Source note: archive.org PDF 'PPSC-Foodgrains-Inspector-2013-Solved-Past-Papers.pdf' (stated source allresult.pk; accessed 9 Nov 2026, re-verified 13 Nov 2026), which serves Q1–Q80 only. Held 37nc file (79 items: Q1–Q58, Q60–Q80) cross-checked mechanically against the PDF 13 Nov 2026: 77 of 79 matched (75 exact + 2 fuzzy); held-unmatched Q58 (Sarkozy — the PDF's Q58 is garbled, only option A printed, the rest belonging to Q59) and Q73 (stem-wording artifact: the held stem includes the section header). PDF-only = zero buildable questions. 4 printed keys corrected on independent evidence: Q57 OIC Secretary-General filed D None of These (Madani took office only in Jan 2014; Ihsanoglu held the office through 2013), Q66 first international organisation filed D None of these (League of Nations 1920 predates UNO 1945, IMF 1944, WTO 1995), Q74 sacrosanct filed D None of these (means sacred/inviolable, not weak), Q75 FRAIL filed B week (means weak; strong is its antonym, and this section asks for meanings). 3 PICK-ONE: Q8 forest area 3.2% (paper's taught figure), Q12 Jinnah as League president 15 years (taught figure), Q58 Sarkozy filed A French President (held office 2007–2012; the only option naming the office he held). 21 unrecoverable gaps carried as GAP headings: Q59 (stem missing in the source itself — Wave 69, 9 Nov 2026: the Atif Pedia reproduction is the same 80-question

with the identical Q58/Q60 junction; only the four bare options survive) and Q81–Q100 (no known reproduction serves them; fresh hunt 13 Nov 2026 found nothing fuller; testpointpk 2494 already rejected by Wave 69 as a different paper, 0/83 stems overlap; allresult.pk unreachable). Dedup 13 Nov 2026 vs 1007 built files (78,331 stems, Unicode-aware norm): exact=48, first8=57 — top file 37of Food Grains Inspector 2011 (8 exact), then 37eg FPSC Customs Inspector (7); same-number pairwise check vs 37of: only 6 exact, 15 >=0.85, 2 with stem >=0.85 AND all four options, and 46 of 79 same-number keys differ — a different sitting sharing the standard GK bank, not a duplicate. Paper_id PPSC-2013-FOODGRAINS-INSPECTOR not live (no deploy artifact, no entry in any papers-index.json, staged-bundle sitemap carries only the 2011 paper).
