervical cancer, not AIDS.

B. Wrong: herpes virus does not cause AIDS.

C. Wrong: influenza virus does not cause AIDS.

D. Correct: AIDS is caused by the Human Immunodeficiency Virus (HIV).

Question 23 Medical

فوٹو سنتھیس پگمنٹ کو ----------Photosynthesis pigments are organized into clusters called

کلسٹرز میں منظم کیا جاتا ہے جسے ---------- کہا جاتا ہے

- A. reaction center
- B. thylakoid
- C. photosystem ✓ **Correct answer**
- D. all of them

A. Wrong: pigments are organized into photosystems, not reaction centres alone.

B. Wrong as filed: photosystems sit IN the thylakoid membranes, but the clusters themselves are called photosystems (the site-marked key; corrected — see Verification Summary).

C. Correct: photosynthesis pigments are organized into clusters called photosystems.

D. Wrong: only photosystem is correct.

24 First Aid

A seriously injured patient becomes unresponsive while asking for water to drink. as a rescue scout what will you do?

- A. give him water immediately
- B. arrange ambulance to transport the victim ✓ **Correct answer**
- C. give him juice to drink
- D. all of the above

A. Wrong: never give water to an unresponsive patient — it can enter the airway.

B. Correct: a seriously injured, unresponsive patient must be transported by ambulance without delay.

C. Wrong: never give fluids to an unresponsive patient.

D. Wrong: giving water or juice to an unresponsive patient is dangerous.

Question 25 First Aid

ریسکیو سکاؤٹس جلنے والے مریض کی ?What can Rescue Scouts use for first aid of a burn patient

ابتدائی طبی امداد کے لیے کیا استعمال کر سکتے ہیں؟

- A. Polyfex ✓ **Correct answer**
- B. Bernol
- C. Toothpaste
- D. All of the above

A. Correct as filed: among the options, Polyfex is the burn ointment the bank files for first aid of a burn patient (see Verification Summary — the standard first aid is cold running water, which is not among the options).

B. Wrong: the bank files Polyfex, not Bernol.

C. Wrong: toothpaste must never be applied to a burn.

otnpaste must never be applied to a burn.

Question 26 Medical

ہماری اہم غذائیں، ریشے، ----------Our Major Foods, Fibers, Spices, Fruit, and beverage crop are

مصالحے، پھل اور مشروبات کی فصل اور

- A. Flowering plant ✓ **Correct answer**
- B. Bryophytes
- C. Plaridophytes
- D. Gymnosperms Plantd

A. Correct: our major food, fibre, spice, fruit and beverage crops are flowering plants (angiosperms).

B. Wrong: bryophytes (mosses) are not food crops.

C. Wrong: pteridophytes (ferns) are not food crops.

D. Wrong: gymnosperms are not the major food crops.

Question 27 Medical

مندرجہ ذیل پٹھوں کو آرام د نیے والے ہیں سوائے :The following are muscle relaxants except

- A. Decametgonium
- B. Hexamethonium ✓ **Correct answer**
- C. Suxomethonium
- D. Pancuronium
- E. None of these

A. Wrong: decamethonium IS a neuromuscular blocker, so it is not the exception.

B. Correct: hexamethonium is a ganglion blocker (the prototypical ganglionic blocking drug), not a neuromuscular blocker — so it is the exception (the site-marked key;

see Verification Summary).

C. Wrong: suxamethonium IS a neuromuscular blocker.

D. Wrong: pancuronium IS a neuromuscular blocker.

E. Wrong: option B is the exception.

Question 28 Medical

ذیابیطس کا علاج کیا ہے ------Treatment of diabetes is

- A. uranium nitrate ✓ **Correct answer**
- B. phosphoric acid
- C. lactic acid
- D. none of these

A. Correct as filed: this is a homeopathic-materia-medica item — Uranium nitricum is the homeopathic remedy listed for diabetes (see Verification Summary; not an allopathic treatment).

B. Wrong: the bank files uranium nitrate.

C. Wrong: the bank files uranium nitrate.

D. Wrong: the bank files uranium nitrate.

Question 29 Medical

Goiter is common in:

- A. Plain Areas
- B. Hilly Areas ✓ **Correct answer**
- C. Sea Areas
- D. all

oitre is common in hilly areas, not plains.

B. Correct: goitre is common in hilly areas, where iodine deficiency is widespread.

C. Wrong: goitre is common in hilly areas, not sea areas.

D. Wrong: goitre is common in hilly areas specifically.

Question 30 Medical

چھوٹی آنت کے پہلے حصے کا نام کیا ہے؟ ?What is the name of the first part of the small intestine

- A. jejunum
- B. duodenum ✓ **Correct answer**
- C. lleum
- D. all of them

A. Wrong: the jejunum is the second part of the small intestine.

B. Correct: the duodenum is the first part of the small intestine.

C. Wrong: the ileum is the third part of the small intestine.

D. Wrong: only the duodenum is the first part.

Question 31 Medical

The common name of Actaa Spicata is:

- A. Barberry
- B. Bayberry
- C. Baneberry ✓ **Correct answer**
- D. Bearberry

A. Wrong: Actaea spicata is baneberry, not barberry.

B. Wrong: Actaea spicata is baneberry, not bayberry.

The common name of Actaea spicata is baneberry.

D. Wrong: Actaea spicata is baneberry, not bearberry.

Question 32 General Knowledge

"Which city in England is called "Little Pakistan"? انگلستان کے کس شہر کو "چھوٹا پاکستان" کہا جاتا ہے؟

- A. Bradford ✓ **Correct answer**
- B. Jeddah
- C. Chicago
- D. Dhaka

A. Correct: Bradford in England is called 'Little Pakistan'.

B. Wrong: Jeddah is in Saudi Arabia, not England.

C. Wrong: Chicago is in the USA, not England.

D. Wrong: Dhaka is the capital of Bangladesh, not a city in England.

Question 33 Pakistan Studies

Sui provides approximately ----Pakistan gas need?

- A. 50%
- B. 39%
- C. 40%
- D. 20% ✓ **Correct answer**

A. Wrong: the bank files 20% for Sui's share of Pakistan's gas need.

B. Wrong: the bank files 20%.

C. Wrong: the bank files 20%.

s filed. Sui provides approximately 20% of Pakistan's gas need (see Verification Summary — the figure has varied over time).

Question 34 English

Choose the appropriate option to complete a meaningful sentence. Marathon is to race as hibernation is to -------?

- A. sleep ✓ **Correct answer**
- B. winter
- C. dream
- D. bear

A. Correct: marathon is to race as hibernation is to sleep — hibernation is a form of sleep.

B. Wrong: hibernation happens in winter, but the analogy is hibernation : sleep.

C. Wrong: hibernation is to sleep, not to dream.

D. Wrong: a bear hibernates, but the analogy is hibernation : sleep.

Question 35 Mathematics

A boatman goes 2 Km aganist the current of the stream in 2 hour and goes 1 Km along the current in 20 minutes. How long will it take to go 5 Km in stationary water?

- A. 2 hr 30 min ✓ **Correct answer**
- B. 1 hr 15 min
- C. 2 hr
- D. 4 hr

A. Correct: upstream speed is 2 km in 2 hours = 1 km/h; downstream speed is 1 km in 20 minutes = 3 km/h; the boat's speed in still water is (1 + 3) / 2 = 2 km/h, so 5 km takes 2 hours 30 minutes.

B. Wrong: the boat takes 2 hours 30 minutes, not 1 hour 15 minutes.

e boat takes 2 hours 30 minutes, not 2 hours.

D. Wrong: the boat takes 2 hours 30 minutes, not 4 hours.

Question 36 Mathematics

Look at the series 8, 22, 8, 8, 28, 8, -------

- A. 07
- B. 29
- C. 32
- D. 34 ✓ **Correct answer**

A. Wrong: the next term is 34, not 07.

B. Wrong: the next term is 34, not 29.

C. Wrong: the next term is 34, not 32.

D. Correct as filed: the series reads 8, 22, 8, 8, 28, 8, ? — the numbers between the 8s are 22, 28, 34, rising by 6 (see Verification Summary).

Question 37 Mathematics

The average age of a class of 22 students is 21 years. The average increases by 1 when the teachers age is also included. What is the age of the teacher?

- A. 33
- B. 45
- C. 44 ✓ **Correct answer**
- D. 48

A. Wrong: the teacher is 44 years old, not 33.

B. Wrong: the teacher is 44, not 45.

C. Correct: 22 students averaging 21 years total 462 years, with the teacher the average of

22 years, totaling 506 years — so the teacher is 506 − 462 = 44 years old.

D. Wrong: the teacher is 44, not 48.

Question 38 Reasoning

A and B are sisters, C and D are brothers, and A is the mother of D. What is the relation between B and C?

- A. Mother
- B. Mother-In-Law
- C. Sister-In-Law
- D. Aunt ✓ **Correct answer**

A. Wrong: B is C's aunt, not his mother (A is C's mother).

B. Wrong: B is C's aunt, not his mother-in-law.

C. Wrong: B is C's aunt, not his sister-in-law.

D. Correct: A and B are sisters and A is the mother of C and D, so B is C's aunt.

Question 39 Reasoning

Find the missing term of the following series. DCXW, HGTS, _____, POLK, TSHG

- A. LKOP
- B. LKPO ✓ **Correct answer**
- C. KLOP
- D. KLPO

A. Wrong: the missing term is LKPO, not LKOP.

B. Correct: each letter shifts +4, +4, −4, −4 per step — D+4=H, C+4=G, X−4=T, W−4=S gives HGTS; H+4=L, G+4=K, T−4=P, S−4=O gives LKPO (the site-marked key; corrected — see Verification Summary).

e missing term is LKPO, not KLOP.

D. Wrong: the missing term is LKPO, not KLPO.

Question 40 Mathematics

Think of a number double it and add 15. if the result is 81. find the number?

- A. 33 ✓ **Correct answer**
- B. 31
- C. 32
- D. none of these

A. Correct: let the number be x: 2x + 15 = 81, so 2x = 66 and x = 33.

B. Wrong: 2 × 31 + 15 = 77, not 81.

C. Wrong: 2 × 32 + 15 = 79, not 81.

D. Wrong: option A is correct.

Question 41 Mathematics

Look at the series 70, 71, 76, -----, 81, 86, 70, 91.

- A. 70 ✓ **Correct answer**
- B. 71
- C. 80
- D. 96

A. Correct: the series repeats 70 at every third position — 70, 71, 76, 70, 81, 86, 70, 91 — so the missing fourth term is 70.

B. Wrong: the missing term is 70, not 71.

C. Wrong: the missing term is 70, not 80.

e missing term is 70, not 96.

Question 42 First Aid

سی پی آر کرتے وقت سینے کے ?What should be the rate of chest compression while doing CPR

کمپریشن کی شرح کیا ہونی چاہیے؟

- A. More than hundred time per minute
- B. Eighty per minute
- C. Its not important to make sure the compression rate
- D. None of these ✓ **Correct answer**

A. Wrong as filed: the correct rate is 100–120 compressions per minute; 'more than a hundred' is unbounded and could mean far too fast (see Verification Summary).

B. Wrong: 80 per minute is too slow for CPR.

C. Wrong: the compression rate is critical in CPR.

D. Correct as filed (PICK-ONE): the correct rate is 100–120 per minute (AHA guideline), which no option states exactly.

Question 43 First Aid

A sixty years old man was standing at bus stop suddenly he becomes unresponsive. After examination, he has no breathing. What will be on immediately?

- A. CPR
- B. Call 1122 ✓ **Correct answer**
- C. Will spiracle water on his face to gain consciousness.
- D. None of these

A. Wrong as filed: CPR follows immediately, but the bank files the emergency call first under Rescue 1122 protocol (see Verification Summary).

filed (PICK-ONE). call 1122 first, then start CPR — the bank files the call first.

C. Wrong: sprinkling water on an unresponsive person's face does not help.

D. Wrong: the bank files B.

Question 44 First Aid

When will you decide to continue CPR on the unconscious Patient?

- A. when there is chest rise and fall
- B. when there is no chest rise and fall ✓ **Correct answer**
- C. both a$ b
- D. none of these

A. Wrong: chest rise and fall means breathing has returned, so CPR is stopped.

B. Correct: continue CPR while there is no chest rise and fall — i.e. while the patient is still not breathing on their own.

C. Wrong: only B is correct.

D. Wrong: option B is correct.

Question 45 First Aid

ایک سال کے بچے کی سانس ?what is the first aid to clear the airway obstruction of year old baby کی نالی کی رکاوٹ کو دور کرنے کے لیے پہلی امداد کیا ہے؟

- A. give five back blows and five chest trusts ✓ **Correct answer**
- B. give back blows between the shoulders
- C. Both A and B
- D. None of these

A. Correct: the infant choking protocol is five back blows AND five chest thrusts (the site-marked key; corrected — see Verification Summary).

filed. back blows alone are only half the protocol.

C. Wrong: option B alone is incomplete, so 'both' is not the complete protocol.

D. Wrong: option A is correct.

Question 46 First Aid

What should we tell while calling helpline 1122?

- A. Nature of Emergency
- B. Address of the incident place
- C. Number of Victims
- D. All of the above ✓ **Correct answer**

A. Wrong: all of these must be told, not just the nature of the emergency.

B. Wrong: all of these must be told, not just the address.

C. Wrong: all of these must be told, not just the number of victims.

D. Correct: when calling 1122, tell the nature of the emergency, the address of the incident and the number of victims.

Question 47 First Aid

What is the most important element while planning for emergency evacuation?

- A. Address of the building
- B. Training for first aid
- C. Building layout
- D. All of the above ✓ **Correct answer**

A. Wrong: all of these matter, not just the address.

B. Wrong: all of these matter, not just first-aid training.

of these matter, not just the building layout.

D. Correct: the address, first-aid training and building layout are all important elements of emergency evacuation planning.

Question 48 First Aid

سانپ کے کاٹنے کی صورت میں ابتدائی طبی ?What will we do in the first aid in case of a snake bite امداد میں کیا کریں گے؟

- A. Immobilize the part
- B. Remove the constructive clothing jewelry ✓ **Correct answer**
- C. Reassure the patient
- D. None of these

A. Wrong as filed: immobilizing the bitten part is also correct first aid, but the bank files B (see Verification Summary).

B. Correct as filed (PICK-ONE): remove constrictive clothing and jewellery near the bite, since swelling follows a snake bite.

C. Wrong as filed: reassuring the patient is also correct first aid, but the bank files B.

D. Wrong: the bank files B.

Question 49 First Aid

While playing football two players hits each other and one of them got his leg fractured.

فٹبال کھیلتے ہوئے دو کھلاڑی ایک دوسرے سے ٹکرائے ?What will be your action as a first aid provider اور ان میں سے ایک کی ٹانگ ٹوٹ گئی۔ ابتدائی طبی امداد فراہم کرنے والے کے طور پر آپ کی کارروائی کیا ہوگی؟

- A. Transport to Hospital ✓ **Correct answer**
- B. Ask him to walk
- C. Both A & B

A. Correct: a fractured leg must be immobilized and the patient transported to hospital; never ask him to walk.

B. Wrong: a patient with a fractured leg must never be made to walk.

C. Wrong: asking him to walk is dangerous.

D. Wrong: option A is correct.

Question 50 First Aid

While eating meal in a wedding ceremony a 45 years old man is choked with bone in his throat and his breathing is completely stopped. what will you do to clear the obstruction his airway? شادی کی تقریب میں کھانا کھاتے ہوئے 45 سالہ شخص کے گلے کی ہڈی گھٹ گئی اور اس کی سانسیں مکمل طور پر بند ہو گئیں۔ آپ اس کے ایئر وے کی رکاوٹ کو دور کرنے کے لیے کیا کریں گے؟

- A. quickly give him something to eat
- B. Give thrust between umbilicus and bipods ✓ **Correct answer**
- C. Both A & B
- D. Give back blows between the shoulders

A. Wrong: never give food to a choking person — it can worsen the obstruction.

B. Correct: give abdominal thrusts between the umbilicus and the ribcage (the site-marked key; corrected — see Verification Summary).

C. Wrong as filed: option A is dangerous, so 'both' cannot be correct.

D. Wrong: abdominal thrusts are the correct manoeuvre for a choking adult.

Question 51 Medical

The one which is the precursor of steroid hormones in the body of humans? انسانوں کے جسم

- A. polypeptide
- B. terpenoid
- C. cholesterol ✓ **Correct answer**
- D. all of them

A. Wrong: cholesterol, not a polypeptide, is the precursor of steroid hormones.

B. Wrong: cholesterol, not a terpenoid, is the precursor.

C. Correct: cholesterol is the precursor of steroid hormones in the human body.

D. Wrong: only cholesterol is the precursor.

Question 52 Medical

The food which gives an athlete instant energy is ----------

- A. vitamin
- B. protein
- C. butler
- D. glucose ✓ **Correct answer**

A. Wrong: glucose, not vitamins, gives instant energy.

B. Wrong: glucose, not protein, gives instant energy.

C. Wrong: 'butler' is a misprint for butter, which does not give instant energy.

D. Correct: glucose gives an athlete instant energy.

Question 53 First Aid

A broken glass of window is impaled in the leg of a student while taking his class in the college. What will do his trained fellow student as a first aid?

- B. Remove the object and use bandage to control bleeding
- C. Stabilize the implaed glass in place ✓ **Correct answer**
- D. All of them

A. Wrong as filed: calling 1122 is correct, but the bank's D is wrong because it includes removing the object; the correct single answer is C (see Verification Summary).

B. Wrong: an impaled object must NEVER be removed.

C. Correct: stabilize the impaled glass in place and do not remove it (the site-marked key; corrected — see Verification Summary).

D. Wrong as filed: D includes B, which is dangerous.

Question 54 First Aid

ٹوٹے ہوئے بازو کے لیے ابتدائی طبی امداد کیا ہونی ?What should be the first aid for a fractured arm چاہیے؟

- A. immobilize with any sold object ✓ **Correct answer**
- B. immobilize with the flexible object
- C. keep moving the part slowly
- D. none of these

A. Correct: a fractured arm is immobilized with a rigid (solid) splint and must never be moved (the site-marked key; corrected — see Verification Summary).

B. Wrong: a flexible object cannot splint a fracture.

C. Wrong: a fractured arm must never be moved.

D. Wrong as filed: option A is correct.

55 First Aid

دل کا دورہ پڑنے ?What should not be done for an unconscious patient due to a heart stroke

سے بے ہوش مریض کے لیے کیا نہیں کرنا چاہیے؟

- A. given him water to drink
- B. maintain ABC
- C. Cold sponging
- D. Both A and C ✓ **Correct answer**

A. Wrong as filed: giving water to an unconscious patient is dangerous, but the bank files D (both A and C).

B. Wrong: maintaining the airway, breathing and circulation is correct care, not something to avoid.

C. Wrong as filed: the bank files D (both A and C) as what should not be done.

D. Correct as filed: do not give water to an unconscious patient and do not cold-sponge him.

Question 56 Medical

پھوڑے کا علاج ... ہے ---------- Treatment of abscess is

- A. mercury
- B. sulphur ✓ **Correct answer**
- C. Silicea
- D. all of above

A. Wrong: the bank files sulphur for the treatment of abscess.

B. Correct as filed (PICK-ONE): the bank files Sulphur for the treatment of abscess — Silicea (C) is the classic homeopathic abscess remedy, so both are defensible (see Verification Summary).

filed! Silicea is the classic abscess remedy, but the bank files Sulphur.

D. Wrong: the bank files B.

Question 57 First Aid

There is an accident between two buses on a highway, there are many patients. what are the appropriate measure to helo victims?

- A. will give first aid on site ✓ **Correct answer**
- B. transport the least effected person first
- C. transport all the victims at a time to hospital
- D. will transport the more effected person first

A. Correct: at a mass-casualty accident, give first aid on site and triage the victims before transport.

B. Wrong: the most affected are transported first, not the least.

C. Wrong: victims are triaged and transported by priority, not all at once.

D. Wrong: first aid on site comes first; the bank files A.

Question 58 Medical

شہ رگ کس کا ایک عضو ہے ---------- Aorta is an organ of the

- A. respiratory system
- B. circulatory system ✓ **Correct answer**
- C. digestive system
- D. central nervous system

A. Wrong: the aorta belongs to the circulatory system, not the respiratory system.

B. Correct: the aorta is an organ of the circulatory system.

e aorta belongs to the circulatory system, not the digestive system.

D. Wrong: the aorta belongs to the circulatory system, not the nervous system.

Question 59 Medical

In the classification of symptoms into seven categories by Boeninghausen, Quemado stands for:

- A. modalities of time
- B. modalities of circumstances ✓ **Correct answer**
- C. causations
- D. personalities of patient

A. Wrong: in Boenninghausen's classification, Quemado stands for modalities of circumstances, not of time.

B. Correct: in Boenninghausen's seven-category classification of symptoms, Quemado stands for modalities of circumstances.

C. Wrong: Quemado stands for modalities of circumstances, not causations.

D. Wrong: Quemado stands for modalities of circumstances, not personalities.

Question 60 Medical

The dilution of potent drug powder with an inert diluent powder is called:

- A. succession
- B. trituration ✓ **Correct answer**
- C. dilution
- D. potentization

A. Wrong: the dilution of a potent drug powder with an inert diluent powder is called trituration, not succussion.

ne dilution of a potent drug powder with an inert diluent powder is called trituration.

C. Wrong: the process is specifically called trituration.

D. Wrong: potentization is the process of increasing potency, not the dilution itself.

Question 61 Medical

.Arteries become hard due to the deposition of ----in them شریانوں میں ---- جمع ہونے کی وجہ سے سخت ہو جاتی ہیں۔

- A. cholesterol
- B. fats
- C. both A and B ✓ **Correct answer**
- D. none of them

A. Wrong: arteries harden from both cholesterol and fats, so the bank files the combined option.

B. Wrong: arteries harden from both cholesterol and fats.

C. Correct: arteries become hard due to the deposition of both cholesterol and fats in them.

D. Wrong: both cholesterol and fats deposit in arteries.

Question 62 Medical

Bioenninghausen has given prime importance to?

- A. mental general symptoms
- B. concomitants and complete symptoms
- C. general modalities and causalities modalities ✓ **Correct answer**
- D. none of thes

Boenninghausen gave prime importance to general modalities and causalities modalities, not mental generals.

B. Wrong: Boenninghausen gave prime importance to general modalities and causalities modalities.

C. Correct: Boenninghausen gave prime importance to general modalities and causalities modalities.

D. Wrong: option C is correct.

Question 63 Medical

Blood cells are ----------of types

- A. 4
- B. 3 ✓ **Correct answer**
- C. 2
- D. 1

A. Wrong: blood cells are of 3 types, not 4.

B. Correct: blood cells are of three types — red blood cells, white blood cells and platelets.

C. Wrong: blood cells are of 3 types, not 2.

D. Wrong: blood cells are of 3 types, not 1.

Question 64 First Aid

Twenty years old student was going home in his car, Suddenly a fire took place on his right arm has been burnt. What will you give first aid to this student immediately?

- A. Use Turmeric powder
- B. Use toothpaste
- C. Use Cold water ✓ **Correct answer**

Lotion

A. Wrong: turmeric powder must not be applied to a burn.

B. Wrong: toothpaste must never be applied to a burn.

C. Correct: the immediate first aid for a burn is cold running water.

D. Wrong: lotion must not be applied to a fresh burn.

Question 65 Psychometric

میں پریشان ہوتا ہوں----------

A. لوگوں کو مصیبت میں کی راہ دیکھ کر

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 66 Psychometric

میرے معاشی----------

A. حالات بہتر ہیں

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 67 Psychometric

بدلہ----------

A. لینے سے بہتر معاف کرنا ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 68 Psychometric

رویے----------

A. تربیت کی عکاسی کرتے ہیں

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 69 Psychometric

میرے لئے قابل احترام ہیں----------

A. تمام لوگ

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 70 Psychometric

میرا ملک----------

A. ایک نظریاتی ملک ہے /پاکستان ہے /ایک خوبصورت ملک ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 71 Psychometric

رشوت----------

A. معاشرے کو تباہ کرتی ہے/لینے اور دینے والا دونوں جہنمی ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 72 Psychometric

مجھے یاد ہے----------

A. کہ میں ایک دن چھوٹا بچہ تھا

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 73 Psychometric

بہن----------

A. اللہ کی نعمت ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 74 Psychometric

میرے استاد----------

A. میرے محسن ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 75 Psychometric

بھائی----------

A•. بھائی ریسکیو 1122 میں ملازمت کرتے ہیں

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 76 Psychometric

تین خواہشیں----------

A•. انسان کی خدمت کرنا, ریسکیو ون 1122 کا حصہ بننا ,پاکستان کے ترقی میں شامل ہونا

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 77 Psychometric

میں اپنا غصہ کھو دیتا----------

A. جب مجھے غصہ آتا ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 78 Psychometric

خوشی----------

A. دوسروں کے کام آنے میں ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 79 Psychometric

میرا سب سے بڑا مسئلہ----------

A. میری بے روزگاری ہے

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a sentence completion, and the question as presented carries no marked option list to choose between, so no answer can be verified as right or wrong. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a psychometric sentence-completion item, NOT a knowledge MCQ — the stem is a sentence fragment with a single completion as its only 'option' and no alternatives to choose between. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 (descriptive, single 'see answer in detail' option).

Question 80 Psychometric

جو ڑیں

A. جواب وضاحت میں دیکھں

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

swer option at all — it is a pointer to a missing explanation ('see the answer in the explanation'), and the question as presented carries no content to answer. DEFECTIVE — 'جوڑیں') (decided by the assistant under the owner's 8 Nov 2026 delegation): this item carries no question content at all — its single 'option' is a pointer to a missing (match/join explanation. No answer is asserted — same precedent as PTS EMT 2024 Q19–Q21 .(descriptive, single 'see answer in detail' option)
