> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2024 sitting.

Source note: lexacademy.com.pk quiz-view page, 'LAT Past Paper — June 9, 2024' (all 75 MCQs with four options, a marked key and a short explanation each, in the official section pattern — English 20, Islamic Studies 10, Pakistan Studies 10, General Knowledge 20, Urdu 10, Mathematics 5 — with no duplicates in numbering; accessed 9 Nov 2026; lexacademy paperId 7). NOTE: on this page the Urdu block (Q61–Q70) is displayed before the Mathematics block (Q71–Q75); the questions are written here in numeric order. Second source: the sitting is confirmed independently of the reproduction — HEC held the LAT on Sunday 9 June 2024 (ETC announced the result and released the answer keys on 11 June 2024; the LAT360 contents list the 9 June 2024 paper at 75 MCQs). PICK-ONE (5, decided by the assistant under the owner's 8 Nov 2026 delegation): Q1, Q5, Q9, Q63, Q67 — each keeps the printed key with the other defensible option recorded openly. RECONSTRUCTION CAVEAT (recorded openly): the reproduction is a candidate-recall reconstruction of the 9 June 2024 LAT, not an official HEC paper — Lexacademy's own book note states plainly that HEC does not publish LAT question papers after the test and every paper has been reconstructed from candidates who sat that session. The sitting itself is confirmed (see second source), the served set follows the official LAT section pattern, and every answer below was checked independently of the printed key. This is the same standing as 37ac (LAT 4 Feb 2024), 37ly, 37lz and 37ma. All decisions by the assistant

vner's 8 Nov 2026 delegation.
