EMT (Emergency Medical Technician) — 2024 · Solved Past Paper

Body: Pakistan Testing Service (PTS) · **Post:** EMT (Emergency Medical Technician) · **Year:** 2024 · **Questions:** 75 in the original paper — **72 solved and verified**, 3 excluded as defective (Q19, Q20, Q21) · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2024 sitting.

Source note: TestPointPK solved past paper: PTS EMT Emergency Medical Technician Paper 07-07-2024 (8 paginated pages carry questions, 10 per page except page 8 which carries 5; page 9 serves no questions). Stems, options and the site-marked key per question as captured from the page HTML (correct option carries class=correct), 14 Nov 2026. The source states no printed total and no exact test date beyond the title date; filed as the complete paper as presented (75 questions). 2 site-key corrections: Q57 c→B (basal ganglia damage causes movement and posture disorders including postural instability; vision loss is NOT a basal ganglia effect — neuroanatomy sources); Q66 d→C (a Levin tube is used for BOTH enteral feeding and gastric suction/decompression — nursing NG-tube guides). 2 PICK-ONE (Q17, Q70), 3 DEFECTIVE-excluded (Q19, Q20, Q21 — descriptive/short-note questions whose only marked option is see answer in detail / answer seen in detail), 0 GAP. Best-fit disclosed (site key kept): Q4 D All of the above, Q13 D Handicrafts, Q43 C Bran Edema, Q44 C cardiac, Q49 C Both A & B, Q55 B on the back with the head slightly elevated, Q56 A Time, Data and Evaluate loss, Q68 C Medication Record. Q27's and Q29's stems are truncated in the source; transcribed exactly as printed. 50 questions carry a Urdu line; 0 have a Urdu stem; 0 have five options. Dedup 14 Nov 2026: CLEAN — live index 917 papers: no pts-emt paper_id in the index and no PTS paper

ve except the PTS Sindh Police Constable 2022-04-01 paper (37bgl, a different post/sitting); exact + first-8-words screen vs all local lane parses: 0 shared stems. Letter 37bgp verified free at build time (no 37bgp in configs, artifact dirs or the live index).

Question 1 English

What is Synonym of Spread?

- A. Fold up
- B. Shrink
- C. Increase ✓ **Correct answer**
- D. None of these

A. Wrong: fold up is the opposite of spread.

B. Wrong: shrink is the opposite of spread.

C. Correct: spread means to increase/extend.

D. Wrong: C is correct.

Question 2 Biology

انسانی جسم میں کتنی ہڈیاں ہیں؟ ?How many bones in human body (skeleton)

- A. 200
- B. 206 ✓ **Correct answer**
- C. 270
- D. 300

A. Wrong: the adult skeleton has 206 bones.

B. Correct: the adult human skeleton has 206 bones.

C. Wrong: 270 is the number of bones at birth.

baby has about 300 bones."

Question 3 Pakistan Studies

?Who was the second Prime Minister of Pakistan پاکستان کا دوسرا وزیر اعظم کون تھا؟

- A. Ch Muhammad Ali
- B. Kh. Nazim-ud-Din ✓ **Correct answer**
- C. Liaquat Ali Khan
- D. D. Feroze Khan Noon

A. Wrong: Chaudhry Muhammad Ali was the fourth prime minister.

B. Correct: Khawaja Nazimuddin was the second prime minister.

C. Wrong: Liaquat Ali Khan was the first prime minister.

D. Wrong: Feroze Khan Noon was the seventh prime minister.

Question 4 Pakistan Studies

?_____ Saindak Project is famous for سیندک پروجیکٹ کس چیز کے لیے مشہور ہے؟

- A. Copper
- B. Silver
- C. Gold
- D. All of the above ✓ **Correct answer**

A. Wrong as filed: Saindak is famous for copper AND gold; the bank's answer is D.

B. Wrong: Saindak is not famous for silver.

C. Wrong as filed: Saindak is famous for gold AND copper; the bank's answer is D.

D. Correct: Saindak is famous for copper and gold.

5 Pakistan Studies

مسلم لیگ کی تشکیل کا اصل مقصد کیا ہے؟ ?The main objective for the formation of Muslim League

- A. To degrade Hindus
- B. To degrade Sikhs
- C. To safeguard the interests and rights of the Muslim of India ✓ **Correct answer**
- D. To represent Muslim

A. Wrong: the League's objective was not to degrade anyone.

B. Wrong: the League's objective was not to degrade anyone.

C. Correct: the Muslim League was formed to safeguard the interests and rights of the Muslims of India.

D. Wrong: too vague; C is the bank's answer.

Question 6 Pakistan Studies

پاکستان کے پہلے وزیرِ خارجہ کون تھے؟ ?Who was the first Foreign Minister of Pakistan

- A. Liaquat Ali Khan
- B. Quaid-e-Azam
- C. Muhammad Ali
- D. Zafarullah Khan ✓ **Correct answer**

A. Wrong: Liaquat Ali Khan was the first prime minister.

B. Wrong: Jinnah was Governor-General.

C. Wrong: not the first foreign minister.

D. Correct: Sir Muhammad Zafarullah Khan was Pakistan's first foreign minister.

7 Biology

انسانی جسم کا نارمل .The normal temperature of human body is _____ degree Fahrenheit

درجہ حرارت ____ ڈگری فارن ہائیٹ ہے۔

- A. 90.8°F
- B. 37.5°F
- C. 98.6°F ✓ **Correct answer**
- D. None of these

A. Wrong: normal body temperature is 98.6°F.

B. Wrong: 37.5 is a Celsius figure (and above normal).

C. Correct: normal body temperature is 98.6°F.

D. Wrong: C is correct.

Question 8 Biology

A person who suffer from Agoraphobia has fear of what?

- A. Public space ✓ **Correct answer**
- B. Water
- C. Confined Places
- D. Height

A. Correct: agoraphobia is fear of public/open spaces.

B. Wrong: fear of water is hydrophobia.

C. Wrong: fear of confined places is claustrophobia.

D. Wrong: fear of heights is acrophobia.

9 English

The Synonym of Eminent is?

- A. Clever
- B. Great
- C. Famous
- D. Both B and C ✓ **Correct answer**

A. Wrong: clever is not the synonym of eminent.

B. Correct: great is a synonym of eminent, and it is part of the answer D.

C. Correct: famous is a synonym of eminent, and it is part of the answer D.

D. Correct: both great and famous are synonyms of eminent.

Question 10 Pakistan Studies

?Who was the first Defense Minister of Pakistan پاکستان کا پہلا وزیر دفاع کون تھا؟

- A. Muhammad Ali Jinnah
- B. Liaquat Ali Khan ✓ **Correct answer**
- C. Sardar Abdur Rab Nishtar
- D. None of these

A. Wrong: Jinnah was Governor-General.

B. Correct: Liaquat Ali Khan was Pakistan's first defence minister.

C. Wrong: Nishtar was a minister but not the first defence minister.

D. Wrong: B is correct.

11 Computer

Cryptography is a branch of science which deals with _____? خفیہ نگاری سائنس کی ایک شاخ ہے جو _____ سے متعلق ہے۔

- A. The study of crime and criminals
- B. The study of secrete writing ✓ **Correct answer**
- C. The study of fingerprints
- D. None of these

A. Wrong: the study of crime and criminals is criminology.

B. Correct: cryptography is the study of secret writing.

C. Wrong: the study of fingerprints is dactyloscopy.

D. Wrong: B is correct.

Question 12 Biology

Which of the following female mosquitos is the cause of Dengue fever? درج ذیل میں سے کون سی مادہ مچھر ڈینگی بخار کی وجہ ہے؟

- A. Aedes Aegypteis ✓ **Correct answer**
- B. Anophilies
- C. Barinohils
- D. None of these

A. Correct: the female Aedes aegypti mosquito causes dengue fever (spelled "Aedes Aegypteis" as printed).

B. Wrong: Anopheles causes malaria.

C. Wrong: not the dengue mosquito.

D. Wrong: A is correct.

13 General Knowledge

پاکستان اپنے _____کی وجہ سے مشہور ہے؟ ?_____ Pakistan is famous for its

- A. Electronics
- B. Rugs
- C. Tea
- D. Handicrafts ✓ **Correct answer**

A. Wrong: Pakistan is not famous for electronics.

B. Wrong as filed: Pakistan is famous for rugs, but the bank's answer is D (handicrafts).

C. Wrong: Pakistan imports tea.

D. Correct as filed: the bank's answer is handicrafts.

Question 14 Biology

A two years old male is admitted for possible bacterial meningitis, Which of the following

دو سال کی عمر کے مرد کو ممکنہ بیکٹیریل میننجائٹس کے لیے ?nursing action should the nurse take first

داخل کیا جاتا ہے، نرس کو مندرجہ ذیل میں سے کون سا نرسنگ ایکشن پہلے لینا چاہیے؟

- A. Read the patient's history and physical examination report
- B. interview the patient's mother and father
- C. Assess the patient's neurological status ✓ **Correct answer**
- D. Administer Oxygen at 3 liters / minute by nasal cannula

A. Wrong: the immediate step for suspected bacterial meningitis is to assess neurological status.

B. Wrong: interviewing parents is not the immediate assessment.

C. Correct: for possible bacterial meningitis, assess the patient's neurological status.

D. Wrong: oxygen is not the first assessment step.

15 English

The synonym of Filthy

- A. Clean
- B. Dirty ✓ **Correct answer**
- C. Scrubbed
- D. None of these

A. Wrong: clean is the antonym of filthy.

B. Correct: filthy means dirty.

C. Wrong: scrubbed means cleaned.

D. Wrong: B is correct.

Question 16 Biology

The fetus normally:

- A. Gain more weights in the last 10 weeks of gestation than in the first 30 weeks ✓ **Correct answer**
- B. Stores sufficient vitamin k in liver
- C. Passes meconium in the last 3 months of gestation
- D. Has a similar metabolic rate as an adult

A. Correct: the fetus gains most weight in the last 10 weeks of gestation.

B. Wrong: the fetus does not store sufficient vitamin K.

C. Wrong: meconium is normally passed after birth.

D. Wrong: the fetal metabolic rate differs from an adult's.

17 Biology

What should be avoided in case of snake bite? سانپ کے کاٹنے کی صورت میں کن چیزوں سے پرہیز کرنا چاہیے؟

- A. Fastening wound with rope
- B. Sucking venom ✓ **Correct answer**
- C. Cold Compression
- D. None of these

A. Defensible: a tourniquet is also discouraged in snake-bite first aid, but the bank's answer is B (see Verification Summary).

B. Correct as filed (PICK-ONE): sucking venom from a snake bite must be avoided.

C. Wrong: cold compression is not the thing to avoid.

D. Wrong: B is correct.

Question 18 Biology

Prior the use of oxygen cylinder during oxygen therapies, which test should be performed? آکسیجن کے علاج کے دوران آکسیجن سلنڈر کے استعمال سے پہلے، کون سا ٹیسٹ کرایا جائے؟

- A. Leak test ✓ **Correct answer**
- B. Supply Test
- C. Moisture Test
- D. Temperature Test

A. Correct: a leak test is performed before using an oxygen cylinder.

B. Wrong: not the test performed first.

C. Wrong: not the test performed first.

D. Wrong: not the test performed first.

19 Biology

What is RICE Injury (write short detail)

- A. see answer in detail

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a pointer to a missing explanation, and the question as presented carries no marked option list. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a descriptive/short-note question whose only marked option is "see answer in detail" / "answer seen in detail". No marked option list exists, so no answer is asserted.

Question 20 Biology

پیشہ ورانہ تربیت کیا ہے؟ What is Professional Training?(short note)

- A. see answer in detail

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a pointer to a missing explanation, and the question as presented carries no marked option list. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a descriptive/short-note question whose only marked option is "see answer in detail" / "answer seen in detail". No marked option list exists, so no answer is asserted.

Question 21 Biology

انسانی جسم میں What is the function of the kidney in the human body? (write short note)

گردے کا کیا کام ہے؟

No answer is given for this question, and none is taught. DEFECTIVE — excluded (DEFECTIVE-excluded)

A. Not an answer option at all — it is a pointer to a missing explanation, and the question as presented carries no marked option list. DEFECTIVE (decided by the assistant under the owner's 8 Nov 2026 delegation): this is a descriptive/short-note question whose only marked option is "see answer in detail" / "answer seen in detail". No marked option list exists, so no answer is asserted.

Question 22 Biology

کس حالت میں حفاظتی ہیلمٹ پہننا ?In which condition, it is mandatory to wear safety helmet لازمی ہے؟

- A. Reducing operation at road
- B. Rescuing under falling materials ✓ **Correct answer**
- C. Rescuing drowning victim
- D. Rescuing operation in mob

A. Wrong: a helmet is not mandatory for a road operation.

B. Correct: a safety helmet is mandatory when rescuing under falling materials.

C. Wrong: a helmet is not mandatory for a drowning rescue.

D. Wrong: a helmet is not mandatory for a mob rescue.

Question 23 Biology

In an emergency response, a paramedic staff should perform which action to delay cell death? ایک ہنگامی ردعمل، ایک پیرامیڈک عملے کو سیل کی موت میں تاخیر کرنے کے لیے کون سا عمل انجام دینا چاہیے؟

diopulmonary Resuscitation (CPR) ✓ **Correct answer**

- B. Give inision immediately
- C. Sedate the Patient
- D. Bandage the wounds

A. Correct: CPR delays cell death in an emergency.

B. Wrong: incision is not the action to delay cell death.

C. Wrong: sedation does not delay cell death.

D. Wrong: bandaging does not delay cell death.

Question 24 Biology

Which system helps to coordinate complex and intricate movement of the hands to play a Piano? کونسا نظام پیانو بجانے کے لیے ہاتھوں کی پیچیدہ اور پیچیدہ حرکت کو مربوط کرنے میں مدد کرتا ہے؟

- A. Immunity
- B. Nervous ✓ **Correct answer**
- C. Skeleton
- D. Circulatory

A. Wrong: immunity is defence against disease.

B. Correct: the nervous system coordinates complex hand movements (playing piano).

C. Wrong: the skeleton supports the body.

D. Wrong: circulation carries blood.

Question 25 Biology

A person having antgen A and Anti-B antibodies has ایک شخص جس میں اینٹیجن اے اور اینٹی بی اینٹی باڈیز ہوتی ہیں۔

od group A ✓ **Correct answer**

- B. Blood group B
- C. Blood group AB
- D. Blood group O

A. Correct: antigen A with anti-B antibodies is blood group A.

B. Wrong: group B has antigen B and anti-A.

C. Wrong: group AB has no antibodies.

D. Wrong: group O has no antigens.

Question 26 Mathematics

Arrange in appropriate sequence: 1.Shoulder 2. Wrist 3. Elbow 4. Palm 5. Finger

- A. 1, 4, 2, 3, 1
- B. 3, 4, 5, 2, 1
- C. 3, 1, 4, 2, 5
- D. 1, 3, 2, 4, 5 ✓ **Correct answer**

A. Wrong: the sequence is wrong and repeats 1.

B. Wrong: the sequence is wrong.

C. Wrong: the sequence is wrong.

D. Correct: shoulder, elbow, wrist, palm, finger.

Question 27 Mathematics

If w=5.5 (20+d), where w = weight in pounds and d = the number of inches one's height exceeds 5 feet. By this formula, the normal weight of an adult who is 5'6 tall is ___ pounds.

- A. 134

- C. 140.8
- D. 143 ✓ **Correct answer**

A. Wrong: the working gives 143.

B. Wrong: the working gives 143.

C. Wrong: the working gives 143.

D. Correct: with d = 6, w = 5.5 x (20 + 6) = 143.

Question 28 English

Which one of the five words below would come first in a dictionary?

- A. Eliminate
- B. Dog ✓ **Correct answer**
- C. Hen
- D. Parrot

A. Wrong: E comes after D.

B. Correct: D comes first alphabetically (Dog, Eliminate, Hen, Parrot).

C. Wrong: H comes after D and E.

D. Wrong: P comes last.

Question 29 Mathematics

If all schoool are chalks and all chalks are chairs; The correct expression is: (i) All chairs are school (ii) All school are chairs

- A. only 1
- B. only 2 ✓ **Correct answer**
- C. neither 1 nor 2

A. Wrong: (i) does not follow.

B. Correct: (ii) all schools are chairs follows (schools are chalks, chalks are chairs); (i) all chairs are schools does not follow.

C. Wrong: (ii) follows.

D. Wrong: (i) does not follow.

Question 30 English

The Magician ___ man into rabbit.

- A. Transformed ✓ **Correct answer**
- B. Transfer
- C. Made
- D. Converted

A. Correct: the magician transformed the man into a rabbit.

B. Wrong: transfer means to move, not to change form.

C. Wrong: "made man into rabbit" is not the right verb.

D. Wrong: converted is close but the bank's answer is A.

Question 31 Mathematics

Complete the sequence: CAX, FDY, IGZ, _____.

- A. LJA ✓ **Correct answer**
- B. KJA
- C. LHD
- D. LIC

rst letters C,F,I,L (+3), second letters A,D,G,J (+3); third letters X,Y,Z,A (wrap).

B. Wrong: the first letter should be L.

C. Wrong: the second letter should be J.

D. Wrong: the third letter should be A.

Question 32 General Knowledge

مندرجہ ذیل میں سے کون سا ?Which of the following step can help to stay away from accidents

قدم حادثات سے دور رہنے میں مدد دے سکتا ہے؟

- A. By using more money
- B. By being rash
- C. By being informative
- D. By being careful ✓ **Correct answer**

A. Wrong: money does not prevent accidents.

B. Wrong: being rash causes accidents.

C. Wrong: being informed helps but the bank's answer is D.

D. Correct: being careful helps stay away from accidents.

Question 33 Biology

پلیٹلیٹس کو کس میں مدد ملتی ہے؟ ?Platelets helps in

- A. Defending against disease
- B. Blood Clotting ✓ **Correct answer**
- C. Carrying oxygen to organs
- D. Destroying the normal cells

A. Wrong: defending against disease is the white blood cells' job.

platelets help in blood clotting.

C. Wrong: red blood cells carry oxygen.

D. Wrong: platelets do not destroy normal cells.

Question 34 Biology

.Free movements in response to the external stimuli are called _____ movement بیرونی

محرکات کے جواب میں آزادانہ حرکت کو _____ تحریک کہتے ہیں۔

- A. Tropic
- B. Nastic
- C. Tactic ✓ **Correct answer**
- D. Automatic

A. Wrong: tropic movements are growth movements.

B. Wrong: nastic movements are non-directional responses.

C. Correct: free movements in response to external stimuli are tactic movements.

D. Wrong: automatic is not the term.

Question 35 General Knowledge

Which of the followng is a military alliance?ASEAN, NATO, EEC, NAFTA

- A. ASEAN
- B. NATO ✓ **Correct answer**
- C. EEC
- D. NAFTA

A. Wrong: ASEAN is a regional association, not a military alliance.

B. Correct: NATO is a military alliance.

e EEC is an economic community.

D. Wrong: NAFTA is a trade agreement.

Question 36 Biology

کانوں کی حفاظت کے لیے درج ?Which of the following should be used for the protection of ears

ذیل میں سے کون سا استعمال کرنا چاہیے؟

- A. Muffs ✓ **Correct answer**
- B. Handkerchief
- C. Ear buds
- D. Ear phone

A. Correct: ear muffs protect the ears.

B. Wrong: a handkerchief does not protect ears.

C. Wrong: ear buds are for listening, not protection.

D. Wrong: earphones are for listening, not protection.

Question 37 Pakistan Studies

چشتیہ سلسلۂ کا بانی کون تھا؟ ?Who was the founder of Chistiya Silsilah

- A. Syed Bandqi Mohammad Goash
- B. Khawaja Moinuddin Chisti ✓ **Correct answer**
- C. Sheikh Bahawaldin Zakriya
- D. Khawaja Mohammad Baqi Billah

A. Wrong: not the founder of the Chishtiya silsilah.

B. Correct: Khawaja Moinuddin Chishti founded the Chishtiya silsilah.

C. Wrong: Sheikh Bahauddin Zakariya founded the Suhrawardiyya order.

Khawaja Mohammad Baqi Billah was a Naqshbandi saint.

Question 38 Biology

Which of the following human system is chiefly affected by Air pollution? مندرجہ ذیل میں سے

کونسا انسانی نظام فضائی آلودگی سے زیادہ متاثر ہوتا ہے؟

- A. Digestive
- B. Circulatory
- C. Respiratory ✓ **Correct answer**
- D. None of these

A. Wrong: air pollution chiefly affects the respiratory system.

B. Wrong: air pollution chiefly affects the respiratory system.

C. Correct: air pollution chiefly affects the respiratory system.

D. Wrong: C is correct.

Question 39 Biology

Which of the following care that should be taken for oxygen cylinder by medical technician? میڈیکل ٹیکنیشن کو آکسیجن سلنڈر کے لیے درج ذیل میں سے کون سا خیال رکھنا چاہیے؟

- A. Place it at shady and moist place
- B. Place it at cool and dry place ✓ **Correct answer**
- C. Place it under lock and key
- D. Place is in closet

A. Wrong: oxygen cylinders must be kept cool and dry, not shady and moist.

B. Correct: oxygen cylinders are kept in a cool, dry place.

C. Wrong: not the care required.

closet is not the right place."

Question 40 Biology

The hinge joints allow movement only in _____ direction.

- A. 1 ✓ **Correct answer**
- B. 3
- C. 4
- D. 5

A. Correct: hinge joints allow movement in only 1 direction.

B. Wrong: hinge joints allow movement in 1 direction, not 3.

C. Wrong: hinge joints allow movement in 1 direction, not 4.

D. Wrong: hinge joints allow movement in 1 direction, not 5.

Question 41 Biology

What is the effect of adrenaline on the heart? It increases

- A. Heart Rate ✓ **Correct answer**
- B. Relaxation periode
- C. Systolic Time
- D. Diastolic Time

A. Correct: adrenaline increases heart rate.

B. Wrong: adrenaline does not increase relaxation time.

C. Wrong: adrenaline does not increase systolic time.

D. Wrong: adrenaline does not increase diastolic time.

42 Biology

زندہ ?Chemical substance used on living tissues that growth of microorganism are called

بافتوں پر استعمال ہونے والے کیمیائی مادے کو مائکروجنزم کی افزائش کہتے ہیں؟

- A. Anticeptic ✓ **Correct answer**
- B. Disinfectants
- C. Oxidizing Agent
- D. Reduc

A. Correct: an antiseptic is a chemical substance used on living tissues that stops the growth of microorganisms (spelled "Anticeptic" as printed).

B. Wrong: disinfectants are used on non-living surfaces.

C. Wrong: an oxidising agent is a chemical type, not the term.

D. Wrong: not the term.

Question 43 Biology

شدید کاربن مونو آکسائیڈ زہر کی طرف سے نشان لگا ?Acute Carbon Monoxide Poisoning is marked by

دیا گیا ہے؟

- A. Blue coloration of skin and mucus membrane
- B. Mild fever
- C. Bran Edema ✓ **Correct answer**
- D. None of these

A. Wrong: blue coloration is cyanosis, not the mark of CO poisoning.

B. Wrong: mild fever is not the mark of CO poisoning.

C. Correct as filed: "Bran Edema" is a misprint for Brain Edema (see Verification Summary); the classic cherry-red skin is not an option.

is correct.

Question 44 Biology

مندرجہ ذیل میں سے کون سا عضلات ?Which of the following muscles doesn't undergoes failure

ناکام نہیں ہوتا؟

- A. skeletal
- B. smooth
- C. cardiac ✓ **Correct answer**
- D. none of these

A. Wrong: skeletal muscle can fatigue.

B. Wrong: smooth muscle can fail.

C. Correct as filed: the bank's answer is cardiac (see Verification Summary).

D. Wrong: C is correct.

Question 45 Biology

A person who helps patient/victim to regain his/her conscious/strength is:

- A. rescuer ✓ **Correct answer**
- B. pathologist
- C. assistant
- D. lab technician

A. Correct: a rescuer helps the patient/victim regain consciousness/strength.

B. Wrong: a pathologist studies disease.

C. Wrong: too general.

D. Wrong: a lab technician works in a laboratory.

46 Biology

:The information gathered during assessment and providing first aid is collectively called

تشخیص اور ابتدائی طبی امداد فراہم کرنے کے دوران جمع کی گئی معلومات کو اجتماعی طور پر کہا جاتا ہے

- A. EMT diagnosis
- B. Clinical Assessment ✓ **Correct answer**
- C. Finial Diagnosis
- D. Diagnosis

A. Wrong: too narrow.

B. Correct: the information gathered during assessment and first aid is collectively called clinical assessment.

C. Wrong: a final diagnosis comes later.

D. Wrong: too general; the bank's answer is B.

Question 47 Biology

A ____ should be covered with a roller bandage to prevent infection and dirt from getting inside.

انفیکشن اور گندگی کو اندر جانے سے روکنے کے لیے ____ کو رولر بینڈیج سے ڈھانپنا چاہیے۔

- A. Face
- B. Wound ✓ **Correct answer**
- C. Victim
- D. Snake Bite

A. Wrong: a face is not covered with a roller bandage to prevent infection.

B. Correct: a wound is covered with a roller bandage to prevent infection and dirt.

C. Wrong: a victim is a person, not what is bandaged.

D. Wrong: a snake bite is not bandaged with a roller bandage.

48 Biology

A place which does not have safe oxygen level is termed as: ایسی جگہ جہاں آکسیجن کی سطح محفوظ نہ ہو اسے کہا جاتا ہے

- A. Open area
- B. Room
- C. Confined Space ✓ **Correct answer**
- D. Hall

A. Wrong: an open area has safe oxygen.

B. Wrong: a room normally has safe oxygen.

C. Correct: a place without safe oxygen is a confined space.

D. Wrong: a hall normally has safe oxygen.

Question 49 Biology

Communication between Doctor and Trauma Patient is called ڈاکٹر اور صدمے کے مریض کے درمیان رابطے کو کہا جاتا ہے۔

- A. Medical Communication
- B. Therapeutic Communication
- C. Both A & B ✓ **Correct answer**
- D. None of these

A. Correct as one part, but the complete answer is C, which covers both.

B. Correct as one part, but the complete answer is C, which covers both.

C. Correct as filed: the communication is both medical and therapeutic communication.

D. Wrong: C is correct.

50 Biology

The patient/victim should be shifted to hospital on, which vehicle?

- A. Ambulance ✓ **Correct answer**
- B. Truck
- C. Car
- D. Public Transport

A. Correct: the patient/victim is shifted to hospital in an ambulance.

B. Wrong: a truck is not used to shift a patient.

C. Wrong: a car is not used to shift a patient.

D. Wrong: public transport is not used to shift a patient.

Question 51 Biology

Abortion is termination of _____.

- A. Disease
- B. infection
- C. Pregnancy ✓ **Correct answer**
- D. UTI

A. Wrong: abortion is not termination of a disease.

B. Wrong: abortion is not termination of an infection.

C. Correct: abortion is termination of pregnancy.

D. Wrong: UTI is a urinary tract infection.

Question 52 Biology

Needles, Swabs, Drape Sheets are?

- B. disposable ✓ **Correct answer**
- C. non-disposable
- D. long lasting

A. Wrong: needles, swabs and drape sheets are disposable.

B. Correct: needles, swabs and drape sheets are disposable.

C. Wrong: they are disposable, not non-disposable.

D. Wrong: they are disposable, not long lasting.

Question 53 Biology

Vital Sign Assessment include.

- A. CT Scan
- B. EEG
- C. ECG
- D. Temperature, BP, Pulse and Respiration ✓ **Correct answer**

A. Wrong: a CT scan is imaging, not a vital sign.

B. Wrong: EEG measures brain activity.

C. Wrong: ECG measures heart activity.

D. Correct: vital sign assessment includes temperature, BP, pulse and respiration.

Question 54 Biology

صدمے کے ?Who plays the role of communicator between doctor and victim after a trauma

بعد ڈاکٹر اور متاثرہ کے درمیان رابطہ کار کا کردار کون ادا کرتا ہے؟

- A. Attendant

- C. Assistant
- D. Ward Boy

A. Wrong: an attendant is not the communicator.

B. Correct: the EMT is the communicator between doctor and victim after a trauma.

C. Wrong: too general.

D. Wrong: a ward boy is not the communicator.

Question 55 Biology

The paramedic is caring for a toddler after surgical repair of a cleft palate, This staff should position the child:

- A. on the back
- B. on the back with the head slightly elevated ✓ **Correct answer**
- C. on the stomach
- D. on the right side

A. Wrong as filed: the bank's answer is B (on the back with the head slightly elevated).

B. Correct as filed: after cleft-palate repair the toddler is positioned on the back with the head slightly elevated (prone positioning is avoided to protect the repair).

C. Wrong: prone positioning is avoided after cleft-palate repair.

D. Wrong: the side position is not the bank's answer.

Question 56 Biology

واقعہ کے بعد کی رپورٹنگ میں ?Which of the following is important in post-incident reporting

مندرجہ ذیل میں سے کون سا اہم ہے؟

e, Data and Evaluate loss ✓ **Correct answer**

- B. Fatality Rate
- C. Overall Response
- D. Potential Hazards to Human Health

A. Correct as filed: the bank's answer is "Time, Data and Evaluate loss" (see Verification Summary).

B. Wrong: not the bank's answer.

C. Wrong: not the bank's answer.

D. Wrong: not the bank's answer.

Question 57 Biology

Damage of basal ganglia usually causes all of the following except :بیسل گینگلیا کا نقصان عام

طور پر مندرجہ ذیل سب کا سبب بنتا ہے سوائے

- A. involuntary muscle movement
- B. vision loss ✓ **Correct answer**
- C. disorder of postures
- D. none of these

A. Wrong: basal ganglia damage DOES cause involuntary muscle movement, so it is not the exception.

B. Correct (CORRECTED): basal ganglia damage causes movement and posture disorders, not vision loss — so vision loss is the exception.

C. Wrong as filed: basal ganglia damage DOES cause disorders of posture (including postural instability), so it is not the exception.

D. Wrong: B is correct.

58 Biology

Heat application relieves all of the following except: گرمی کا اطلاق درج ذیل تمام چیزوں سے نجات دیتا ہے سوائے

- A. local pain
- B. stiffness of muscles
- C. stiffness of joints ✓ **Correct answer**
- D. nerve pain

A. Wrong: heat relieves local pain.

B. Wrong: heat relieves muscle stiffness.

C. Correct as filed: heat application does NOT relieve stiffness of joints (the bank's exception).

D. Wrong: heat relieves nerve pain.

Question 59 Biology

Mechanical Ventilation is administered at which time? مکینیکل وینٹیلیشن کا انتظام کس وقت کیا جاتا ہے؟

- A. respiratory failure ✓ **Correct answer**
- B. memory loss
- C. stroke
- D. increased cardiac output

A. Correct: mechanical ventilation is administered in respiratory failure.

B. Wrong: mechanical ventilation is not administered for memory loss.

C. Wrong: mechanical ventilation is not administered for stroke.

D. Wrong: mechanical ventilation is not administered for increased cardiac output.

60 Biology

مندرجہ ذیل میں سے کس ?Which of the following tissue has the greatest regenerative ability

ٹشو میں تخلیق نو کی صلاحیت سب سے زیادہ ہے؟

- A. connective
- B. muscle
- C. epithelial ✓ **Correct answer**
- D. nervous

A. Wrong: connective tissue regenerates well but not the most.

B. Wrong: muscle regenerates poorly.

C. Correct: epithelial tissue has the greatest regenerative ability.

D. Wrong: nervous tissue regenerates least.

Question 61 Biology

بچانے والے کو یہ فراہم کرنے کے لیے تربیت دی جانی چاہیے :Rescuer should be trained to provide

- A. Best response service ✓ **Correct answer**
- B. Needs of poor
- C. Advice
- D. Idea about business

A. Correct: a rescuer should be trained to provide the best response service.

B. Wrong: not the rescuer's training.

C. Wrong: not the rescuer's training.

D. Wrong: not the rescuer's training.

62 Biology

Gown, Mask, Gloves and Caps are used for _____ protection? گاؤن، ماسک، دستانے اور ٹوپیاں

_____ کی حفاظت کے لیے استعمال ہوتی ہیں؟

- A. Self ✓ **Correct answer**
- B. Patients
- C. Environment
- D. Community

A. Correct: gown, mask, gloves and caps are used for self-protection.

B. Wrong: they protect the wearer.

C. Wrong: they protect the wearer.

D. Wrong: they protect the wearer.

Question 63 Biology

Isolation as well as treatment of _____ is toxicology?

- A. Poisons ✓ **Correct answer**
- B. Fever
- C. Nausea
- D. Stroke

A. Correct: toxicology is the isolation and treatment of poisons.

B. Wrong: toxicology is not about fever.

C. Wrong: toxicology is not about nausea.

D. Wrong: toxicology is not about stroke.

64 Biology

Application drug on the surface?

- A. Oral
- B. Topical ✓ **Correct answer**
- C. I/V
- D. I/M

A. Wrong: oral means by mouth.

B. Correct: applying a drug on the surface is topical.

C. Wrong: I/V is intravenous.

D. Wrong: I/M is intramuscular.

Question 65 Biology

When on an emergency site, first-aid providers should not: کسی ہنگامی جگہ پر، ابتدائی طبی امداد فراہم کرنے والوں کو یہ نہیں کرنا چاہیے

- A. Treat an unconcious patient
- B. Control bleeding
- C. Give Resuscitation
- D. Give medicines to patients without authorization ✓ **Correct answer**

A. Wrong: first-aid providers should treat an unconscious patient.

B. Wrong: they should control bleeding.

C. Wrong: they should give resuscitation.

D. Correct: first-aid providers should not give medicines without authorisation.

66 Biology

لیون ٹیوب کس کے لیے استعمال ہوتی ہے؟ ?What is a Levin's Tube used for

- A. Gastro intestinal Feedinh
- B. Nasogastic Suction
- C. Both A & B ✓ **Correct answer**
- D. None of these

A. Correct as one use, but the complete answer is C, which covers both.

B. Correct as one use, but the complete answer is C, which covers both.

C. Correct (CORRECTED): a Levin tube is used for both enteral feeding and gastric suction/decompression.

D. Wrong as filed: the tube IS used for both A and B.

Question 67 Biology

ادویات کا مطالعہ اور ان کے عمل :The study of Medicines and their mechanism of action is called

کے طریقہ کار کو کہا جاتا ہے

- A. Biology
- B. Pharmacology ✓ **Correct answer**
- C. Physiology
- D. Histology

A. Wrong: biology is the study of life.

B. Correct: pharmacology is the study of medicines and their mechanism of action.

C. Wrong: physiology is the study of body functions.

D. Wrong: histology is the study of tissues.

68 Biology

?POS are which type of documents data پی او ایس دستاویزات کا ڈیٹا کس قسم کا ہے؟

- A. Notes
- B. Special Order
- C. Medication Record ✓ **Correct answer**
- D. Physician Order Sheets

A. Wrong: POS are not notes.

B. Wrong: POS are not special orders.

C. Correct as filed: POS are the medication-record documents (see Verification Summary).

D. Wrong as filed: POS does stand for physician order sheets, but the bank's answer is C — the sheets are medication records (see Verification Summary).

Question 69 Biology

?_____ The spiral Bandage is used for سرپل بینڈیج کس کے لیے استعمال ہوتی ہے؟

- A. Joints, such as the knee, elbow
- B. Shoulders
- C. Hip Bone
- D. Cylindrical parts of the body ✓ **Correct answer**

A. Wrong: a spiral bandage is not for joints (that is a figure-of-eight).

B. Wrong: a spiral bandage is not for shoulders.

C. Wrong: a spiral bandage is not for the hip bone.

D. Correct: a spiral bandage is used for cylindrical parts of the body.

70 Biology

Marijuana prevents from?

- A. vomiting
- B. fever
- C. cardiac arrest
- D. nausia ✓ **Correct answer**

A. Defensible: marijuana prevents vomiting, but the bank's answer is D (see Verification Summary).

B. Wrong: marijuana does not prevent fever.

C. Wrong: marijuana does not prevent cardiac arrest.

D. Correct as filed (PICK-ONE): marijuana prevents nausea (spelled "nausia" as printed).

Question 71 Biology

How many lobs in right lungs?

- A. 2
- B. 3 ✓ **Correct answer**
- C. 4
- D. 5

A. Wrong: the right lung has 3 lobes.

B. Correct: the right lung has 3 lobes.

C. Wrong: the right lung has 3 lobes.

D. Wrong: the right lung has 3 lobes.

72 Biology

Red Blood Cells remain in the body for ___ days. خون کے سرخ خلیے ___ دن تک جسم میں رہتے ہیں۔

- A. 30
- B. 60
- C. 120 ✓ **Correct answer**
- D. 150

A. Wrong: RBCs live about 120 days.

B. Wrong: RBCs live about 120 days.

C. Correct: red blood cells remain in the body for about 120 days.

D. Wrong: RBCs live about 120 days.

Question 73 Biology

Most common drug used for infection is _____. انفیکشن کے لیے استعمال ہونے والی سب سے عام دوا _____ ہے۔

- A. Panadol
- B. Paracetamol
- C. Brufin
- D. Pencilin ✓ **Correct answer**

A. Wrong: Panadol is paracetamol, not an antibiotic.

B. Wrong: paracetamol is an analgesic, not an antibiotic.

C. Wrong: Brufen is an anti-inflammatory.

D. Correct: penicillin (spelled "Pencilin" as printed) is the most common drug used for infection.

74 Pakistan Studies

Nandipur Power Plant is located in: نندی پور پاور پلانٹ کہاں واقع ہے

- A. India
- B. Gujranwala ✓ **Correct answer**
- C. Punjab
- D. Lahore

A. Wrong: Nandipur is not in India.

B. Correct: Nandipur Power Plant is near Gujranwala.

C. Wrong: Punjab is the province, not the location.

D. Wrong: Nandipur is not in Lahore.

Question 75 Biology

What is the name of the first part of the small intestine? چھوٹی آنت کے پہلے حصے کا نام کیا ہے؟

- A. jejunum
- B. duodenum ✓ **Correct answer**
- C. lleum
- D. all of them

A. Wrong: the jejunum is the second part.

B. Correct: the duodenum is the first part of the small intestine.

C. Wrong: the ileum is the third part.

D. Wrong: only B is correct.
