Source note: lexacademy.com.pk quiz-view page, 'LAT Past Paper — July 16, 2023' (all 75 MCQs with four options and a marked key each, Q1–Q75 contiguous, in the official section order — English 20, General Knowledge 20, Pakistan Studies 10, Islamic Studies 10, Mathematics 5, Urdu 10; accessed 9 Nov 2026). NOTE: this reproduction serves the Urdu block (Q66–Q75) before the Mathematics block (Q61–Q65) in page order; this file presents the questions in printed numeric order (Q61–Q65 Mathematics, then Q66–Q75 Urdu), which changes no stem, option or key. Unlike the newer lexacademy pages, this older page serves no reproduction explanations — every explanation below is original. Second source: HEC issued LAT answer keys for the test held on 16 July 2023 in all booklet colours (fsconline.info record of the HEC keys; 'HEC LAT Answer Keys 2023 & Result Test Date 16 July 2023'). 1 printed-key correction (Q22, currency of Afghanistan — corrected C to A, Afghani) and 3 PICK-ONE (Q2, Q71, Q72), all decided by the assistant under the owner's 8 Nov 2026 delegation. RECONSTRUCTION CAVEAT (recorded openly): the reproduction is a candidate-recall reconstruction of the 16 July 2023 LAT, not an official HEC paper — HEC does not publish LAT papers after the test; lexacademy's own book note states every paper in it 'has been reconstructed from candidates who sat that session, so it reflects the pattern and the standard of the real paper rather than being an official HEC document'. The sitting itself is confirmed (see second source above), the served set follows the official

pattern exactly, and every answer below was checked independently of the printed key. This is the same standing as 37ac (LAT 4 Feb 2024), 37ly, 37lz, 37ma and 37nk–37no. All decisions by the assistant under the owner's 8 Nov 2026 delegation.
