Source note: testpointpk.com reproduction, 'NTS Islamabad Police Constable Past Paper held in 2017 PDF' (accessed 13 Nov 2026). The listing shows 77 entries across 8 pages (10 per page, page 8 = 7); one entry is an exact duplicate of another (the Mikael question, Q42 here, appears twice identically), so 76 unique questions are covered. Every question carries a printed key marked in the page HTML. Two questions have 5 options (Q26, Q30). No second full reproduction found; answers verified independently. 73 VERIFIED + 3 DEFECTIVE-excluded (Q43, Q50, Q57), all decided by the assistant under the owner's 8 Nov 2026 delegation. 1 printed key corrected openly (Q60: summer desks = 17, not 68 — 68 is the spring count). Two questions (Q13, Q44) refer to events of 2018, after the stated 2017 sitting — the reproduction appears to be a composite, or the held-year label is approximate; the year is kept as 2017 per the book. Dedup 13 Nov 2026 vs all 77 live FPSC papers (6,942 stems): 0 exact matches, 0 first-8 matches — clean, not a duplicate paper.
