# Law Admission Test (LAT) — 2025 · Solved Past Paper

**Body:** Higher Education Commission (HEC) · **Post:** Law Admission Test (LAT) · **Year:** 2025 · **Questions:** 75 in the original paper — **75 solved and verified**, none excluded · **Price:** Free

> **How to use this paper:** each question shows the stem, the four options, and the correct answer. Click “Why each option?” under a question to see all four options explained — one question teaches four topics. General Knowledge answers are as of the 2025 sitting.

**Source note:** lexacademy.com.pk quiz-view page, 'LAT Past Paper — June 1, 2025' (all 75 MCQs with four options, a marked key and a short explanation each, in the official section order — English 20, General Knowledge 20, Pakistan Studies 10, Islamic Studies 10, Urdu 10, Mathematics 5 — with no duplicates in numbering; accessed 9 Nov 2026; lexacademy paperId 5). Second source: the sitting is confirmed independently of the reproduction — HEC's official LAT announcement (poster carried by the University of Sindh and others) set the registration deadline at 13 May 2025 and the test date at Sunday 1 June 2025, with roll-number slips issued from 23 May 2025 via etc.hec.gov.pk. PICK-ONE (decided by the assistant under the owner's 8 Nov 2026 delegation): Q61 ('کتاب کی جمع') — the printed key A (کتب) is kept; B (کتابیں) is also a correct plural of کتاب in Urdu, so both A and B are defensible and the keyed one is chosen, with the other recorded openly. RECONSTRUCTION CAVEAT (recorded openly): the reproduction is a candidate-recall reconstruction of the 1 June 2025 LAT, not an official HEC paper — Lexacademy's own book note states plainly that HEC does not publish LAT question papers after the test and every paper has been reconstructed from candidates who sat that session. The sitting itself is confirmed (see second source), the served set follows the official LAT section pattern, and every answer below was checked independently of the printed key. This is the same standing as 37ac (LAT 4 Feb 2024), 37ly, 37lz and 37ma. All decisions by the assistant

vner's 8 Nov 2026 delegation.

# Question 1 English

Similar word for CURIOUS

- A. Usual
- B. Bored
- C. Tired
- D. Strange ✓ **Correct answer**

**A.** Wrong: usual means ordinary or common, the opposite of curious in its "odd" sense.

## Question 71 Mathematics

If the sum of two angles in a quadrilateral is 200 degrees the sum of the other two is

- A. 100 degrees
- B. 120 degrees
- C. 160 degrees ✓ **Correct answer**
- D. 200 degrees

**A.** Wrong: 200 + 100 = 300, not 360.

**B.** Wrong: 200 + 120 = 320, not 360.

**C.** Correct: a quadrilateral's angles sum to 360, so 360 − 200 = 160.

**D.** Wrong: 200 + 200 = 400, not 360.

## Question 72 Mathematics

Solve 5 minus x equals 25

- A. 20
- B. minus 20 ✓ **Correct answer**
- C. 25
- D. 30

**A.** Wrong: 5 − 20 = −15, not 25.

**B.** Correct: 5 − x = 25 gives x = 5 − 25 = −20.

– 25 = −20, not 25.

**D.** Wrong: 5 − 30 = −25, not 25.

## Question 73 Mathematics

A 2 percent profit is gained on a Rs 300 item. Selling price

- A. 300
- B. 302
- C. 306 ✓ **Correct answer**
- D. 310

**A.** Wrong: that is the cost price, no profit.

**B.** Wrong: that is less than a 1% profit.

**C.** Correct: 2% of 300 is 6, so 300 + 6 = 306.

**D.** Wrong: that is more than a 3% profit.

## Question 74 Mathematics
